Praying with John Donne & George Herbert John Donne, George Herbert, 1991-01-01 Well loved poems and thoughts drawn from less familiar sermons and other writings *Co-Creative Communication in George Herbert and John Donne* Sara Rogalski, 2025-03-17 This study examines the co creative relationship between speakers hearers and God in poetry and prose by George Herbert and John Donne Through analyses of communicative situations communicative interactions and reflections on communication models of communication are established that underlie the texts selected In particular the activity of hearing is shown to be considered essential to the constitution of a meaningful utterance In this way a key function of communication becomes apparent it can yield a range of creative products from the conversation itself to a literary artefact and its extratextual effects This study thus offers a new reading of the texts of George Herbert and John Donne and provides a clear perspective on how early modern religious texts regarded communication and co creativity as connected concepts *The Pilgrims Progress/The Lives of John Donne and George Herbert* John Bunyan/Izaak Walton, 1909

Comparative Essays on the Poetry and Prose of John Donne and George Herbert Russell M. Hillier, Robert W. Reeder, 2021-10-15 This book brings together ten essays on John Donne and George Herbert composed by an international group of scholars The volume represents the first collection of its kind to draw close connections between these two distinguished early modern poet thinkers The contributors illuminate a variety of topics and fields while suggestion new directions that future study of Donne and Herbert might take **Verse and Poetics in George Herbert and John Donne** Frances Cruickshank, 2016-02-17 Innovative and highly readable this study traces George Herbert s and John Donne s development of a distinct poetics through close readings of their poems references to their letters sermons and prose treatises and to other contemporary poets and theorists In demonstrating a relationship between poetics and religious consciousness in Donne s and Herbert s verse Frances Cruickshank explores their attitudes to the cultural theological and aesthetic enterprise of writing and reading verse Cruickshank shows that Donne and Herbert regarded poetry as a mode not determined by its social and political contexts but as operating in and on them with its own distinct set of aesthetic and intellectual values and that ultimately verse mattered as a privileged mode of religious discourse This book is an important contribution to the ongoing scholarly dialogue about the nature of literary and cultural study of early modern England and about the relationship between the writer and the world Cruickshank confirms Donne s reputation as a fascinating and brilliant poetic figure while simultaneously rousing interest in Herbert by noting his unique merging of rusticity and urbanity and tranquility and uncertainty allowing the reader to enter into these poets imaginative worlds and to understand the literary genre they embraced and then transformed **Prayer and Power** Michael C. Schoenfeldt, 1991-08-13 Michael C Schoenfeldt here offers the first major exploration of the connections between George Herbert s devotional poetry and the social practices and political discourse of his day Viewing The Temple and The Country Parson as part of the larger civilizing

process of Western Europe Schoenfeldt shows how Herbert discovers in the discourses of courtesy and theology a common vocabulary of authority selfhood petition and discipline Before entering the priesthood Herbert nourished contacts in court was elected University Orator at Cambridge and served in Parliament In turning to God Schoenfeldt argues Herbert did not simply turn away from the secular world but also turned its language particularly the language of courtesy into the medium for his lyric worship of God The confluence of courtesy and spirituality in Herbert's poetry provides a fascinating insight into a society searching for an appropriate discourse of reverence in a time of baffling change The first five chapters investigate the manifold ways in which Herbert's life and works exemplify the interdependence of social and religious behavior in the English Renaissance The sixth and final chapter extends this investigation into the nervous eroticism of Herbert's poems Considering The Temple as well as Herbert's letters speeches Latin poems collections of foreign proverbs translations The Country Parson and less familiar lyrics Schoenfeldt offers a thorough and detailed reading of Herbert's rich and conflicted corpus Prayer and Power is not only a bold redefinition of the accomplishment of one of the finest poets of the English Renaissance but also the first sustained study to advance a cultural poetics of the religious lyric Scripture and the English Poetic Imagination David Lyle Jeffrey, 2019-04-16 The God of the Bible often speaks in poetry Beginning with an illuminating exploration of eloquence in the divine voice a highly acclaimed professor of literature opens up the treasury of biblical tradition among English poets both past and present showing them to be well attuned not only to Scripture's meaning but also to its music In exploring the work of various poets David Lyle Jeffrey demonstrates how the poetry of the Bible affords a register of understanding in which the beauty of Holy Scripture deepens meditation on its truth and is indeed a vital part of that truth **The Variorum Edition of the Poetry of John Donne** John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne's time through 2012 **Common Prayer** Ramie Targoff, 2001-05 Common Prayer explores the relationship between prayer and poetry in the century following the Protestant Reformation Ramie Targoff challenges the conventional and largely misleading distinctions between the ritualized world of Catholicism and the more individualistic focus of Protestantism Early modern England she demonstrates was characterized less by the triumph of religious interiority than by efforts to shape public forms of devotion This provocatively revisionist argument will have major implications for early modern studies Through readings of William Shakespeare's Hamlet Richard Hooker's Lawes of Ecclesiastical Politie Philip Sidney's Apology for Poetry and his translations of the Psalms John Donne's sermons and poems

and George Herbert's *The Temple* Targoff uncovers the period's pervasive and often surprising interest in cultivating public and formalized models of worship At the heart of this study lies an original and daring approach to understanding the origins of devotional poetry Targoff shows how the projects of composing eloquent verse and improving liturgical worship come to be deeply intertwined New literary practices then became a powerful means of forging common prayer or controlling private and otherwise unmanageable expressions of faith The Variorum Edition of the Poetry of John Donne, Volume 7, Part 2
