Preaching The Practice:

Co-preaching Frida Mannerfelt, 2023-05-04 The purposes of this article based thesis are to explore and understand preaching as a practice in general and the practice of preaching in digital culture and spaces in particular Informed by the practice theory of Theodore Schatzki it presents the results of a cross case analysis of four different case studies of the practice of preaching in digital culture and spaces in Swedish protestant churches Based on the analysis Frida Mannerfelt argues that the deep relationality of the practice of preaching involves not just humans and texts but also material arrangements and that this feature often is amplified in digital culture and spaces While there were examples of a decrease overall there was an increase in interaction negotiation and interdependency In light of this Manner felt contends that the practice of preaching in digital culture and spaces is characterized by co preaching Moreover Mannerfelt argues that some of the implications of co preaching are the enabling and encouragement of dialogue imagination and the priestly function of the priesthood of all believers but also an increased vulnerability for the co preachers involved *The Practices of Christian Preaching* Jared E. Practicing the Preaching Life David B. Ward, 2019-03-19 Preaching is a way of life that can be beautiful and good however It can also be anxious self focused and destructive Preachers and teachers of preaching need a holistic view of preaching that not only paints the way to good preaching but also to good living They need a comprehensive practical theology of preaching that combines the why and the what with the how and whom of preaching *Practicing the Preaching Life* unites Christian practices contextual virtues and the best of homiletical pedagogy to pave the way to a beautiful preaching life Preaching is best learned as a formative Christian practice embedded within a web of other Christian practices that form a way of life from which great sermons emerge Therefore preaching requires not only a way of speaking well but also a way of living well This embedded nature of preaching requires the enrollment of Christian practices in the formation of the preacher and the pursuit of contextual virtues for preaching that avoid cultural relativism on the one hand and cultural

imperialism on the other These requirements lead to a new vision for the preaching classroom the rhythms of the preaching life and the definition of what it means to be a good preacher

Transformational Preaching David M. Brown, 2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral

ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

Pasquarello III,2011-06-28 Michael Pasquarello has written a must read book articulating a Trinitarian vision for preaching His compelling argument is richly informed by traditional biblical hermeneutics creedal history understood as storied attestation of the witness of Scripture and liturgical theology and practice considered as embodied performance of the Bible s divine narrative Here is a clear summons to the church to abandon all lesser homiletic aims and to prayerfully and faithfully proclaim the holy gospel to the glory of God Charles L Bartow Princeton Theological Seminary Like all of Michael Pasquarello s work his newest book not only upholds the classical Christian tradition but also breathes new vitality into it In an era in which preaching is reduced to persuasive communication Pasquarello reminds us that the Christian message has a content that originates in and gives expression to the Father Son and Holy Spirit Richard Lischer Duke Divinity School One of the refreshing things about this fine book by Michael Pasquarello is that when he thinks about the ministry of preaching he is not afraid to measure the breadth historically or plumb the depths theologically Pasquarello has written this book like a good sermon faithfully thoughtfully prayerfully and with a profound word to speak We are in his debt Thomas G Long Candler School of Theology Boldly challenging homiletical accommodation to American culture Pasquarello seeks to change the subject of preaching from method and marketing to the Triune God who is the source and goal of our speech A welcome theological vision of preaching Charles L Campbell Columbia Theological Seminary Christian Preaching brings together two disciplines that have sadly grown apart such that they almost developed irreconcilable differences preaching and theology Pasquarello offers a brilliant critique of theology as technique and draws on the theology and sermons of Irenaeus Augustine Luther Wesley and others convincingly demonstrating that effective pragmatic preaching requires substantive theological engagement and vice versa This book accomplishes its purpose so well that it should be used not only in preaching courses but also in basic theology courses No preacher should be let loose on a congregation without passing through Pasquarello s Christian Preaching D Stephen Long Marquette University Mike Pasquarello III PhD University of North Carolina Chapel Hill

is Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary He is the author of *Sacred Rhetoric Preaching as a Theological and Pastoral Practice of the Church* Preaching the Pastoral Epistles Robert W.

