

THE PRELUDE TO EMPIRE

Plassey Revolution of 1757

Sushil Chaudhury

Prelude To Empire Plassey Revolution

Christina Welsch

Prelude To Empire Plassey Revolution:

The Prelude to Empire Sushil Chaudhury, 2000 This Is A Perceptive And Comprehensive Study Of The Plassey Revolution Of 1757 The Author Looks At The Event In All Its Aspect Such As Bengal Under The Nawab The Activities Of European Companies And The Asian Traders Nawab Sirajuddaula Causes Of Conflict Between Him And The East India Company The Imperatives Of The Revolution Genesis Of The Conspiracy The Main Conspirators The Revolution And Its Aftermath Ideology and Empire in Eighteenth-Century India Robert Travers, 2007-04-19 Robert Travers analysis of British conquests in late eighteenth century India shows how new ideas were formulated about the construction of empire After the British East India Company conquered the vast province of Bengal Britons confronted the apparent anomaly of a European trading company acting as an Indian ruler Responding to a prolonged crisis of imperial legitimacy British officials in Bengal tried to build their authority on the basis of an ancient constitution supposedly discovered among the remnants of the declining Mughal Empire In the search for an indigenous constitution British political concepts were redeployed and redefined on the Indian frontier of empire while stereotypes about oriental despotism were challenged by the encounter with sophisticated Indian state forms This highly original book uncovers a forgotten style of imperial state building based on constitutional restoration and in the process opens up new points of connection between British imperial and South Asian history **From Plassey to Partition** Śekhara Bandyopādhyāya, 2004 From Plassey to Partition is an eminently readable account of the emergence of India as a nation It covers about two hundred years of political and socio economic turbulence Of particular interest to the contemporary reader will be sections such as Early Nationalism Discontent and Dissension Many Voices of a Nation and Freedom with Partition On the one hand it converses with students of Indian history and on the other it engages general and curious readers Few books on this crucial period of history have captured the rhythms of India s polyphonic nationalism as From Plassey to Partition **The Black Hole of Empire** Partha Chatterjee, 2012-04-08 When Siraj the ruler of Bengal overran the British settlement of Calcutta in 1756 he allegedly jailed 146 European prisoners overnight in a cramped prison Of the group 123 died of suffocation While this episode was never independently confirmed the story of the black hole of Calcutta was widely circulated and seen by the British public as an atrocity committed by savage colonial subjects The Black Hole of Empire follows the ever changing representations of this historical event and founding myth of the British Empire in India from the eighteenth century to the present Partha Chatterjee explores how a supposed tragedy paved the ideological foundations for the civilizing force of British imperial rule and territorial control in India Chatterjee takes a close look at the justifications of modern empire by liberal thinkers international lawyers and conservative traditionalists and examines the intellectual and political responses of the colonized including those of Bengali nationalists The two sides of empire s entwined history are brought together in the story of the Black Hole memorial set up in Calcutta in 1760 demolished in 1821 restored by Lord Curzon in 1902 and removed in 1940 to a neglected churchyard

