Pre-Raphaelite Painting and Nineteenth-Century Realism Marcia Werner, 2005-03-07 Marcia Werner challenges several long standing beliefs about the Pre Raphaelite painting movement often characterized as a disparate group who pursued divergent even antithetical goals Werner argues that the Pre Raphaelites developed and shared an artistic philosophy comprehensive enough to embrace all of their differences She reconstructs this credo through careful study of writings by Representing Realists in Victorian Literature and Criticism Daniel Brown, 2016-12-15 This book is Pre Raphaelite artists about the historical moment when writers and critics first used the term realism to describe representation in literature and painting While scholarship on realism tends to proceed from an assumption that the term has a long established meaning and history this book reveals that mid nineteenth century critics and writers first used the term reluctantly with much confusion over what it might actually mean It did not acquire the ready meaning we now take for granted until the end of the nineteenth century. In fact its first definitions came primarily by way of example and analogy through descriptions of current practitioners or through fictionalized representations of artists By investigating original debates over the term realism this book shows how writers simultaneously engaged with broader concerns about the changing meanings of what was real and who had the authority to decide this Writing the Pre-Raphaelites Tim Barringer, 2017-07-05 This vibrant collection of essays claims that a complex network of texts by critics biographers and diarists established the credibility and influence of the Pre Raphaelite movement Throughout the twentieth century Modernist taste failed to acknowledge the achievement of oppositional groupings such as the Pre Raphaelites The essays collected here however reveal that the British group anticipated later avant gardes by using the written word to configure for itself a radical artistic identity Public and critics alike were scandalized by the radicalism of Pre Raphaelite painting its unflinching portrayal of historical figures and of contemporary life and its irreverent attitude to artistic convention Pre Raphaelitism's innovations were not confined to style new forms of artistic identity and behaviour were explored As the contributors interrogate the texts through which Pre Raphaelitism was constructed they demonstrate that the movement s wide influence as a cultural phenomenon derived from the interplay between exhibited works and critical discourse Applying a range of sophisticated methodologies from the fields of literary studies art history and cultural studies these interdisciplinary essays uncover the neglected role of texts in the success of the Pre Raphaelite rebellion and argue in favor of a new centrality for this movement in the history of nineteenth century European culture Art, Vision, and Nineteenth-Century Realist Drama Amy Holzapfel, 2014-01-03 Realism in theatre is traditionally defined as a mere seed of modernism a crude attempt to reproduce an exact copy of reality on stage Art Vision Nineteenth Century Realist Drama redefines realism as a complex and under examined form of visual modernism one that positioned theatre at the crux of the encounter between consciousness and the visible world Tracing a historical continuum of acts of seeing on the realist stage Holzapfel demonstrates how theatre participated in modernity s aggressive

interrogation of vision's residence in the human body New findings by scientists and philosophers such as Diderot Goethe M ller Helmholtz and Galton exposed how the visible world is experienced and framed by the unstable relativism of the physiological body rather than the fixed idealism of the mind Realist artists across media paradoxically embraced this paradigm shift by focusing on the embodied observer Drawing from extensive archival research Holzapfel conducts close readings of iconic dramas and their productions including Scribe's The Glass of Water Zola's Thir's e Raquin Ibsen's A Doll House Strindberg's The Father and Hauptmann's Before Sunrise alongside analyses of artwork by major painters and photographers such as Chardin Nadar Millais Rejlander and Liebermann In a radical challenge to existing criticism Holzapfel argues that realism in theatre was never the attempt to reproduce an exact copy of the seen world but rather the struggle to make visible the act of seeing The Poetical Works of Robert Browning Stefan Hawlin, Michael Meredith, 2009-08-20 Volume 15 in The Complete Poetical Works of Robert Browning presents poetry Browning wrote in his seventies his last two volumes Parleyings 1887 and Asolando 1889 The former is the poet's last sustained meditation on life and on his times a nine section credo covering religion history poetry politics art and music Asolando is a coda to his whole oeuvre a mixture of short love lyrics historical monologues and anecdotes light verse and poems which are guite sui generis all grouped around the theme of fancies and fact Both volumes are presented here with previously unknown sources a wealth of new contextual material and many textual nuances clarified giving a fresh view of the last phase of Browning's career What emerges is a poet more seriously Christian Protestant and Liberal than previously supposed more interested in Britain's destiny and Empire more enmeshed in the local battles of the 1880s and a writer of considerable range and wit The Pre-Raphaelite Art of the Victorian Novel Sophia Andres, 2005 A provocative interdisciplinary study of the Victorian novel and Pre Raphaelite art this book offers a new understanding of Victorian novels through Pre Raphaelite paintings Concentrating on Elizabeth Gaskell Wilkie Collins George Eliot and Thomas Hardy and aligning each novelist with specific painters this work interprets narrative redrawings of Pre Raphaelite paintings within a range of cultural contexts as well as alongside recent theoretical work on gender Letters reviews and journals convincingly reinforce the contentions about the novels and their connection with paintings Featuring color reproductions of Pre Raphaelite paintings this book reveals the great achievement of Pre Raphaelite art and its impact on the Victorian novel Arguing for the direct relationship between Pre Raphaelite painting and the Victorian novel this book fills a gap in the currently available literature devoted to the Victorian novel the Pre Raphaelites and the connection of Pre Raphaelite art to Victorian poetry Visual readings of the Victorian novel channel the twenty first century readers desire for the visual into the exploration of Pre Raphaelite art in the Victorian novel in the process offering fresh insights into the representation of gender in Victorian culture Through a textual and a visual journey this work reveals a new approach to the Victorian novel and Pre Raphaelite art with profound implications for the study of both **Picture** World Rachel Teukolsky, 2020-08-16 The modern media world came into being in the nineteenth century when machines

were harnessed to produce texts and images in unprecedented numbers In the visual realm new industrial techniques generated a deluge of affordable pictorial items mass printed photographs posters cartoons and illustrations These alluring objects of the Victorian parlor were miniaturized spectacles that served as portals onto phantasmagoric versions of the world Although new kinds of pictures transformed everyday life these ephemeral items have received remarkably little scholarly attention Picture World shines a welcome new light onto these critically neglected yet fascinating visual objects They serve as entryways into the nineteenth century s key aesthetic concepts Each chapter pairs a new type of picture with a foundational keyword in Victorian aesthetics a familiar term reconceived through the lens of new media Character appears differently when considered with caricature in the new comics and cartoons appearing in the mass press in the 1830s likewise the book approaches realism through pictorial journalism illustration via illustrated Bibles sensation through carte de visite portrait photographs the picturesque by way of stereoscopic views and decadence through advertising posters Picture World studies the aesthetic effects of the nineteenth century s media revolution it uses the relics of a previous era s cultural life to interrogate the Victorian world's most deeply held values arriving at insights still relevant in our own media The Victorian Painting of Modern Life Pamela Fletcher, 2024-12-30 This text offers a comprehensive and tightly age focused account of the emergence and flourishing of British modern life paintings at midcentury Contemporary subjects were new and risky in the late 1840s and early 1850s immensely popular and much debated by 1858 and already falling out of fashion by the mid 1860s The book follows this story chronologically moving from the anxious attempts by young artists such as William Powell Frith and William Holman Hunt to capture modern life in a visual language that conveyed both the literal and emotional truths of contemporary experience through the new genre's explosion into popularity in the later 1850s and early 1860s and the critical debates and changing fashions that led to its diminishment by the end of that decade The book will be of interest to scholars working in art history British studies visual culture exhibition culture museum studies and the The Remarkable Lushington Family David Taylor, 2020-07-15 Drawing on previously unpublished sociology of art archival materials this study spans three generations of the Lushington family It investigates their personal histories through the themes of social artistic and cultural history The author analyzes the Lushington family s relationships with well known figures like Lady Byron Queen Caroline and members of the Bloomsbury Group Most importantly this study examines Lushington family members roles within larger trends including abolitionism the Pre Raphaelite movement and Positivism

The Routledge Handbook of Victorian Rebels Brenda Ayres, 2025-02-19 Although history records that the British nineteenth century was obsessed with order conventionality and conformity there were many Victorians from all walks of life across lines of class race and gender who resisted social mores and sometimes the laws themselves in a variety of ways and to varying degrees Some expressed dissension through music art literature and social protest Others were more subtle like manipulative wives who gained what they wanted while seemingly remaining docile and submissive Some rebellion

fermented into social and political movements The revolt of still others was extremely executed by serial killers criminals and suicides Contemporary readers can learn from these rebels and discern what values and ways that were uniquely Victorian should be retained and those that should be rejected after having observed their outcomes To that end this collection of essays offers a study for both novice and expert on Victorian rebels **Towards Creative Imagination in Victorian Literature** Aleksandra Piasecka, 2014-06-19 This book explores the concept of the creative imagination in Mid and Late Victorian England In these times of transition as the age of the Industrial Revolution was regarded aesthetic considerations became involved in the broader debate on the shape of the modern world. Thus the approach to the artistic imagination was closely connected with the shifting beliefs concerning the essence of beauty and the role of religion not to mention attitudes towards nature and society These aspects defined the aims furthered by painters and poets alike and set the direction for their artistic endeavours Five people have been chosen as representatives of their time in the discussion about artistic imagination John Ruskin William Morris Dante Gabriel Rossetti Walter Pater and Arthur Symons Accordingly the material analysed to recreate the Victorian understanding of the artistic faculties is of different kinds and embraces not only critical essays Ruskin Pater Symons but also belles lettres short stories Morris and poems Rossetti Symons In this manner two positions complement each other namely the views of the theoreticians and those of practitioners. The former attempted to discern and extract the quintessence of the artistic powers on the basis of their observations and reflections whereas the latter relied on their personal experiences in this respect George Augustus Sala and the Nineteenth-Century Periodical Press Peter Blake, 2016-03-09 In his study of the journalist George Augustus Sala Peter Blake discusses the way Sala's personal style along with his innovations in form influenced the New Journalism at the end of the nineteenth century Blake places Sala at the centre of nineteenth century newspapers and periodicals and examines his prolific contributions to newspapers and periodicals in the context of contemporary debates and issues surrounding his work Sala's journalistic style Blake argues was a product of the very different mediums in which he worked whether it was the visual arts bohemian journalism novels pornographic plays or travel writing Harkening back to a time when journalism and fiction were closely connected Blake's book not only expands our understanding of one of the more prominent and interesting journalists and personalities of the nineteenth century but also sheds light on prominent nineteenth century writers and artists such as Charles Dickens Mathew Arnold William Powell Frith Henry Vizetelly and Mary Elizabeth Braddon **Nineteenth Century** *English Literature Advancing Through History 5 - The Romantic Period Petru Golban, 2024-11-26 It appears* **Prose** ,2019 that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized

elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov s line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects

**Painting Dissent** Sophie Lynford, 2022-09-20 A revelatory history of the first artist collective in the United States and its effort to reshape nineteenth century art culture and politics The American Pre Raphaelites founded a uniquely interdisciplinary movement composed of politically radical abolitionist artists and like minded architects critics and scientists Active during the Civil War this dynamic collective united in a spirit of protest seeking sweeping reforms of national art and culture Painting Dissent recovers the American Pre Raphaelites from the margins of history and situates them at the center of transatlantic debates about art slavery education and politics Artists such as Thomas Charles Farrer and John Henry Hill championed a new style of landscape painting characterized by vibrant palettes antipicturesque compositions and meticulous brushwork Their radicalism however was not solely one of style Sophie Lynford traces how the American Pre Raphaelites proclaimed themselves catalysts of a wide ranging reform movement that staged politically motivated interventions in multiple cultural arenas from architecture and criticism to collecting exhibition design and higher education She examines how they publicly rejected their prominent contemporaries the artists known as the Hudson River School and how they offered incisive critiques of antebellum society by importing British models of landscape theory and practice Beautifully illustrated and drawing on a wealth of archival material Painting Dissent transforms our understanding of how American artists depicted the nation during the most turbulent decades of the nineteenth century Reading Dante Gabriel Rossetti Brian Donnelly, 2016-03-03 A revolutionary figure throughout his career Dante Gabriel Rossetti s work provides a distinctly revolutionary lens through which the Victorian period can be viewed Suggesting that Rossetti s work should be approached through his poetry Brian Donnelly argues that it is both inscribed by and inscribes the development of verbal as well as visual culture in the Victorian era In his discussions of modernity aestheticism and material culture he identifies Rossetti as a central figure who helped define the terms through which we approach the cultural productions of this period

Donnelly begins by articulating a method for reading Rossetti s poetry that highlights the intertextual relations within and between the poetry and paintings His interpretations of such poems as the Mary s Girlhood sonnets the sonnet sequence The House of Life and The Orchard Pit in relationship to paintings such as The Girlhood of Mary Virgin and Ecce Ancilla Domini shed light on Victorian ideals of femininity on consumer culture and on the role of gender hierarchies in Victorian culture Situating Rossetti s poetry as the key to all of his work Donnelly also makes a case for its centrality in its representation of the dominant discourses of the late Victorian period faith sex consumption death and the nature of representation itself

Critical Shift Karen L. Georgi, 2015-06-29 American Civil War era art critics James Jackson Jarves Clarence Cook and William J Stillman classified styles and defined art in terms that have become fundamental to our modern periodization of the art of the nineteenth century In Critical Shift Karen Georgi rereads many of their well known texts finding certain key discrepancies between their words and our historiography that point to unrecognized narrative desires The book also studies ruptures and revolutionary breaks between old and new art as well as the issue of the morality of true art Georgi asserts that these concepts and their sometimes loaded expression were part of larger rhetorical structures that gainsay the uses to which the key terms have been put in modern historiography It has been more than fifty years since a book has been devoted to analyzing the careers of these three critics and never before has their role in the historiography and periodization of American art been analyzed The conclusions drawn from this close rereading of well known texts challenge the fundamental nature of historical context in American art history ENGLISH LITERATURE ADVANCING THROUGH HISTORY 3 - The Seventeenth Century Petru Golban, 2021-12-24 The present book is third in a series of works which aim to expose the complexity and essence power and extent of the major periods movements trends genres authors and literary texts in the history of English literature Following this aim the series will consist of monographs which cover the most important ages and experiences of English literary history including Anglo Saxon or Old English period the Middle Ages the Renaissance the Restoration neoclassicism romanticism Victorian Age and the twentieth century and contemporary literary backgrounds The reader of these volumes will acquire the knowledge of literary terminology along with the theoretical and critical perspectives on certain texts and textual typology belonging to different periods movements trends and genres The reader will also learn about the characteristics and conventions of these literary periods and movements trends and genres main writers and major works and the literary interaction and continuity of the given periods Apart from an important amount of reference to literary practice some chapters on these periods include information on their philosophy criticism worldview values or episteme in the Foucauldian sense which means that even though the condition of the creative writing remains as the main concern it is balanced by a focus on the condition of thought as well as theoretical and critical writing during a particular period Preface Introduction Approaching Literary Practice and Studying British Literature in History Preliminaries Learning Literary Heritage through Critical Tradition or Back to Tynyanov Genre Theory for Poetry The Intellectual
