Become a part of artist and master gardener Frances Palmer's world as she shares everything she knows about growing and arranging flowers in this gorgeous book. Flower lovers prepare for peak inspiration. Amy Merrick author of *On Flowers*. In this follow up to *Life in the Studio*, potter, gardener and photographer Frances Palmer celebrates her love of flowers. Frances approaches her garden planning in waves ensuring there are always beautiful booms for her to photograph in her vases. In *Life with Flowers*, chapters for each of these waves includes profiles on her favorite varieties with flower specific gardening how to's and arranging techniques as well as delicious flower forward recipes and simple DIY projects. Part of the delight and richness of this book comes from the fact that Frances is at once a gardener and an artist. We learn that she was inspired to grow bearded irises after an exhibition of Cedric Morris's iris paintings at the Garden Museum in London that when arranging her tulips she thinks of Andr  Kert s's 1939 surreal photograph *Melancholic Tulip* and that she never passes a tiger lily without imagining the chattering garden from *Alice in Wonderland* or smells her azalea bush without being transported to the English garden of Rebecca. To read *Life with Flowers* is to be invited into both the garden and the creative mind of an insatiably curious, highly skilled and wildly generous talent.

The Name of the Ros  Christine E. Blum, 2018-11-27. The ladies of the Wine Club take a break from sipping their ros  to put a cork in murder. Annie Halsey Hall could get used to this sitting around the pool in her backyard in Southern California savoring the latest wine flights with the ladies of the Rose Avenue Wine Club, her best friend Sally, frozen yogurt shop owner Aimee, widow Peggy and their newest member, journalist Mary Anne. Even Bardot Halsey's yellow lab is in attendance eyeing the pool as if contemplating a dive. But the peaceful pleasure of the afternoon is soon shattered by the boom of a small plane crash at nearby Santa Monica Airport. Sometime later a sour faced detective shows up holding a package of illegal drugs found on the plane with Sally's address on it. Being suspected of drug smuggling is bad enough but when a young mechanic who works at the airport is found murdered, the club springs into action. To get their investigation off the ground they're going to have to wing it but they're determined to unmask a killer.

The Art of Pressed Flowers and Leaves Jennie Ashmore, 2019-05-02. A ground breaking book on the art of pressed flowers and leaf works from leading flower artist Jennie Ashmore. Our love for flowers and leaves has never been more pronounced and in this book we teach you how to make the most of the rediscovered pressed flower art from choice of flowers including roses, oak leaves and seaweed, the various ways of pressing them, designing with pressed flowers and leaves, achieving symmetry, the use of colour and combining pressed flowers with watercolour and gouache, painted background and gold and silver paper. The highly experienced author gives a range of insider tips from using the ribs of leaves to create pattern and movement, pressing both sides of a leaf and capturing the

seasons in one piece of work She also provides templates to help you get started A plant directory at the back of the book allows you to see what various plants look like when pressed A stunningly beautiful book that opens up a traditional art to a very contemporary expression for all crafters and nature lovers
