The Part and the Whole in Early American Literature, Print The Magazine of History with Notes and Queries, 1923 Culture, and Art Matthew Pethers, Daniel Diez Couch, 2024 This collection maps the significance of fragmentary forms in early American literature and culture from the mid seventeenth to mid nineteenth century The Part and the Whole recovers the distinct aesthetics of the incomplete retelling the story of American culture by reorienting our collective understanding toward texts and objects that have often been critically ignored The Latest Early American Literature R. C. De Prospo, 2016-01-21 The Latest Early American Literature according to readers for the University of Delaware Press is a collection of polemics and manifestoes In it R C De Prospo bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prospo proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America's lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard's semiotics its synchronic differend Closer to earth De Prospo tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of The Latest Early American Literature what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer **Early American Literature** Alfred Owen Aldridge, 2014-07-14 A Owen Aldridge shows that early American literature is not an isolated phenomenon but one affected by the same influences which operated upon other literatures of the period Originally published in 1982 The
