Phillips, 2014-02-04 Many contemporary philosophers assume that before one can discuss prayer the question of whether there is a God or not must be settled In this title first published in 1965 D Z Phillips argues that to understand prayer is to understand what is meant by the reality of God Beginning by placing the problem of prayer within a philosophical context Phillips goes on to discuss such topics as prayer and the concept of talking prayer and dependence superstition and the concept of community This is a fascinating reissue that will be of particular value to students with an interest in the philosophy of religion prayer and religious studies more generally

Stay, Watch, Pray Frank Bahr, 2022-05-24 The disciples asked Jesus to teach them how to pray Our prayers must be genuine but what God wants from us in prayer may not readily spring to mind for example to honor the holiness of God's name or to pray for people who abuse

us Does merely adding God turn a wish into a prayer How is prayer related to our understanding of who God is his omniscience love and power In prayer we expect God to act but how does that relate to our own love and work We pray in the name of Jesus So what difference does it make that God s Son became flesh suffered died and lives again How does the Holy Spirit lead in prayer Why does the Bible provide us with actual prayers Do language literary form location time and body language matter And what does it mean that the apostle cautions Rom 8 26 For we do not know how to pray as we ought Stay Watch Pray tackles these questions and more
