

ELDRITCH PACTS

You have forged a pact with an otherworldly being, granting you untold power. Each pact is detailed here.

ARCANE PACT

You have forged a pact for the ability to manipulate arcane power, pledging yourself to an entity in order to wield magic. This entity may be a powerful magus, a lich, or even a dragon that possesses the secrets of magic. In making this pact, you may search for lost lore and hidden secrets for your patron or slay the foes who threaten your patron's goals. Such powerful archmages who could make a pact with a warlock could be the Archmage Elminster Aumar, the Red Wizard Szass Tam, or the High Lady Alustriell Silverhand.

Arcane Quirks

You potentially consigned your soul for power. Your pact may alter you, manifesting as a quirk.

d6 Quirk

- 1 You have tattoos of arcane formulas.
- 2 You mutter verbal components of spells in your sleep.
- 3 Arcane glyphs float and flit around you.
- 4 Esoteric arcane runes adorn your body.
- 5 Your eyes appear to be precious gemstones.
- 6 You carry a magical trinket of importance to you.

ARCANE MAGIC

1st-level arcane pact feature

Your Eldritch Blast and Accursed Hex deals acid, cold, fire, lightning, or poison damage.

Furthermore, the magical knowledge you have learned allows you to apply its knowledge to your understanding of eldritch magic. You can cast one spell of your choice from the wizard spell list without a spell slot. The chosen spell must be of a level equal to half your warlock level (rounded up, maximum 9th level).

You cannot use this ability again until you finish a short or long rest.

If you use this feature to cast a spell of 6th level or higher, you cannot use this ability again until you finish a long rest.

ELDRITCH MANIPULATION

6th-level arcane pact feature

Your understanding of magic allows you to manipulate it when magic is forcibly used in spells. Whenever a creature casts an effect that affects an area, you can use your reaction to shift that area of effect by 5ft in a direction of your choice.

At 10th level, you can move the area up to 10 feet, and at 17th level, you can instead shift the area of effect up to 15ft.

SPELL BREAKER

10th-level arcane pact feature

Your patron's arcane understanding flows into you, allowing you to foil the arcane powers of your foes.

As a reaction to when a creature casts a spell within 60 feet of you, you can make an ability check using your spellcasting ability + your proficiency modifier. The DC equals 10 + the spell's level. On a success, the creature's spell fails and has no effect.

You can do this a number of times equal to your proficiency modifier. You regain all expended uses when you finish a long rest.

DARK MAGISTER

14th-level arcane pact feature

Your understanding of magic is almost abyssal, allowing you to draw more arcane magic to your whims. You can use your Arcane Magic feature to cast an additional spell of 5th level or lower between rests.

Power Profane:

Powers Julia Jorati, 2021 Why does a wine glass break when you drop it whereas a steel goblet does not The answer may seem obvious glass unlike steel is fragile This is an explanation in terms of a power or disposition the glass breaks because it possesses a particular power namely fragility Seemingly simple such intrinsic dispositions or powers have fascinated philosophers for centuries A power's central task is explaining why a thing changes in the ways that it does rather than in other ways powers should explain why an acorn turns into an oak tree not a sunflower or why fire burns wood and wood can catch fire This volume examines the twists and turns of the fascinating history of a difficult philosophical concept focusing on the metaphysical sense of powers that is the powers that are invoked in the explanation of natural changes and activities Scholars probe the views of thinkers from antiquity to the present day Anaxagoras Plato the Stoics Abelard Anselm Henry of Ghent Gottfried Wilhelm Leibniz Margaret Cavendish Mary Shepherd Immanuel Kant Georg Wilhelm Friedrich Hegel and numerous others In addition the volume contains four short reflection essays that examine the concept of powers from the perspective of disciplines other than philosophy namely history of music West African religions history of chemistry and history of art The history of philosophy brims with controversies surrounding the concept of power and these controversies have not diminished particularly as potentialities or powers see a revival in contemporary analytic metaphysics Hence telling the history of philosophical theories of powers means exploring the trajectory of a concept whose importance to the past and present of philosophy can hardly be overstated *Theology and Embodiment* Melissa Raphael, 1996-03-01 Theology and Embodiment both analyses and contributes to spiritual feminism's postmodern construction of the female body as a metaphor and medium of divine generativity Addressing religious studies and women's studies students and all those interested in contemporary spirituality Raphael counters reformist feminism's recurrent criticism of goddess feminism as naively essentialist and sub political She presents spiritual feminism as a set of religious political manoeuvres that powerfully resist such patriarchal degradations of female natural generativity as environmental destruction weight reducing diets and menstrual taboos **Illness and Healing among the Sakhalin Ainu** Emiko Ohnuki-Tierney, 2014-05-08 Originally published in 1981 this book explores the issue of how a society understands human illness in the absence of a germ theory This is done through an interpretation of the illness categories and healing practices of the Sakhalin Ainu a hunting and gathering people resettled in Japan The text illustrates how illnesses relate to the Ainu view of the universe and how their medical system is intimately interwoven with their moral cosmology and social networks Even such minor ailments as headaches and boils are meticulously classified to mirror the classifications of such basic perceptual structures as space and time With the Ainu medical system as an example this book probes questions central to research in symbolic medical and linguistic anthropology structuralism and the anthropology of women *The Profane Profound* Pasquale De Marco, 2025-05-16 Prepare to embark on a linguistic adventure like no other as we delve into the captivating world of

On the New Boris Groys,2014-07-22 *On the New* looks at the economies of exchange and valuation that drive modern culture s key sites the intellectual marketplace and the archive As ideas move from one context to another newness is created This continuous shifting of the line that separates the valuable from the worthless culture from profanity is at the center of Boris Groys s investigation which aims to map the uncharted territory of what constitutes artistic innovation and what processes underpin its recognition and appropriation *Sacred and Profane in Chaucer and Late Medieval Literature* Will Robins,2010-01-01 Literary depictions of the sacred and the secular from the Middle Ages are representative of the era s widely held cultural understandings related to religion and the nature of lived experience Using late Medieval English literature including some of Chaucer s writings these essays do not try to define a secular realm distinct and separate from the divine or religious but instead analyze intersections of the sacred and the profane suggesting that these two categories are mutually constitutive rather than antithetical With essays by former students of John V Fleming the collection pays tribute to the Princeton University professor emeritus through wide ranging scholarship and literary criticism Including reflections on depictions of Bathsheba Troilus and Criseyde the Legend of Good Women Chaucer s Pardoner and Margery Kempe these essays focus on literature while ranging into history philosophy and the visual arts Taken together the work suggests that the domain of the sacred as perceived in the Middle Ages can variously be seen as having a hierarchical or a complementary relationship to the things of this world Jesus and the Reign of God Choan-Seng Song,1993-01-01 Song s

theology is a startling rebuke to Christologies centered either in historical critical searches or church doctrines For Song
 theology is the biography of God and God s reign is evident in stories of God s saving presence in Jesus The reign of God in
 Jesus becomes manifest through movements of people to be free from the shackles of the past to change the status quo of the
 present and to have a role to play in the arrival of the future *Unceasing Worship* Harold M. Best,2009-08-20 Harold M
 Best casts a holistic vision for worship that transcends narrow discussions of musical style or congregational preference
 corrects errors in how Christians have viewed the arts and misunderstandings about the use of music and offers instead a
 more biblically consistent approach to artistic action Rethinking the Political Simonetta Falasca-Zamponi,2011-12-19
 Rethinking the Political demonstrates that the Coll ge de Sociologie s quest to create a new place for the sacred in modern
 collective life ostensibly entailed avoiding the theorization of both aesthetics and politics While the Coll ge condemned
 manipulation by totalitarian regimes its understanding of community also led to a rejection of democratic and communist
 forms of political organization leaving the group open to accusations of flirting with fascism Acknowledging these political
 ambiguities the author goes beyond a narrow ideological reading to reveal the Coll ge s important contribution to our
 thinking about the relationships between community formation politics aesthetics and the sacred in the modern world She
 expands her historical account of the members thought including their relationship to Surrealism beyond the group s
 dissolution and shows how the work of Claude Lefort extends but also resolves many of the Coll ge s key theoretical insights
 A fascinating study of some of the twentieth century s most daring thinkers Rethinking the Political offers crucial insights
 into the contradictions at play in modern notions of community that still resonate today The Theology and Philosophy of
 Eliade C. Olson,1992-07-21 The primary focus of this study is to view Eliade as not only a historian of religions but also as a
 theologian a philosopher novelist and as someone engaged in cross cultural dialogue with other religious traditions Besides
 attempting to view Eliade s work from a variety of perspectives this study contends that the scholarly work of Eliade cannot
 be separated from his own personal quest for meaning **The Shakedown** Pasquale De Marco,2025-07-23 Embark on a

relation to Enlightenment ideals and the modern social sciences and humanities two systems of thought that have in the past appeared radically opposed but which are brought together here under the rubric of modern ethnographic knowledge Linking Jesuit texts the rhetorical tradition and the newly emerging anthropology of the Enlightenment this collection traverses the vast expanses of Old and New World France and Spain in fascinating new ways Paul, Philosophy, and the Theopolitical Vision Douglas Harink, 2010-02-12 The apostle Paul was a man of many journeys We are usually familiar with the geographical ones he made in his own time This volume traces others Paul's journeys in our time as he is co-opted or invited to travel sometimes as abused slave sometimes as trusted guide with modern and recent Continental philosophers and political theorists Kierkegaard Nietzsche Heidegger and Benjamin Taubes Badiou Žižek and Agamben Paul journeys here among the philosophers In these essays you are invited to travel with them into the regions of philosophy hermeneutics political theory and theology You will certainly hear the philosophers speak But Paul will not remain silent Above the sounds of the journey his voice comes through loud and clear **Evil in Modern Myth and Ritual** Richard Stivers, 2020-04-28 Richard Stivers' concern is with the social construction of evil that is with how modern societies in a partly unconscious way create evil as a category of the sacred and how symbols myths and rituals of evil are related to this He is interested moreover in how modern societies provoke individuals to commit evil actions This fascinating and stimulating book is the first attempt to work out in detail how the concepts of the sacred symbol myth and ritual form a cultural configuration in modern technological societies and not just in traditional societies
