Preaching To A Multi Generational Assembly:

Preaching to a Multi-generational Assembly Andrew-Carl Wisdom, 2004 With the acceleration of technological change new and distinct generations are created faster than before Generational boundaries become more fluid Multiple age groups have different generational mindsets distinct worldviews and varied spiritual needs How then do preachers speak to congregations that comprise four to five separate generations Preaching to a Multi generational Assembly addresses how to effectively and credibly preach to all generations at the same time In Preaching to a Multi generational Assembly Andrew Cal Wisdom offers a credible new homiletic model to make Catholic preaching more exciting accessible and effective for both the assembly and preacher by making it more generationally relevant He reflects upon the current state of preaching through Catholic and Protestant voices He argues from communication theory that generation is a subculture like ethnicity and race and should be seriously considered in homiletic preparation He applies contemporary marketing segmentation theory to preaching in proposing a qualified generational segmentation of the Sunday assembly Finally he combines both theories to demonstrate both the opportunity and viability of intergenerational preaching in a Catholic context Chapters are Why Effective Preaching Is a Priority The Problem The Genesis of the Catholic Homily Intergenerational Preaching as a Sacred Dance Between Culture Language and Meaning What the Preacher Can Learn from the Marketer The Catholic Sacramental Imagination A Generational Bridge Does It Work The Mechanics of Intergenerational Preaching and So What Includes tales graphs and a conclusion with practical suggestions on how to become an effective and credible intergenerational preacher

Preaching in an Age of Globalization Eunjoo Mary Kim, 2010-01-01 There are many books on the market that address how culture race gender or economic status affect the way preachers preach and congregations hear sermons This is the first book to address preaching that promotes solidarity across these differences Preaching needs to be targeted to specific contexts But how can a preacher handle specific contexts when we live in a globalized world What does local context mean and who defines it Kim develops the concept of trans contextual preaching to show how preachers can respect diversity and global connections She develops a new theology of preaching examines the modes of biblical interpretation appropriate for trans contextual preaching and explores designs for sermons Sample sermons from the author provide excellent illustrations

Preaching Effectively, Revitalizing Your Church Guerric DeBona, 2009 Preaching Effectively Revitalizing Your Church offers a practical and theological guide to effective preaching Guerric DeBona an experienced and respected teacher of homiletics uses the metaphor of a ladder to describe the ascent up seven rungs that constitute the strategies of preaching Beginning with advice on discovering a personal theology of preaching the author proceeds to unlock the power of the Bible and the liturgy He then guides preachers in creating a unified homily and in discovering a homiletic method that best suits their own intellect and temperament Chapters on communicating in contemporary culture and on globalizing the homily for the New Evangelization are vital for coming to grips with the technological age and the often bewildering diversity of today s

world Finally DeBona challenges readers to recognize and confront their own obstacles to effective preaching Each chapter ends with questions to assist preachers in appropriating the material With bad homilies consistently cited as a factor in declining church attendance Preaching Effectively Revitalizing Your Church answers a very pressing need especially in view of the papacy's urgent call to rescue traditionally Christian countries from the brink of total secularization Book jacket **A Little Book for New Preachers** Matthew D. Kim, 2020-01-14 One of the central tasks of pastoral ministry is preaching the Word of God Yet those who are called to ministry may feel unprepared unable or unwilling to step into this role In this brief introduction to homiletics seasoned preacher Matthew Kim provides proven insight and guidance about the importance and history of preaching the characteristics of faithful preaching and the personal habits of a faithful preacher **Enflamed by the Sacramental Word** Vincent J. Pastro, 2010-04-15 Christian proclamation says Dietrich Bonhoeffer is the living Christ walking among the people Preachers know that Jesus is the living Word and that the Spirit of Jesus animates the preaching event Preaching is an epiclesis an invocation of the Holy Spirit over God's holy people As such it must touch their imagination Pastro proposes that preaching is the living ecclesial presence of Jesus Christ Sacramental Word of the God of the poor The Word speaks from the imagination of the poor the economic poor but also the new poor of the twenty first century entire indigenous cultures women those marginalized because of their sexuality undocumented immigrants in dominant cultures and many others All Christian preachers in every context are called to solidarity with the poor Learning God's Stories Together Dorothy Henderson, 2007-08-25 In this valuable resource Dorothy Henderson explains encourages and enables all ages learning People looking for help in developing an all ages learning program will be heartened by the wealth of practical advice Learning God's Stories Together provides The first part of the book explains the theory and practice of all ages learning Dorothy opens our eyes to its myriad benefits It's fun It builds community It lets us hear points of view from groups we might not normally have a chance to mingle with Dorothy presents her ideas in an easily accessible style that will fit with almost any congregation large or small There is a section describing the five generations that might form an all ages learning group which is interesting and useful and not only for church group use We also learn about the advantages of all ages learning which are many Dorothy provides step by step instructions for setting up all ages learning and ideas to use for our first gatherings The information is complete and inspires us to go ahead and try this if we haven't done it before it will provide depth and insight and new ideas for those who already have all ages learning happening in their church The second part of the book consists of 20 story sessions each of which contains suggestions for gathering for telling and talking about the story and for exploring the story and making it part of your life Again lots of practical suggestions that will appeal to both children and adults Dorothy presents her information in a friendly tone that encourages educators to be enthusiastic about embracing this rewarding style of learning What other institution do you know where five generations come together every week worshipping drinking juice and coffee talking eating doing important mission work and learning together what it means

