## **Preaching Parables Postmoderns:**

Preaching Parables to Postmoderns Brian Stiller, 2005-01-01 Preachers in their call to preach the Scriptures are not only charged with the responsibility of speaking its truth but of speaking in such a way that people of this age and culture understand To do this the preacher builds a bridge between today's people and the gospel of both testaments For some this task is more difficult than for others Preaching to those living in an inner city housing project is far removed from an outpost mission in the two thirds world Each community has its own way of thinking and attaches different values to symbols of its own making For those called preach to a generation raised on MTV and late night comedians or those rooted in various economic cultures from government sponsored jobs overseen by union bosses to entrepreneurial dot com companies or generations stretching from high school students to freedom fifty fivers the task is enormous When one adds to that the complexity of a radical shift in underlying intellectual and cultural assumptions the task of preaching becomes even more complicated *Preaching Parables to the Postmodern* Brian C. Stiller, 2002 Preaching Christ in a Postmodern Culture K. A. Beville, 2010-04-16 Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power It traces the historical and philosophical development of postmodernism The Enlightenment project is deemed to have failed and Christianity is perceived as an oppressive metanarrative In a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task Humility is presented as preferable to certitude and persuasion is redefined The author suggests using an inductive mode of communication as a means of engaging postmodern listeners He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy **Go Ye into the Postmodern World and Preach the Gospel to Every Creature** Rev. **Studying the Parables of Jesus** Peter Rhea Jones,1999 Peter Rhea Jones has spent the majority of his career studying and teaching the parables Studying the Parables of Jesus is a primer on the historical and literary approaches to biblical study It informs and inspires in dialogue with contemporary methods and contemporary meanings It provides an introduction to the methods of interpretation of the parables as well as an opening chapter on the recent history of interpretation The chapters of exegesis approach a select group of parables for a more intensive analysis While reserving much of the technical details for the endnotes the text includes discussion of critical issues and alternative opinions Questions and exercises are appended at the close of each chapter for personal use or classroom discussion **Cultural Contextualization of**

**Apologetics** Matt W. Lee,2022-03-03 In the post Christian world we find sincere efforts in traditional Christian apologetics repeatedly running into invisible walls These blocks happen when cultural issues are neglected With mere rational arguments presented as a defense of Christianity logical answers alone are not attracting the nonbelievers nor resolving their skepticism People today have different obstacles in coming to the Christian faith particularly their own cultural presuppositions How do we present defend and commend Christianity to people whose culture gives them a frame of mind the one that cares very little about how rational the arguments are Cultural Contextualization of Apologetics explores the world of the New Testament and the ministry of the apostle Paul to excavate a fresh model for apologetics with cultural engagement to present an answer Matt W Lee analyzes the dynamics involved in Paul s cultural connection with his audience and how it relates to their receptivity uncovering a scheme of apologetics engagement patterned in his apologetics speeches From the background of Paul s world to the forefront of contemporary apologetics preaching Cultural Contextualization of Apologetics offers a vision of apologetics communication that is both biblical and practical **Preaching to a Shifting**

The Parables Dr. Paul Simpson Duke, 2010-09-01 Many resources have been written to offer assistance in exploring and understanding the lectionary texts for the purpose of preaching However few have sought to provide this kind of preaching commentary on texts that do not follow the lectionary's grouping For those whose preaching does not customarily follow the lectionary and for those who depart from the lectionary text during certain periods of the year little guidance has been offered for how to select and preach on important biblical texts The Parables A Preaching Commentary the third book in The Great Texts series gives guidance to preachers on preaching about this central part of faith The principles by which volumes in The Great Texts series have been chosen are primarily two-fold Thematic Texts on certain overarching themes or ideas of the Christian faith are brought together Biblical traditional Texts have long been recognized as belonging together and as being particularly beneficial to the work of preaching

Blomberg,2012-07-03 Craig Blomberg surveys the contemporary critical approaches to the parables including those that have emerged in the twenty years since the first edition This widely used text has taken a minority perspective and made it mainstream with Blomberg ably defending a limited allegorical approach and offering brief interpretations of all the major parables **Of Seeds and the People of God** Michael P. Knowles,2015-02-06 Preachers mount the pulpit steps terribly burdened by the conviction that they are somehow responsible for the growth and spiritual well being of their congregants How they ask themselves can mere words communicate the reality of God bring life to a congregation or foster spiritual growth This study argues that effective sermons function much like Jesus parables by bearing witness to divine power Parables and preaching both testify to something beyond themselves to a life giving dynamic that far outstrips the force of words alone Preachers are not go betweens or gatekeepers for the kingdom of heaven rather they imitate Jesus by dying to themselves in the very act of proclamation relying directly on God for their sermons to bear fruit As well as offering a novel interpretation of Jesus agricultural parables *Of Seeds and the People of God* presents a Christ shaped theology of preaching Beyond exegesis or rhetoric alone faithful proclamation is a question of spirituality of preachers and listeners together yielding to God s gift of new life *Postmodern Theology* Frederic B. Burnham,2006-10-01 The dominant position of science in our culture has ended In our postmodern world belief that science will provide the answer to our problems and that progress is inevitable has been shaken if not toppled Optimism has been replaced by realism creating a milieu for the development of intelligent Christian belief Participating in the Trinity Institute s conference on The Church in a Postmodern Age these six prominent scholars explore the breakdown of the basic tenets of the Enlightenment the sorry state of biblical literacy in our culture Christian faith in a pluralistic world the relevance of the Bible today and the role of the church in our age Contributors Robert N Bellah Diogenes Allen George A Lindbeck James B Miller Sandra M Schneiders and Rowan D Williams

Preaching to a Postmodern World Graham M. Johnston,2001-07-01 While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God s Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners In *Preaching to a Postmodern*

World Johnston shows pastors seminary students professors lay teachers and church leaders can reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God's truth The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance
