Naming Names

Claudia Ruitenber

Naming Names:

Naming Names Victor S. Navasky, 2013-10-01 Winner of the National Book Award The definitive history of Joe McCarthy the Hollywood blacklist and HUAC explores the events behind the hit film Trumbo Drawing on interviews with over one hundred and fifty people who were called to testify before the House Un American Activities Committee including Elia Kazan Ring Lardner Jr and Arthur Miller award winning author Victor S Navasky reveals how and why the blacklists were so effective and delves into the tragic and far reaching consequences of Joseph McCarthy s witch hunts A compassionate insightful and even handed examination of one of our country s darkest hours Naming Names is at once a morality play and a fascinating window onto a searing moment in American cultural and political history [Names and Naming](#) Oliviu Felecan, Alina Bugheșiu, 2021-08-19 This edited book examines names and naming policies trends and practices in a variety of multicultural contexts across America Europe Africa and Asia In the first part of the book the authors take theoretical and practical approaches to the study of names and naming in these settings exploring legal societal political and other factors In the second part of the book the authors explore ways in which names mirror and contribute to the construction of identity in areas defined by multiculturalism The book takes an interdisciplinary approach to onomastics and it will be of interest to scholars working across a number of fields including linguistics sociology anthropology politics geography history religion and cultural studies [The Oxford Handbook of Names and Naming](#) Carole Hough, 2016-05-03 In this handbook scholars from around the world offer an up to date account of the state of the art in different areas of onomastics in a format that is both useful to specialists in related fields and accessible to the general reader Since Ancient Greece names have been regarded as central to the study of language and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought The investigation of name origins is more recent as is the study of names in literature Relatively new is the study of names in society which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few decades The structure of this volume reflects the emergence of the main branches of name studies in roughly chronological order The first Part focuses on name theory and outlines key issues about the role of names in language focusing on grammar meaning and discourse Parts II and III deal with the study of place names and personal names respectively while Part IV outlines contrasting approaches to the study of names in literature with case studies from different languages and time periods Part V explores the field of socio onomastics with chapters relating to the names of people places and commercial products Part VI then examines the interdisciplinary nature of name studies before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals and explains the naming strategies adopted for them **Personal Names and Naming from an Anthropological-Linguistic Perspective** Sambulo Ndlovu, 2023-08-07 This book fills a gap in the literature as it uniquely approaches onomastics from the perspective of both anthropology and linguistics It addresses names and cultures from 16 countries and five continents

thus offering readers an opportunity to comprehend and compare names and naming practices across cultures. The chapters presented in this book explore the cultural significance of personal names, naming ceremonies, conventions, and practices. They illustrate how these names and practices perform certain culture-specific functions such as religion, identity, and social activity. Some chapters address the socio-political significance of personal names and their expression of self and otherness. The book also links the linguistic structure of personal names to culture by looking at their morphology, syntax, and semantics. It is divided into four sections. Section 1 demonstrates how personal names perform human culture. Section 2 focuses on how personal names index socio-political transitioning. Section 3 demonstrates religious values in personal names and naming, and Section 4 links linguistic structure and analysis of personal names to culture and heritage.

Perspectives on Latter-day Saint Names and Naming Dallin D. Oaks, Paul Baltes, Kent Minson, 2023-03-01. This book explores Perspectives on Latter-day Saint Names and Naming approaches, cultural, historical, and doctrinal dimensions of The Church of Jesus Christ of Latter-day Saints through a fresh lens that explores how these dimensions intersect with names and naming. Featuring a collection of chapters from multiple authors, its bipartite structure examines fascinating topics in relation to the Church, looking first at cultural and historical perspectives before analyzing doctrinal and scriptural perspectives. The book discusses such matters as how contemporary naming practices of Latter-day Saints compare to those outside the faith, how code names were used in one of the faith's books of scripture to protect Church leaders from persecution, and how names and naming relate to the covenant identity of Church members. Through its fresh approach to understanding religious identity and belief in relation to The Church of Jesus Christ of Latter-day Saints, this book is an invaluable resource for scholars and students of Mormon studies and will also be of interest to people with a fascination with names and naming issues as those occur in a variety of settings, including religious ones.