Wall,2024-04-09 Since the second century 1 2 Timothy and Titus often referred to as the Pastoral Epistles have been read and practiced together to help order a Christian congregation s life and mission These three letters were likely recognized early on as divinely inspired scripture and were added to the Pauline collection to help train the spiritual leaders of earliest Christianity However they are rarely taught in most congregations and seminaries today Admittedly the genre of these letters paraenesis is hard to preach The primary reason for their neglect however is modern criticism s silencing of them because most scholars think they were not written by Paul and are not aligned with either his gospel or mission Moreover they include instructions that are widely received today as out of sync with our modern social worlds This Proclamation Commentary on these Pauline letters presumes both their apostolic authority as divinely inspired and human inspiring scripture and their contemporary relevance in encouraging clergy and teachers to reimagine their roles as ministers of the gospel and spiritual leaders for today s global church *Preaching and Theology in Anglo-Saxon England* Milton McC. Gatch,1977-12-15 In *Preaching and Theology in Anglo Saxon England* Professor Gatch deals with two aspects of the writings of Ifric and Wulfstan that have been hitherto ignored by scholars of the period First he investigates the uses for which the two homilists prepared their sermons analysing the homiliaries of the Carolingian church and its legislation concerning preaching and teaching and showing that one should look not to the model of patristic preaching but to the development in the place of exegetical preaching of a vernacular catechetical office the Prone He also considers the evidence from England in the time of Ifric and Wulfstan distinguishing a number of uses which Ifric intended for his homiletic materials but questioning whether users of Ifric s work Wulfstan perhaps among them understood or accepted the basic homiletic practices that the abbot had in mind Second Gatch investigates the eschatological teaching of the homilists as specimen of the over all content of their sermons and as indicator of their theological method By throwing their work into relief against the background of the anonymous Old English homilists he gives a more accurate picture than exists in textbook stereotypes of the beliefs of Ifric and Wulfstan and also of the general theological scene in England at the turn of the tenth and eleventh centuries The first complete edition of Ifric s Latin epitome of Julian of Toledo s *Prognosticon futuri saeculi* one of the most important of Ifric s theological sources is appended to the text This interdisciplinary study is an important addition to our knowledge of Anglo Saxon culture and medieval church history and a major contribution to the study of Old English homilies For the uninitiated it is an excellent introduction to Old English preaching for the initiated it opens a new field for investigation **The Preaching of the Third Crusade (1187-1192)** Alexander Marx,2024-12-23 This book delivers the first substantial study of the preaching of the Third Crusade 1187 92 It assembles c 200 sermon texts and c 100 manuscripts to understand the explosive dynamic of mobilization in the Latin West Dealing with the essential fact that a genre called

crusade sermon did not exist it develops methodological devices for identifying sermons relevant for the crusading purpose The book contests thus the modern historiography which has placed too much trust in the few chronicle reports However its fruitful blending of crusading preaching exegesis manuscript studies and intellectual history has much to offer beyond crusade studies Practices of Power Robert Ewusie Moses,2014-04-01 The conception of powers and principalities in Paul s thought has been amply explored but how did the powers work in the Pauline community Robert Ewusie Moses argues that Paul s conception of the powers is best understood through examining the practices he advocates for the early believers In this detailed study Moses shows that Paul believed certain practices guarded believers from the dominion of the powers while others exposed humans to the work of powers of darkness Moses traces the distinct function of power practices in each of Paul s letters and draws illuminating comparisons with traditional African religious practices *The Witness of Preaching* Thomas G. Long,2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions **The Witness of Preaching, Second Edition** Thomas G. Long,2005-10-20 This thorough and detailed revision of *The Witness of Preaching* is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and included more examples of sermon forms illustrations and conclusions He continues to critically engage the best thinkers in the field of homiletics bringing into the conversation both important new voices and the latest works of those who appeared in the first edition In addition he addresses some of the new forces at work such as the use of video clips and PowerPoint presentations in sermons

Learning to Speak of God Mason Lee,2023-11-16 What difference does the virtue of patience make for our ability to engage deeply in the practice of patience And how does patience help us grasp the something more that is at the heart of preaching excellence *Learning to Speak of God* argues that the virtue of patience is vital to our faithful and deep preaching practice that patience is a homiletical virtue In doing so this volume asks us to consider the role of character in preaching and the work of specific virtues as we go about our preaching practice Along the way it names the importance of patience as a long acknowledged Christian virtue and considers anew how this virtue shapes and empowers the practice of those who desire to preach in ways that participate in God s transforming work For those who study practice or care about preaching this volume identifies how any notion of what it means to preach well calls for those whose practice is infused with the virtue of patience Arts and Preaching Sunggu A.
