Preschool and Early Childhood Treatment Directions Maribeth Gettinger,Stephen N. Elliott,Thomas R. Kratochwill,2013-12-16 The provision of early childhood educational and psychological services has been an area of considerable growth over the past 25 years As a result of far reaching trends in both public policy and clinical practices there is a growing need for professionals appropriately trained to address the assessment and intervention issues involved in early childhood programming To take advantage of current opportunities for extending their role and to meet the challenge of early childhood service delivery school psychologists must expand their professional skills and broaden their knowledge base With the publication of this volume the Advances in School Psychology Series changes to adopt a specific thematic focus and include reviews directly related to a common theme This volume studies the subject of early childhood education and treatment directions The chapters address a range of specific topics and research representing advances in the field of early childhood services for school psychology allowing school psychologists to examine and integrate current information from multiple perspectives educational and sociological as well as psychological Topics that collectively represent important developments for school psychology include current early childhood education program models preschool handicapped children parental involvement peers and socialization stress and coping and computers and young children To date more efforts have been directed toward devising and validating instruments that predict failure or success among preschoolers than on designing and evaluating approaches for treating them Although assessment is critical for meeting individual needs the primary emphasis of this volume is on fostering cognitive academic social and emotional growth of young children

Preschool Peer Social Intervention in Autism Spectrum Disorder Nirit Bauminger-Zviely,Dganit Eytan,Sagit Hoshmand,Ofira Rajwan Ben-Shlomo,2021-09-22 This book presents the Preschool Peer Social Intervention PPSI a manualized comprehensive social curriculum to enhance peer interaction for pre schoolers with Autism Spectrum Disorders ASD in three key domains play interaction and conversation The book outlines the PPSI s transactional approach in each of the three intervention domains and incorporates developmental features and age appropriate play interaction and conversation skills while accounting for individual differences in social communication abilities The intervention is designed to be implemented within the child s natural social environment such as preschool and it includes the child s social agents namely their peers teachers and parents PPSI intervention curricula addressed in this book are based on typical play

interaction and conversation development taking into account the social and communication challenges found to characterize young children with ASD in these domains Building up the ability to play interact and converse more efficiently with peers may render a substantial impact on preschoolers with ASD with vast potential for improving not only these children s immediate social experience with peers but also their future social competence that relies on these early building blocks

Kids Can Be Kids Shelly J Lane, Anita C Bundy, 2011-11-11 This groundbreaking text by two noted educators and practitioners with contributions by specialists in their fields presents a comprehensive evidence based approach to pediatric therapy Their work reflects the focus of practice today facilitating the participation of children and their families in everyday activities in the content of the physical and cultural environments in which they live go to school and play The authors describe the occupational roles of children in an ecocultural context and examine the influence of that context on the participation of a child with physical emotional or cognitive limitations
