**Prayer for the Little City** Sydney Lea, 1991      **The Continuum Encyclopedia of American Literature** Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making this comprehensive single volume literary survey is for the student scholar and general reader The Continuum Encyclopedia of American Literature represents a collaborative effort involving 300 contributors from across the US and Canada Composed of more than 1 100 signed biographical critical entries this Encyclopedia serves as both guide and companion to the study and appreciation of American literature A special feature is the topical article of which there are 70      City Poems Alexander Smith, 1857      *Six Sundays toward a Seventh* Sydney Lea, 2012-01-01 These poems selected from the award winning poet's output over four decades more explicitly than any of his prior volumes address the centrality of Christian vision to his aims and aspirations Lea looks unflinchingly at all that may challenge his faith the cruelties of both natural and human worlds the attractions of jolly good hearted secularism the distortions of doctrinaire religiosity the seeming pointlessness of untimely deaths but his faith in Christian redemption shines through even the bleakest of his poems      **To the Bone** Sydney Lea, 1996 This is the first comprehensive study in the English language of the commentaries of Didymus the Blind who was revered as the foremost Christian scholar of the fourth century and an influential spiritual director of ascetics The writings of Didymus were censored and destroyed due to his posthumous condemnation for heresy This study recovers the uncensored voice of Didymus through the commentaries among the Tura papyri a massive set of documents discovered in an Egyptian quarry in 1941 This neglected corpus offers an unprecedented glimpse into the internal workings of a Christian philosophical academy in the most vibrant and tumultuous cultural center of late antiquity By exploring the social context of Christian instruction in the competitive environment of fourth century Alexandria Richard A Layton elucidates the political implications of biblical interpretation Through detailed analysis of the commentaries on Psalms Job and Genesis the author charts a profound tectonic shift in moral imagination as classical ethical vocabulary becomes indissolubly bound to biblical narrative Attending to the complex interactions of political competition and intellectual inquiry this study makes a unique contribution to the cultural history of late antiquity

*Writers on Writing* Robert Pack, Jay Parini, 1991 From deeply personal perspectives two dozen established writers ponder the mystery of their art and such fundamentals as What is a genuine writing impulse Why does good writing work How is writing learned What is the role of craft and technique Who is meant to be a writer How is close reading related to good writing The volume is peppered with critical perspectives and practical advice yet its special richness and inspiration lie in the wonderment and deep love for the act of writing expressed by each contributor Each essay is a joy to read blending storytelling literary anecdotes gathered from a lifetime of avid reading and the kind of shoptalk exchanged between colleagues Writers will find here camaraderie and encouragement teachers of writing will hear practical testimony to what works and readers will come away with a renewed awe for the spell cast by good writing From back cover      The Oxford

**Selected Poems of Solomon Ibn Gabirol** Solomon Ibn Gabirol, 2016-06-30 Poet philosopher and sensitive misanthrope a spectacular fly in the ointment of the refined eleventh century Andalusian Jewish elite Solomon Ibn Gabirol comes down to us as one of the most complicated intellectual figures in the history of post biblical Judaism Unlike his worldly predecessor Shmuel HaNagid the first important poet of the period Ibn Gabirol was a reclusive mystically inclined figure whose modern sounding medieval poems range from sublime descriptions of the heavenly spheres to poisonous jabs at court life and its pretenders His verse which demonstrates complete mastery of the classicizing avant garde poetics of the day grafted an Arabic aesthetic onto a biblical vocabulary and Jewish setting taking Hebrew poetry to a level of metaphysical sophistication and devotional power it has not achieved since Peter Cole s selection includes poems from nearly all of Ibn Gabirol s secular and liturgical lyric genres as well as a complete translation of the poet s long masterwork *Kingdom s Crown* Cole s rich inventive introduction places the poetry in historical context and charts its influence through the centuries Extensive annotations accompany the poems This companion volume to Peter Cole s critically acclaimed *Selected Poems of Shmuel HaNagid* presents the first comprehensive selection of Ibn Gabirol s verse to be published in English and brings to life an astonishing body of poetry by one of the greatest Jewish writers of all time

**The Genesis of the Chicago Renaissance** Mary Hricko, 2013-09-05 This study examines the genesis of Chicago s two identified literary renaissance periods 1890 1920 and 1930 1950 through the writings of Dreiser Hughes Wright and Farrell The relationship of these four writers demonstrates a continuity of thought between the two renaissance periods By noting the affinities of these writers patterns such as the rise of the city novel the development of urban realism and the shift to modernism are identified as significant connections between the two periods Although Dreiser Wright and Farrell are more

commonly thought of as Chicago writers this study argues that Langston Hughes is a transitional pivotal figure between the two periods Through close readings and contextualization the influence of Chicago writing on American literature in such areas as realism and naturalism as well as proletarian and ethnic fiction becomes apparent