Challenging conventional truisms of imperial history nationalist scholarship and liberal visions of globalization Chatterjee argues that empire is a necessary and continuing part of the history of the modern state **The Anarchy** William Dalrymple, 2019-09-10 Finalist for the Cundill History Prize ONE OF PRESIDENT BARACK OBAMA S FAVORITE BOOKS OF THE YEAR NAMED A BEST BOOK OF THE YEAR BY The Wall Street Journal and NPR Superb A vivid and richly detailed story worth reading by everyone The New York Times Book Review From the bestselling author of Return of a King the story of how the East India Company took over large swaths of Asia and the devastating results of the corporation running a country In August 1765 the East India Company defeated the young Mughal emperor and set up in his place a government run by English traders who collected taxes through means of a private army The creation of this new government marked the moment that the East India Company ceased to be a conventional company and became something much more unusual an international corporation transformed into an aggressive colonial power Over the course of the next 47 years the company s reach grew until almost all of India south of Delhi was effectively ruled from a boardroom in the city of London The Anarchy tells one of history s most remarkable stories how the Mughal Empire which dominated world trade and manufacturing and possessed almost unlimited resources fell apart and was replaced by a multinational corporation based thousands of miles overseas and answerable to shareholders most of whom had never even seen India and no idea about the country whose wealth was providing their dividends Using previously untapped sources Dalrymple tells the story of the East India Company as it has never been told before and provides a portrait of the devastating results from the abuse of corporate power Bronze Medal in the 2020 Arthur Ross Book Award **The Politics of Empire at the Accession of George III** James M. Vaughn, 2019-02-26 An important revisionist history that casts eighteenth century British politics and imperial expansion in a new light In this bold debut work historian James M Vaughn challenges the scholarly consensus that British India and the Second Empire were founded in a fit of absence of mind He instead argues that the origins of the Raj and the largest empire of the modern world were rooted in political conflicts and movements in Britain It was British conservatives who shaped the Second Empire into one of conquest and dominion emphasizing the extraction of resources and the subjugation of colonial populations Drawing on a wide array of sources Vaughn shows how the East India Company was transformed from a corporation into an imperial power in the service of British political forces opposed to the rising radicalism of the period The Company s dominion in Bengal where it raised territorial revenue and maintained a large army was an autocratic bulwark of Britain s established order A major work of political and imperial history this volume offers an important new understanding of the era and its global ramifications **Historical Dictionary of the British Empire** Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw

materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain

The Corporation That Changed the World Nick Robins,2012-10-05 This is the history of the East India Company and its enduring legacy as a corporation dealing in exploitation and violence The English East India Company was the mother of the modern multinational Its trading empire encircled the globe importing Asian luxuries such as spices textiles and teas But it also conquered much of India with its private army and broke open China s markets with opium The Company s practices shocked its contemporaries and still reverberate today This expanded edition explores how the four forces of scale technology finance and regulation drove its spectacular rise and fall This story provides vital lessons on both the role of corporations in world history and the steps required to make global business accountable today

Power of Bonding and Non-Western Emerging Great Powers Engagement Md. Nazmul Islam,2023-10-30 In international politics states often strive to maintain their position through either cooperation or force Soft power theory has emerged as a non violent approach for states to achieve national interest by utilizing intangible resources China and India have both successfully employed soft power strategies to expand their influence and Pakistan is a relevant case study for examining the soft power of China and India as it neighbors of both countries The withdrawal of the United States from Afghanistan has raised questions about how India and China will engage and cooperate in dealing with Pakistan as well as how they will fill the regional gap left by the US Nazmul Islam considers Joseph S Nye s Soft Power theory and develops a new idea of Power of Bonding based on non Western perspectives to examine India and China s soft power strategy on Pakistan Additionally it evaluates their areas of influence and soft power strategy in three thematic areas political and diplomatic engagement cultural attributions and attraction for power bonding and economic partnerships To accomplish these objectives the study relies on various research methods including content analysis of articles published in Pakistan s Dawn newspaper and one on one interviews with participants from Pakistan India and China

India, Modernity and the Great Divergence Kaveh Yazdani,2017-01-05 India Modernity and the Great Divergence is an original and pioneering book about India s transition towards modernity and the rise of the West The work examines global entanglements alongside the internal dynamics of 17th to 19th century Mysore and Gujarat in comparison to other regions of Afro Eurasia It is an interdisciplinary survey that

