*Desmond Tutu* Michael Battle, 2021-03-16 The first biography of its kind about Desmond Tutu this book introduces readers to Tutu s spiritual life and examines how it shaped his commitment to restorative justice and reconciliation Desmond Tutu was a pivotal leader of the anti apartheid movement in South Africa and remains a beloved and important emblem of peace and justice around the world Even those who do not know the major events of Tutu s life receiving the Nobel Peace Prize in 1984 serving as the first black archbishop of Cape Town and primate of Southern Africa from 1986 1996 and chairing the Truth and Reconciliation Commission from 1995 1998 recognize him as a charismatic political and religious leader who helped facilitate the liberation of oppressed peoples from the ravages of colonialism But the inner landscape of Tutu s spirituality the mystical grounding that spurred his outward accomplishments often goes unseen Rather than recount his entire life story this book explores Tutu s spiritual life and contemplative practices particularly Tutu s understanding of Ubuntu theology which emphasizes finding one s identity in community and traces the powerful role they played in subverting the theological and spiritual underpinnings of apartheid Michael Battle s personal relationship with Tutu grants readers an inside view of how Tutu s spiritual agency cast a vision that both upheld the demands of justice and created space to synthesize the stark differences of a diverse society Battle also suggests that North Americans have much to learn from Tutu s leadership model as they confront religious and political polarization in their own context

**Facing Feelings in Faith Communities** William M. Kondrath, 2013-08-05 *Facing Feelings in Faith Communities* is based on a simple premise We have emotions because we need them God created us as affectively competent beings William Kondrath argues to help us understand our world and to give appropriate signals to people around us about what we are experiencing When we express our feelings clearly other people can more easily respond in ways that are helpful to us thus enhancing our relationships and the work we might do together Kondrath also recognizes that unfortunately for many of us our emotional software was infected early on with viruses early familial and social conditioning that distorted the way we responded to natural stimuli Because we are underusing or misusing our emotional capacities we are missing out on the opportunity to express our full humanity Fortunately we can re program our emotional software *Facing Feelings in Faith Communities* helps us restore our emotional systems to their original state or at least invites us to imagine how we would live differently if our

emotional expressions were more nearly congruent with the situations and events we encounter Kondrath invites us to explore six feelings fear anger sadness peace power and joy through poetry meditation on an evocative drawing as well as through his own analysis of each feeling Congregational Resources for Facing Feelings is a companion collection to this book For more information click here **Catholic Perspectives on Peace and War** Thomas Massaro, Thomas A.

Massil, 1997 A reference book for the Jewish community in the United

Kingdom It includes information on Jewish institutions local and international organizations legislation concerning Jews obituaries Jewish MPs and peers statistics booksellers principal fasts and festivals and Jewish listed buildings *The Gulf War* John Bulloch, Harvey Morris, 2016-07-28 After a million deaths and twice that number injured after the destruction of much of the infrastructure of Iran and Iraq disruption of trade throughout the Gulf and the involvement of the USA and USSR was the Gulf War a pointless exercise a futile conflict which achieved nothing and left the combatants at the end of it all back in exactly the same position from which they started in 1980 In this book first published in 1989 the authors argue that the lack of territorial gain was irrelevant the real advantages won by each side were far more important intangible though they were For Iran the channelling of the energies of her people away from domestic concerns meant the continuation of the Islamic revolution and ensured the stability of the mullahs In Iraq the war propped up the increasingly shaky regime of Saddam Hussein The outside world especially the superpowers was terrified of the spread of Muslim fundamentalism so made no effort to prevent Iraq from trying to halt this spread But Israel Saudi Arabia Syria and the oil states also had vested

interests in promoting the continuation of the war      *Reconciliation* Michael Battle,1997 A highly original analysis of Bishop Tutu's theology of ubuntu an African concept that identity is formed by community Battle draws on Tutu's many unpublished addresses and sermons to portray a man for whom the conventions of Anglicanism serve as roots and resources in the ongoing struggle against apartheid Foreword by Desmond Tutu      **Prophets of Peace** Robert Kisala,1999-10-01 Wars in the Persian Gulf and Yugoslavia have given new impetus to the ongoing debate in Japan concerning its postwar constitution and related issues of national security and world order Although often overlooked in this debate Japanese religious groups especially some of the New Religions have promoted peace as a major theme of their doctrine and activities often explicitly supporting a pacifist position This study undertaken in the wake of the Persian Gulf War looks at a representative group of New Religions and explores their concepts and practices of peace Many of the Japanese New Religions draw on a tradition that emphasizes individual moral cultivation and use of prewar terms to describe their mission One expression hakko ichiu literally the whole world under one roof conveys the ideal of world unity under Japanese direction leading to the establishment of peace In this way it is a prime example of the prewar idea of establishing peace through the spread of Japanese civilization The author cites evidence pointing to the prevalence of a mistaken notion of the implications of the pacifist position a situation that both reflects and contributes to the confusion surrounding popular debates on pacifism in Japan *Prophets of Peace* is an attempt to correct that misperception by providing a critical study of the social ethic of the Japanese New Religions a topic that has been largely ignored in research on new religious movements worldwide Professor Kisala draws on the literature that presents their doctrine and surveys their believers to describe their approach to the question of peace The results of this fieldwork are placed within the dual framework of Western peace studies and the modern Japanese intellectual tradition highlighting the issues of pacifism and the cultural approach to peace in Japan In his analysis of these results he offers some observations on the role of religion in contemporary Japanese society and advocates a more positive engagement in the debate on Japan's role in international security arrangements By offering a representative sample of New Religion groups and focusing on their doctrines *Prophets of Peace* provides a different perspective for those whose primary interest is the Japanese New Religions Although students and scholars of Japanese religion will be the book's first audience its accessibility and thematic approach also recommend it to readers with a broader interest in contemporary Japanese society peace studies and the role of religious groups in modern society      **Ethics and the Gulf War** Kenneth L. Vaux,2003-01-31 Kenneth Vaux elucidates the great just war traditions of Judaism Christianity and Islam evaluating the key events of the Gulf War in light of the religious rhetoric used by both sides Religious and ethical appeals played a major role in winning support not just of the U S and Iraqi peoples but of public opinion worldwide Vaux demonstrates the wide gap between the religious rhetoric and the political military action it was called on to support      **Thoughts For The Upper Room** Francis Arackal,O.P.,2005      **Together We Pray** Pray Now Group,2018-10-30 *Together We Pray* the newest volume