to love God and love a neighbour as oneself The church provides a natural environment for all ages gatherings But as Edward Loper reminds us There was a time not all that long ago when we did not need to intentionally talk about the relationships between generations The relationships were plain for all to see Most of us lived in the context of an extended family Members of several generations lived in a close proximity to one another knew each other and supported each other This is no longer the case It is time once again to become intentional in building connections among the generations *Good News Preaching* Gennifer Benjamin Brooks, 2025-10-01 In an update to her foundational work *Good News Preaching* Brooks frames the essential methodology of good preaching the importance of real transformative good news This second edition of *Good News Preaching* accounts for changes in the landscape of church and culture including a global pandemic and shrinking congregations and argues that the good news of God's grace and liberation is ever more essential for Christian discipleship

Unexpected Grace Gennifer Benjamin Brooks, 2012-07-01 The Bible is often difficult to comprehend for those in the pews Even those who value preaching as an important element of their ministry are challenged when confronted with difficult texts Brooks welcomes the challenge and offers methods aimed at developing sermons that allow the good news to shine through even the most difficult of Bible texts *Between the Ambo and the Altar* Guerric DeBona, 2014-10-02 The publication of *The Roman Missal Third Edition* offers an opportunity for homilists to explore the relationship between the Sunday readings and the new Roman Missal *Between the Ambo and the Altar* is the second book Year B in a three volume series that presents scriptural liturgical and preaching commentary for Sundays solemnities and feasts throughout the year Each Sunday's resources are presented in three sections exploring the Scripture connecting the Lectionary with the liturgy and a homiletic strategy DeBona takes the preacher through a meditation on the language of the Missal suggests parallels to the Sunday Lectionary and gives practical homiletic strategies using core themes and images It is hoped that the commentary advances a framework for homily preparation so that preachers might savor the deep meaning of the word of God which unfolds each year in the liturgy Benedict XVI *Verbum Domini* 52 **Preaching to Second Generation Korean Americans** Matthew D.

Kim, 2007 This in depth study on preaching to second generation Korean Americans the first of its kind is based on empirical and ethnographic fieldwork Matthew D Kim conducted surveys and semi structured qualitative interviews with Korean American pastors and second generation young adult respondents in three geographic regions of the United States the Midwest the West Coast and the East Coast His primary conceptual framework employs social psychologists Hazel Markus and Paula Nurius theory of possible selves to facilitate the process of congregational exegesis in the second generation Korean American church context This book offers a new contextual homiletic model that enables Korean American preachers to engage in deeper levels of ethnic and cultural analysis in their sermonic preparation Simultaneously the author reconstructs conventional preaching roles of Korean American preachers and second generation listeners so that they may co creatively imagine new possible selves that radically advance Christian mission and practice in the world This book will serve

as a primary or secondary source for upper level undergraduate graduate and postgraduate courses on preaching communication studies ethnic and racial studies cross cultural ministry or social psychology **Sermons on Important Subjects ...
