Predtechī Slavianofil Stva V Russkoi Literature Obshchestvo Beseda Liubitelei Russkogo Slova:

A History of Russian Literature Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation *Pushkin's Lyric Intelligence* Andrew Kahn, 2012-05-31 Pushkin s lyric intelligence is his capacity to transform philosophical and aesthetic ideas into poetry that questions the creative process This first major study of his lyrics reveals the links between Pushkin s conceptual vocabulary and his intellectual life and between his writing and the influences of French and English authors and movements An Introduction To Nineteenth-century Russian Slavophilism Peter K. Christoff, 2019-03-07 This book is written based on vigorous and prolonged debates between the Slavophiles and proponents of Russian Slavophilism s principal ideological rival Westernism in the mid nineteenth century It presents the analysis and evaluation of Iu F Samarin s dissertation *The Cambridge History of Russian Literature* Charles Moser, 1992-04-30 An updated edition of this comprehensive narrative history first published in 1989 incorporating a new chapter on the latest developments in Russian literature and additional bibliographical information The individual chapters are by well known specialists and provide chronological coverage from the medieval period on giving particular attention to the nineteenth and twentieth centuries and including extensive discussion of works written outside the Soviet Union The book is accessible to students and non specialists as well as to

scholars of literature and provides a wealth of information **Church, Nation and State in Russia and Ukraine** Geoffrey A. Hosking, 1991-09-23 The opportunities opened up by the Gorbachev reforms have shown that religion is one of the most significant dynamic forces in Soviet society Yet few scholars have attempted to relate the study of churches and religious movements in recent centuries to the politics and culture of the Soviet Union To remedy this deficiency leading western experts on Christianity in the Eastern Slav lands gathered at a conference in London on the occasion of the millennium of the baptism of Rus Their papers present unexpected and fascinating insights into an under rated but crucial aspect of the life of the Soviet peoples **Russia in the Age of the Enlightenment** Roger Bartlett, Janet M Hartley, 1990-08-01 **Waiting for Pushkin** Alessandra Tosi, 2006-01-01 Waiting for Pushkin provides the only modern history of Russian fiction in the early nineteenth century to appear in over thirty years Prose fiction has a more prominent position in the literature of Russia than in that of any other great country Although nineteenth century fiction in particular occupies a privileged place in Russian and world literature alike the early stages of this development have so far been overlooked By combining a broad historical survey with close textual analysis the book provides a unique overview of a key phase in Russian literary history Drawing on a wide range of sources including rare editions and literary journals Alessandra Tosi reconstructs the literary activities occurring at the time introduces neglected but fascinating narratives many of which have never been studied before and demonstrates the long term influence of this body of works on the ensuing golden age of the Russian novel Waiting for Pushkin provides an indispensable source for scholars and students of nineteenth century Russian fiction The volume is also relevant to those interested in women s writing comparative studies and Russian literature in general The Imperial Sublime Harsha Ram, 2006-03-31 The Imperial Sublime examines the rise of the Russian empire as a literary theme simultaneous with the evolution of Russian poetry between the 1730s and 1840 the century during which poets defined the main questions facing Russian literature and society Harsha Ram shows how imperial ideology became implicated in an unexpectedly wide range of issues from formal problems of genre style and lyric voice to the vexed relationship between the poet and the ruling monarch Vasilii Trediakovsky Irina Reyfman, 1990 Vasilii Trediakovsky 1703 69 was one of the eighteenth century poets instrumental in creating a Russian literature based on West European models yet a striking discrepancy exists between his obvious importance and his notoriously bad reputation among his contemporaries and later generations of Russian writers and critics In exploring the mechanisms of the creation and transmission of literary reputation the author uses material that is frequently dismissed as irrelevant and unreliable rumors anecdotes and opinions This material is used to detect mythological patterns in accounts of the historical past in this case eighteenth century Russian literature and to investigate the role of mythmaking in modern cultural consciousness This book argues that the Russian literary figures of the eighteenth century regarded their age as making a complete break with the past and entering into a totally new stage of historical development **Women Writers in Russian Literature** Toby W. Clyman, Diana

Greene,1994-04-30 For all readers interested in the fabric of women s literature and women in a literary society this book represents the highest achievement to date in Russian studies Choice *Free Voices in Russian Literature, 1950s-1980s*

Bosiljka Stevanovic,Vladimir Wertsman,1987 **Early Modern Russian Writers, Late Seventeenth and Eighteenth Centuries** Marcus C. Levitt,1995 Spans the period in which Russia was transformed from an essentially medieval feudal culture into a modern secularized European empire A time during which literature underwent a radical fundamental change

Russian Studies in History ,2008 **The American Bibliography of Slavic and East European Studies** ,1988

Indiana Slavic Studies ,1956 *Vasilii Trediakovskii* Irina Reyfman,1986 **Pushkin's Bronze Horseman** A Khan,1998-06-26 The Bronze Horseman is arguably the greatest narrative poem in Russian literature This work considers the history of its composition providing an excursus on the formal properties of the poem extensive commentary and an assessment of key thematic questions Slavic Review ,1985 Coverage of Russian Eurasian and East European issues *In Search of an Order* Ulla Birgegård,Irina Il'inichna Sandomirskai□a□,2004 The essays presented in this book cover that age of European rationality during which by fits and starts between intermittent wars and armistices the gradual move took place from the epoch of the Baroque to Classicism and then to the age of Romanticism During the period one of the empires evolves into a European superpower reaches its apogee and slowly declines in the meantime its counterpart on the other shore closely watches and emulates its neighbor enemy big brother and gradually masters the art of being an empire We never leave the scene of the narrative delineated in this volume at the turning point when the impoverished Sweden sets out on the path towards European nation statehood leaving the newly magnificent Russia to shine on land and sea in its stubborn pursuit of unrestricted dominion The stage of this historical drama is not only populated by armies and navies but also enlivened by an incessant flow of travelers traversing the expanses of the other in both directions and beyond each other s confines in search of each other s secrets the keys to the other s and consequently one s own symbolic constitution

Aristocrat-librarian in Service to the Tsar Mary Stuart,1986 A major biographical study of Aleksei Nikolaevich Olenin the first director of the Imperial Public Library in St Petersburg in the context of Russian history and civilization of the late eighteenth and first half of the nineteenth century