Names, Naming, and the Law I. M. Nick, 2023-09-29. Across many social and commercial domains, governments regulate the official names used to identify individuals, groups, places, companies, products, and even diseases. This innovative volume investigates the relationship between names and the law with its significant implications for identity, individual, familial, race, ethnicity, gender, species, brand, product, industry, etc., and status, social, scientific, economic, and political. I. M. Nick introduces the state of the art on this interdisciplinary topic, providing a diachronic and synchronic view of onomastics and the law, and expert contributors examine seminal Anglo-American legal cases to demonstrate how name policies relate to broader questions of power, privilege, and politics. Each chapter offers an overview of key issues in onomastics and language policy across multiple geo-cultural contexts and applies the interdisciplinary insights to real-world policies. This book is a valuable resource for scholars of legal linguistics, forensic linguistics, onomastics, language policy, and cultural studies.

Rhetorics of Names and Naming Star Medzerian Vanguri, 2016-01-29. This volume takes up rhetorical approaches to our primarily linguistic understanding of how names work, considering how theories of materiality in rhetoric enrich conceptions of the name as word or symbol and help explain the processes of name bestowal, accumulation, loss, and

theft Contributors theorize the formation modification and recontextualization of names as a result of technological and cultural change and consider the ways in which naming influences identity and affects grants power The Postcolonial Condition of Names and Naming Practices in Southern Africa Tendai Mangena, Oliver Nyambi, Charles Pfukwa, 2016-08-17

The Postcolonial Condition of Names and Naming Practices in Southern Africa represents a milestone in southern African onomastic studies The contributors here are all members of and speakers of the cultures and languages they write about and together they speak with an authentic African voice on naming issues in the southern part of the African continent The volume s overarching thesis is that names are important yet often underestimated socio politico cultural sites on which some of the most significant events and processes in the post colony can be read The onomastic topics covered in the book range from the names of traditional healers and male aphrodisiacs to urban landscapes and street naming from the interface between Chinese and African naming practices to the names of bands of musicians and mini bus taxis There is a strong section on literary onomastics which explores how names have been variously deployed by southern African fiction writers for certain semantic aesthetic and ideological effects The cultures and languages covered in this volume are equally wide ranging and while some authors focus on single languages and cultures for example Thembu Xhosa Shona others look at inter cultural influences such as the influence of the Portuguese and Chinese languages on Shona naming Written by Professor Adrian Koopman Emeritus Professor University of KwaZulu Natal

Name Meaning **Names in Focus** Terhi Ainiala, Minna Saarelma, Paula Sjöblom, 2018-03-16 *Names in Focus* delves deep into the vast field of Finnish onomastics covering place names personal names animal names commercial names and names in literature It provides the history and current trends in this area of research and also supplements international terminology with the Finnish point of view on the subject Brimming with examples and clear explanations the book can be enjoyed by the most studious of researchers as well as the casual reader who has a genuine interest in the study of names

What's in a Name? Joan Booth, Robert Maltby, 2006-12-31 Latin poets and prose writers of the classical period and later used and withheld names subtly and to important effect Here in eleven new essays an eminent international cast explore themes which include speaking names often involving bilingual Latin Greek play the ways in which persons and objects are named in contexts of invective or endearment the significant suppression or changing of names the religious and historical significances of names the uses of names in literary catalogues names as devices to structure a group of shorter poems

Name Games Michael Craft, 2001-05 Mark Manning once a prominent journalist at a major daily newspaper in Chicago is now the owner and publisher of the Dumont Daily Register the daily paper in a small Wisconsin city Here the biggest news is the impending city council report on a proposed new adult bookstore zoning law the upcoming election for Sheriff and the upcoming annual exhibition of the Midwest Miniatures Society In a unique coup for the first ever miniatures exhibition in Dumont the king of miniatures Mr Carroll Cantrell has agreed to come and judge the show s main event But the exhibition itself is quickly shoved off the front page of the paper when Cantrell is found murdered in his room To make matters worse Doug Pierce the local sheriff is widely believed to be responsible Pierce a closeted gay man and friend of Mark Manning had been carrying on an affair with Cantrell and was the last person seen leaving his room before the body was discovered As conservative elements in Dumont attempt to exploit the murder and the sheriff s association with the deceased to their own ends Manning with the help of his lover architect Neil Waite his staff and friends starts his own investigation of the murder With Cantrell having led something of a double life with no end of potential enemies and the miniatures world itself being a hot bed of rivalries and closely held resentments the truth begins to feel very elusive indeed As public sentiment begins to swing and time running out for Sheriff Pierce Mark must uncover some of this close knit town s most deeply held secrets if he s to learn the truth in time

