Prayer In Greek Religion:

Prayer in Greek Religion Simon Pulleyn, 1997 Hittite Texts and Greek Religion Ian Rutherford, 2020-09-23 Our knowledge of ancient Greece has been transformed in the last century by an increased understanding of the cultures of the Ancient Near East This is particularly true of ancient religion This book looks at the relationship between the religious systems of Ancient Greece and the Hittites who controlled Turkey in the Late Bronze Age 1400 1200 BC The cuneiform texts preserved in the Hittite archives provide a particularly rich source for religious practice detailing festivals purification rituals oracle consultations prayers and myths of the Hittite state as well as documenting the religious practice of neighbouring Anatolian states in which the Hittites took an interest Hittite religion is thus more comprehensively documented than any other ancient religious tradition in the Near East even Egypt The Hittites are also known to have been in contact with Mycenaean Greece known to them as Ahhiyawa The book first sets out the evidence and provides a methodological paradigm for using comparative data It then explores cases where there may have been contact or influence such as in the case of scapegoat rituals or the Kumarbi Cycle Finally it considers key aspects of religious practices shared by both systems such as the pantheon rituals of war festivals and animal sacrifice The aim of such a comparison is to discover clues that may further our understanding of the deep history of religious practices and when used in conjunction with historical data illuminate the differences between cultures and reveal what is distinctive about each of them **New Prayers of Old Hellas** Chris

Aldridge, 2015-08-10 Are you a practitioner of Hellenism or a lover of ancient Greek religion and culture If so you can add over 100 prayers to your Hellenic library with *New Prayers of Old Hellas* Composed by an American Hellenist contained within these pages are numerous new prayers to Gods Spirits and Heroes of old Greece Originally published in August 2015

Prayer in John's Farewell Discourse Scott Adams, 2020-03-12 It was reported that a doctoral student at Princeton once asked Albert Einstein What is there left in the world for original dissertation research He replied by saying Find out about prayer Somebody must find out about prayer Since Einstein's day a great deal has been written on the topic of prayer in general However relatively little has been written about prayer in John's Farewell Discourse in particular Therefore this analysis not only seeks to understand the relationship between Johannine and Jewish Greco Roman and Christian prayer traditions but also seeks to discern the unique function and application of prayer as it is prescribed in the Farewell Discourse

Christ the Liturgy William Daniel, 2020-06-25 We are Homo liturgicus liturgical beings But what is liturgy What does it mean to do liturgy How is liturgy related to the agency of God in the world In this profound work William Daniel discloses liturgy as the inner movement of the triune God into which creation is gathered by and through Christ who is Liturgy Christ the Liturgy is a work of historical and liturgical theology that articulates how we make manifest both our true selves and God through bodily comportment and particular movements Daniel explores the participatory nature of liturgy how we encounter our natural nature in measure with our involvement in the agency of Christ which in turn is inseparable from the

comportment and movements of others the spatial realities of our environment and the grammatical structure and language used to account for each All are interwoven and affect our capacity to know and experience ourselves as bearers of divine agency as beings known by God Christ centered at every turn and grounded in scripture Daniel s work situates human agency within the Agency of God the Liturgy who is a participatory ontology materialized through dispositions of faith

Prayer in Josephus Tessel Marina Jonquière,2007 This book is an analysis of prayer in the works of Flavius Josephus comprising a study of Josephus own views and an analysis of 32 prayer texts within his narrative New light is thus shed on his historiographic method and his theology **Library of Congress Subject Headings** Library of Congress. Neyrey,2007-08 The New Testament worship prayer the list of books and articles on these topics is not a short one Amid the cacophony of interpretive voices Jerome Neyrey offers an intriguing descant as he aims to bring readers into an understanding and appreciation of the otherness of the culture in which the Christian scriptures and early church worship came to be In Give God the Glory Neyrey reads select biblical texts in terms of social science models and the theory of communication He examines New Testament passages in the context of both the Hebraic ethos and the Greco Hellenistic culture in which these scriptures were conceived and written Neyrey also looks at New Testament prayer and worship in relation to other ancient literature particularly the writings of Philo the Didache and Justin s First Apology Illuminating the New Testament texts in their original light this book focuses on interpretation rather than history supplementing and enhancing the existing wealth of scholarship The Monastic School of Gaza Brouria Bitton-Ashkelony,Aryeh Kofsky,2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century producing a wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the

historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity Rhetoric and Religion in Ancient Greece and Rome Sophia Papaioannou, Andreas Serafim, Kyriakos Demetriou, 2021-10-25 It is perhaps a truism to note that ancient religion and rhetoric were closely intertwined in Greek and Roman antiquity Religion is embedded in socio political legal and cultural institutions and structures while also being influenced or even determined by them Rhetoric is used to address the divine to invoke the gods to talk about the sacred to express piety and to articulate refer to recite or explain the meaning of hymns oaths prayers oracles and other religious matters and processes The 13 contributions to this volume explore themes and topics that most succinctly describe the firm interrelation between religion and rhetoric mostly in but not exclusively focused on Greek and Roman antiquity offering new interdisciplinary insights into a great variety of aspects from identity construction and performance to legal political practices and a broad analytical approach to transcultural ritualistic customs The volume also offers perceptive insights into oriental i e Egyptian magic texts and Christian literature Aeschylus: Seven Against Thebes Isabelle Torrance, 2013-11-20 One of our earliest surviving Greek tragedies Aeschylus Seven Against Thebes is an extraordinarily rich poetic text It dramatises the civil war between the sons of Oedipus Polynices the exile and Eteocles reigning king of Thebes Polynices marches on Thebes to regain his throne along with six other champion warriors and their armies but the expedition is doomed and the meaning of Oedipus enigmatic curse on his sons ultimately becomes clear through their simultaneous fratricide and the extinction of the Theban house This book places the drama within the context of the connected trilogy of which it was a part It investigates the play s tensions between city and family and the omnipresence of curse and ritual within the religious and political environment of fifth century Greece The drama s focus on the world of male warriors and its stark opposition of the sexes through the female Chorus is analysed in terms of warrior ideology in epic and Greek understanding of appropriate behaviour Finally it explores the complex legacy of the play through its influence on Sophocles and Euripides and shows how the drama s condemnation of civil war has been exploited as an analogue for events in modern history This is part of a series of accessible introductions to ancient tragedies Each volume discusses the main themes of a play and the central developments in modern criticism while also addressing the play s historical context and the history of its performance and adaptation **Jewish Worship in Philo of Alexandria** Jutta Leonhardt, Jutta Leonhardt-Balzer, 2001 As a knowledgeable contemporary of the later Second Temple Philo of Alexandria s approach to worship and his view of the essence of Jewish worship are of particular interest to the study of that period Jutta Leonhardt discusses his views on the Jewish festivals especially the Sabbath on prayer psalms hymns praise and thanksgiving and on Temple offerings sacrifices and purification rites These aspects are presented with their parallels in Jewish and pagan

traditions and in Greek and Hellenistic philosophy Jewish worship in Philo has never been studied as a coherent whole before Only individual aspects of worship such as prayer of petition or thanksgiving or Philo has been used in studies on Second Temple Judaism as a quarry for general examples of acts of worship Philo accepted and participated in Jewish worship and even knew about details of various Jewish traditions of his time His writings however do not refer to them directly and cannot easily be used to reconstruct Jewish rituals of his time His main aim is to discuss the rites as collected in the Mosaic Torah since these are binding for all Jews These laws are frequently presented using the terminology of pagan cults and interpreted with recourse to Greek philosophy In this philosophical description of actual rites there are parallels to Plato's references to religion in the ideal state in the *Nomoi* Philo presents Judaism as the ultimate Hellenistic cult which combines the various aspects of the different pagan cults in a sublime and perfect form to represent mankind and the universe in the worship of the one God who created the world

The Oxford Handbook of Early Christian Ritual Risto Uro, Juliette Day, Rikard Roitto, Richard E. DeMaris, 2019 The Handbook provides an indispensable account of the ritual world of early Christianity from the beginning of the movement up to the end of the sixth century *Prayer and Worship in Eastern Christianities, 5th to 11th Centuries* Brouria Bitton-Ashkelony, Derek Krueger, 2016-10-04 *Prayer and Worship in Eastern Christianities 5th to 11th Centuries* forges a new conversation about the diversity of Christianities in the medieval eastern Mediterranean centered on the history of practice looking at liturgy performance prayer poetry and the material culture of worship It studies prayer and worship in the variety of Christian communities that thrived from late antiquity to the middle ages Byzantine Orthodoxy Syrian Orthodoxy and the Church of the East Rather than focusing on doctrinal differences and analyzing divergent patterns of thought the essays address common patterns of worship individual and collective prayer hymnography and liturgy as well as the indigenous theories that undergirded Christian practices The volume intervenes in standard academic discourses about Christian difference with an exploration of common patterns of celebration commemoration and self discipline Essays by both established and promising younger scholars interrogate elements of continuity and change over time before and after the rise of Islam both under the control of the Eastern Roman Empire and in the lands of successive caliphates Groups distinct in their allegiances nevertheless shared a common religious heritage and recognized each other even in their differences as kinds of Christianity A series of chapters explore the theory and practice of prayer from Greco Roman late antiquity to the Syriac middle ages highlighting the transmission of monastic discourses about prayer especially among Syrian and Palestinian ascetic teachers Another set of essays examines localization of prayer within churches through inscriptions donations dedications and incubation Other chapters treat the composition and transmission of hymns to adorn the liturgy and articulate the emotions of the Christian calendar structuring liturgical and eschatological time
