O.S.B.,2009-03-15 Written centuries before Christ the Psalms of the Hebrew Bible have been prayed by Christians since the founding of the Church The early church fathers expounded the psalms in the light of the mystery of Christ his death and resurrection and his saving redemption In this book a Benedictine monk examines the Christian praying of the Psalms taking into account modern and contemporary research on the Psalms Working from the Hebrew text Fr Laurence Kriegshauser offers a verse by verse commentary on each of the one hundred and fifty psalms highlighting poetic features such as imagery rhythm structure and vocabulary as well as theological and spiritual dimensions and the relation of psalms to each other in the smaller collections that make up the whole The book attempts to integrate modern scholarship on the Psalms with the act of prayer and help Christians pray the psalms with greater understanding of their Christological meaning The book contains an introduction a glossary of terms an index of topics a table of English renderings of selected Hebrew words and an index of biblical citations Praying the Psalms in Christ will be welcomed by students of theology and liturgy by priests religious and laypeople who pray the Liturgy of the Hours and by all Christians who seek to pray the Psalms with greater profit and fervor

Biblical Theology of prayer in the Old Testament Albert J. Coetsee, Francois P. Viljoen, 2023-08-31 Prayer is a major topic within Christian theology The biblical text has various references to various recorded and reported prayers In fact references to prayer are found within the rich diversity of the various books corpora and genres of Scripture As can be expected much has been written about prayer in the biblical text However a comprehensive Biblical Theology dealing with the concept of prayer in Scripture has not been published before and this book intends to fill this gap assuming that such an approach can provide a valuable contribution to the theological discourse on prayer and related concepts This book aims to investigate prayer and its related elements including worship praise thanksgiving adoration petition intercession lament and confession in the Old Testament on a book by book or corpus by corpus basis The investigation follows a Biblical Theological approach reading the Old Testament on a book by book basis in its final form to uncover the Old Testament s overarching theology of prayer understanding the parts in relation to the whole By doing this the discrete nuances of the prayers of the different Old Testament books and corpora can be uncovered letting the books and corpora speak for themselves In addition the advantage of this approach is that it provides findings that can benefit the modern Christian community and contribute to the practice of Reformed theology in Africa This book is of significant value to scholars It will inspire scholars to think about prayer and use the Bible as the major prayer handbook in their spiritual lives

Biblical Theology of prayer in the New Testament Francois P. Viljoen, Albert J. Coetsee, 2023-08-31 This publication deals with a biblical theology of prayer based on the New Testament It forms the second of a two volume publication on a biblical theology of prayer dealing with the concept of prayer in the Old and New Testament respectively This New Testament volume begins with an introduction on prayer and worship in early Jewish tradition followed by eleven chapters dealing with New Testament corpora It concludes with a final chapter synthesising the findings of the respective investigations of the Old and New Testament corpora to provide a summative theological perspective of the development of the concept of prayer through scripture Prayer forms a major and continuous theme throughout the biblical text Prayer was an integral part of the religious existence of God's people in both the Old and New Testament It underwent its greatest developments during after and as a result of the Exile and was deepened and transformed in the New Testament In both the Old and the New Testament God is the sole addressee of his people's prayer This conviction continued into the New Testament but was broadened with Trinitarian elements of worship adoration and intercession A biblical theological investigation is chosen as methodology Since all the biblical books form part of one canonical text the assumption is that the various theologies about prayer being displayed in these books can be synthesised into a developing meta theology about prayer As the Old and New Testament form part of the canonical text the results about prayer in the Old Testament can be brought into play with the results about prayer in the New Testament This eventually leads toward an overarching biblical theology of prayer

Psalms Jesus Jesus Ministries, 2017-03-27 If you highlight passages of Psalms in your Bible because they are especially meaningful to you in your Christian life but you have several verses in each Psalm not highlighted the

difference is some verses fit the new covenant while other verses are old covenant Jesus came not to destroy lives but to save lives There are many wonderful examples for us in the Old Testament We just have to remember a few things as we apply the various OT scriptures to our NT lives Instead of calling for the wrath of God to come down on evil doers we usually pray for their salvation knowing that we too once sinned in many of the same ways yet God spared us and had mercy on us As we read the PSALMS we will see faith building passages which fit the new covenant life in Christ and in the same Psalm we might see an OT prayer asking God to take vengeance on the enemy In this book we have noted the OT passages with appropriate NT comments alerting us to the new covenant which is now in effect through the blood paid by Jesus for sins The Psalms are often wonderful prayers and faith building promises of God David defined these as prayer when he said The prayers of David the son of Jesse are ended Psalm 72 20 In this book We have also defined key words used in the Psalms and many key verses are presented in RED for visual emphasis Color printing increased the cost of this book in paperback format If you look at Psalm 2 as we have printed it in this book and compare it with your own paper Bible where you marked key passages you will likely find we printed that in RED which you marked in your Bible You felt the new covenant and recognized the great benefit of these portions of Psalms just as we have done in compiling this book May each of us enjoy and benefit from this book and have our understanding opened by God Joan Boney Pam Padgett

Praying the Psalms of Jesus James W. Sire, 2009-09-20 At key moments in his life on earth Jesus Christ the very Son of God turned to the Psalms for words to express his deepest thoughts and emotions It is not hard to imagine Jesus his mind and heart saturated with the words and thoughts of the Psalms as they were prayed aloud in the Temple going off early in the morning to pray How much must he have mouthed the words of the Psalms and given them a fulfillment They became his answering speech to his heavenly Father In these pages you will discover how the psalms that relate closely to the mission of Jesus can also become our answering speech We will begin our journey into the mind of Christ by immersing

ourselves in several psalms which Jesus himself refers to and fulfills And then in the second half of the book we will immerse ourselves in psalms that Jesus would have meditated on during his time on earth focusing on the heart and mind of Jesus as he prayed the psalms Structural analysis of each psalm will help us grow our ability to read the Psalms The guided personal prayer liturgy with each chapter will help us go deeper in the experience of praying the Psalms Through these psalms we will discover more of the human life of our Lord and Savior And in the process we will discover more of who we are as we come before our holy God Also included a group discussion and prayer experience to accompany each chapter