Names New and Old Edwin Wallace McMullen, 2002 These essays tell the story of geographic literary personal and various other types of names Information on names is offered chronologically from 1391 up to the present time and the hip lit names used in Bret Easton Ellis s *Less than Zero* There are also technical studies such as the names of drugs in the world of street Spanish and the sound patterns of proper names in the English language **The Garden of Reality** Roland Faber, 2018-06-20 *The Garden of Reality* contemplates the relativity of religious truth religious pluralism transreligious discourse postmodern cosmology and multireligious mysticism Its transreligious approach aims at a future multireligious peaceful society in an ecological and cosmic context It proposes that the future of humanity is bound to

conviviality with itself and the Earth that the deepest religious motivations of existing together are relative to one another and that transreligious relativity is essential to the conviction of religions that their motivations experiences and conceptualities are meaningful real and true By engaging diverse voices from poststructuralism to Sufism Dzogchen and philosophical Daoism from conceptual frameworks of Christianity and Hinduism to mystical and postmodern cosmology current cosmopolitanism and interreligious and interspiritual discourses but especially understudied contributions of process thought and the Bah religion this book suggests that multireligious conviviality must listen to the universal relevance of a multiplicity of minority voices Its polyphilic pluralism affirms the mutual immanence and co creative nature of religions and spiritualities with the universal in sistance of divine or ultimate reality in the cosmos Embracing a relativistic and evolutionary paradigm in an infinite cosmos of creative becoming religions must cope with events of novelty that disturb and connect transcend and contrast the continuum of their truth claims but must avoid conflict as religious diversity is enveloped by an ever folding landscape of ultimate reality

Paternity, Progeny, and Perpetuation Steffan Mathias, 2020-05-14 This book offers a fresh perspective on the importance of progeny and perpetuation of the family line in the Hebrew tradition Steffan Matthias argues that the Hebrew bible depicts failing to protect the transmission of the family line as both a failure in the social order a threat to the afterlife and a failure in masculinity leading to the eradication of the name and memory of the man and the destruction of the household Using the work of Pierre Bourdieu as well as anthropological and gender critical insights Matthias reassess pertinent texts which respond to the threat of men dying without children such as levirate marriage Deut 22 5 10 or the erection of monuments Isa 56 5 8 Themes such as death burial and memorial identity covenant name genealogy property seed and sexuality rather than being treated as separate parts of social or family life are critically assessed in light of each other Matthias instead illustrates how they form part of the same discourse of social reproduction in which the integrity of the family is protected and passed down from father to son in generations of descendants Paternity Progeny and Perpetuation raises profound questions regarding the subtle ways texts that respond to this threat of social annihilation the destruction of the father and his line reinforce social boundaries and construct men as transmitters of identity and women as submissive counterparts

Names and Nunavut Valerie Alia, 2007 On the surface naming is simply a way to classify people and their environments The premise of this study is that it is much more a form of social control a political activity a key to identity maintenance and transformation Governments legislate and regulate naming people fight to take keep or change their names A name change can indicate subjugation or liberation depending on the circumstances But it always signifies a change in power relations Since the late 1970s the author has looked at naming and renaming cross culturally and internationally with particular attention to the effects of colonisation and liberation The experience of Inuit in Canada is an example of both Colonisation is only part of the Nunavut experience Contrary to the dire predictions of cultural genocide theorists Inuit culture particularly traditional naming has remained extremely strong and is in the midst of a

renaissance Here is a ground breaking study by the founder of the discipline of political onomastics Pub website *What Do Philosophers of Education Do?* Claudia Ruitenberg, 2010-05-18 This volume of essays demonstrates and comments on philosophical methods in educational research Offers a clear picture of what philosophers do when they study education Brings together a series of essays from an international cast of contributors from Canada UK Finland and Cyprus Examines a range of new and established philosophical methods which can be used in educational research Demonstrates how philosophy of education can be understood methodologically Draws from both Continental and Analytical traditions Fills a gap in the research methods literature in education and the social sciences
