In Praise of Worship David J. Cohen, Michael Parsons, 2010-06-01 Drawing together scholars from fields of biblical studies systematic theology liturgics and pastoral theology In Praise of Worship questions an overemphasis on singing and music alone as worship in today's church Whilst not minimizing moments of conscious and deliberate worship the authors show that according to a close reading of Scripture and a clear understanding of theology the whole of our lives is to be considered as worship glorifying to the Lord who deserves such honor Contributors Nancy Ault Alastair Campbell David J Cohen David G Firth Travis Fitch Michael W Goheen Stephen Haar Brian S Harris Chris Jack Angela McCarthy Alan Niven John W Olley Michael O Neil Robin Parry Michael Parsons Michael J Quicke

Worship Wars in Early Lutheranism Joseph Herl, 2008 How important was music to Martin Luther Drawing on hundreds of liturgical documents contemporary accounts of services books on church music and other sources Joseph Herl rewrites the history of music and congregational song in German Lutheran churches Herl traces the path of music and congregational song in the Lutheran church from the Reformation to 1800 to show how it acquired its reputation as the singing church In the centuries after its founding in a debate that was to have a strong impact on Johann Sebastian Bach and his contemporaries the Lutheran church was torn over a new style of church music that many found more entertaining than devotional By the end of the eighteenth century Lutherans were trying to hold their own against a new secularism and many members of the clergy favored wholesale revision or even abandonment of the historic liturgy in order to make worship more relevant in contemporary society Herl paints a vivid picture of these developments using as a backdrop the gradual transition from a choral to a congregational liturgy The author eschews the usual analyses of musical repertoire and deals instead with events people and ideas drawing readers inside the story and helping them sense what it must have been like to attend a Lutheran church in the sixteenth through eighteenth centuries Parallel developments in Catholic churches are discussed as are the rise of organ accompaniment of hymns and questions of musical performance practice Although written with academic precision the writing is clear and comprehensible to the nonspecialist and entertaining anecdotes abound Appendixes include translations of several important historical documents and a set of tables outlining the Lutheran mass as presented in 172 different liturgical orders The bibliography includes 400 Lutheran church orders and reports of ecclesiastical visitations read by the author

Worship Workbook, Series II, Cycle C Wayne H. Keller,2000-06 The most impressive thing about Wayne Keller s body of ideas for worship throughout the Christian Year is his boldness He is bold in demanding that we his colleagues in liturgical leadership plan worship that has to do with the reality of our congregations experience in the world rather than just leading people through a proper agenda of acts and words that have no bearing on what we do the rest of the week He is bold in challenging us to bring that real world with its pains and its pleasures its hungers and its feasts its beauty and its ugliness to exposure before the living God And he is bold in helping us shine the strong exposing light of the transforming Word on our real lives and on that real world so that we may move beyond planning worship as a nice safe feel good routine from which we depart the same people we were when we arrived We are thrilled by the seriousness and authentic reverence with which this author approaches the planning of worship Thank God for Wayne Keller and for his deep respect for the central act of the Christian community the blessed and life transforming experience of the worship of God Richard Avery and Donald Marsh Port Jervis New York Wayne Keller s method creates not only a contemporary appeal but also effects a congregational involvement so necessary today within the liturgical context His approach is fresh and practical and yet a reflection consistently of a solid liturgical and homiletical background Keller has the ability to appeal to the everydayness of congregational experience Donald Macleod Francis L Patton Professor Emeritus Princeton Theological Seminary The good humor of Wayne Keller s work helps us feel at home in our imperfect world and feel more empathy for the rough edges of others and ourselves Wayne s work encourages hope and faith with the way we are Doug Adams Professor of Christianity and the Arts Pacific School of Religion and Graduate Theological Union A cascade of insights ideas suggestions and plans for stimulating the working pastor s imagination and guiding in worship planning Robert Coote Professor San Francisco
