Romanian Folklore and its Archaic Heritage Ana R. Chelariu, 2023-02-13 This book presents rich information on Romanian mythology and folklore previously under explored in Western scholarship placing the source material within its historical context and drawing comparisons with European and Indo European culture and mythological tradition The author presents a detailed comparative study and argues that Romanian mythical motifs have roots in Indo European heritage by analyzing and comparing mythical motifs from the archaic cultures Greek Latin Celtic Sanskrit and Persian with written material and folkloric data that reflects the Indo European culture The book begins by outlining the history of the Getae Dacians beginning with Herodotus description of their customs and beliefs in the supreme god Zamolxis then moves to the Roman wars and the Romanization process before turning to recent debates in linguistics and genetics regarding the provenance of a shared language religion and culture in Europe The author then analyzes myth creation its relation to rites and its functions in society before examining specific examples of motifs and themes from Romanian folk tales and songs This book will be of interest to students and scholars of folklore studies comparative mythology linguistic anthropology and European culture **The British Juvenile** ,1879 **The Sketch** ,1914 *Adventure* ,1922 True Lies and Short Takes Eugene L. Stelzig, 2022-10-12 This gathering of autobiographical essays focuses on different experiences and periods of the author s life and hybrid identity a childhood spent in Austria teenage years in an American school and then a lyc e in France coming to the U S as a young adult and attending college studying in England for two years and then settling permanently in the U S into an academic career The word essay in the title is meant in its original or French sense as an attempt or trial The

twenty four items in this gathering are a kaleidoscopic collection of such attempts at different modes of self reflexivity They are arranged not so much in the chronological order of their composition as by way of loosely assembled thematic clusters True lies suggests that by transforming lived experiences into language by way of memory imagination and reflection and often years and decades later we inevitably alter them as we write them down But we also re experience them and in so doing shift them into another register These recollections cover a wide range of experiences Stelzig s early years his absurd encounter with a barber in Salzburg his mysterious Buddha experience in Hong Kong his travel misadventure in Spain his career as an aspiring poet his commitment to teaching Shakespeare s plays his love of dogs and of tennis and the death of a nineteen year old Austrian au pair girl True Lies is divided into three parts Austrian Roots addresses Stelzig s early years including his relationship with his Austrian parents Adult Branchings focuses on his American adult life and identity The final section Falling Leaves is for the most part a set of reflections on the later stages of life and the sense of mortality and of time running out the challenge of being in time and the question of what remains **The Student's Darwin** Edward B.

Aveling,1881 *The Overland Monthly* ,1891 **Dryden and Enthusiasm** John West,2018-01-25 In Dryden s writing enthusiasm is a source of literary authority It signals divinely inspired literary creativity It is central to Dryden s theoretical defences of the relationship between literature and the passions It is also crucial to his poetic practice in a variety of genres from odes to religious poems to translations Enthusiasm for Dryden ultimately enables literature to break into regions of knowledge beyond rational human comprehension Yet after the rise of radical sectarianism in the 1640s and 1650s where claims of inspiration legitimised challenges to established political authority enthusiasm also carried dangerous theological and political connotations In Dryden s writing enthusiasm is thus also a pejorative term It is used to attack political radicals and religious dissenters In the aftermath of the Civil Wars it is at the root of many perceived threats to the stability of the Restoration state This book explores the paradoxical place of enthusiasm in Dryden s writing and the role he conceived for it in art and society after the violent upheavals of the mid seventeenth century Works from across his oeuvre are explored from his early essays and heroic plays to his translations via new readings of his famous political and religious poems These are read alongside other major writers of the period like Milton and less well known authors such as John Dennis The book suggests new ways of conceptualising the relationship between literary practice and ideological allegiance in Restoration England It reveals Dryden to be a writer who was consistently interested in the limits of what literature could express what feelings it could provoke and what it could make people believe at a time when such questions were of uncertain political importance **Punch** ,1900 **Fraser's Magazine for Town and Country** ,1878 **Fraser's Magazine for Town and Country** James Anthony Froude,John Tulloch,1878