enriches our historical understanding of South Asia ranging across the fascinating and intertwined worlds of modernizing rulers wealthy merchants curious scholars utopian poets industrious peasants and skilled artisans Bringing together socio economic and political structures warfare techno scientific innovations knowledge production and transfer of ideas this book forces us to rethink the reasons behind the emergence of the modern world [Eighteenth-Century Gujarat](#) Ghulam A. Nadri,2009 The eighteenth century in South Asian history is a period of great dynamism and a critical phase in the historical trajectory of the subcontinent This book focuses on the merchants and manufacturers of Gujarat who amidst complex political developments succeeded in preserving their autonomy and freedom in the market place By spotting economic growth in the late eighteenth century this study rejects the constructed dualism between a seventeenth century of great progress and an eighteenth century of chaos and decline [Trade, Politics and Society](#) Sushil Chaudhury,2016-09-13 The essays in the volume deal with a broad range factors integral to Indian history in the early modern era They unfold many facets of the trade politics and society of the country and offer new perspectives which will help dispel some long held misconceptions The first part of the book is concerned mainly with trade and commerce in Bengal while subsequent chapters provide an extensive survey of maritime trade in the Indian Ocean and the unique contribution of Armenian communities in Dhaka s commercial and social life of the eighteenth century Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Circumambulations in South Asian History* Jos Gommans,Om Prakash,2003-09-01 This exciting and thought provoking volume written by a small number of outstanding scholars on colonial and medieval Indian history ethnohistory and the new military history of South Asia forms the best tribute thinkable to one of the leading scholars in the field of Indian History Professor Dirk Kolff Focusing on wider geographical as well as on more specific social and military aspects the first section deals with issues of Islamic and European expansion in South Asia The second section examines specific medieval topics such as military service and slavery legitimacy and religious devotion The third section represents Kolff s interest in colonial history and his more recent excursions into the realms of Subaltern and Cultural Studies A must for every library [The Intra-Asian Trade in Japanese Copper by the Dutch East India Company During the Eighteenth Century](#) Ryūto Shimada,2006 In this definitive study of the intra Asian trade in Japanese copper trade by the Dutch East India Company the author argues that the trade in this commodity reaped high profits Despite the huge imports of British copper by the English East India Company during the eighteenth century the Dutch Company successfully continued to sell Japanese copper in South Asia at higher prices Compared to the capital intensive development of British mines in the age of the Industrial Revolution the copper production in Tokugawa Japan was characterized by a labour intensive revolution which also made a big impact on the local economy

Power of Bonding and Non-Western Soft Power Strategy in Iran Md. Nazmul Islam,2022-12-09 This book comparatively assesses the China and India s soft power strategy in Iran By employing Joseph S Nye s Soft Power theory and

forming the new concept of Power of Bonding this book formulated China and India's soft power narratives and applied it through the empirical analysis in Iran Based on this theory this book seeks explanations for the question of How China and India respectively strategically and comparatively use the soft power strategy in Iran To reach the find out this book compares the understanding resources strategies influences and uses of China and India's soft power in Iran under three thematic areas including power of bonding through cultural attractions and attributions political and diplomatic engagement and economic partnerships By analysing China and India's soft power strategy in Iran this book seeks to contribute to the soft power literature through a theoretical replication based on non Western soft power strategy the concept and its empirical application in China and India

The Company's Sword Christina Welsch, 2022-08-25 Examines the role of the East India Company's independent armies in the colonial government of South Asia

India and International Law, Volume 2 Bimal N. Patel, 2008-02-01 India and International Law volume 2 examines India's policy and practical approach to modern and emerging subjects such as energy investment sports banking biotechnology taxation water courses feminism air law and role of India in UN reforms The most discussed interlinked issues of civilian nuclear energy and nuclear weapons are analysed in two separate chapters This volume also examines legal challenges and offers possible solutions in the area of private international law which hopefully would serve the purposes of relevant policy makers judiciary common men and women and 2.5 million Non Resident Indians NRIs India and International Law volume 2 will enable the readers to realize the sheer magnitude of legal challenges faced by India hence one way forward is to consider some of the suggestions offered by the authors It is hoped that these two volumes will provide a useful framework for similar studies and will remain a must source of consultation for those who are interested in India's state practice on international law

[A History of Bangladesh](#) Willem van Schendel, 2020-07-02 A revised and updated edition of Willem van Schendel's state of the art history revealing the vibrant and colourful past of Bangladesh

Property, Land, Revenue, and Policy J. Albert Rorabacher, 2016-09-13 For the first century and a half of its nearly 275 year existence the English East India Company remained ostensibly a mercantile enterprise satisfied to simply trade and to compete with other European traders In the middle of the eighteenth century as a response to French expansion in India the East India Company redefined itself becoming an active participant in India's game of thrones This book charts that transition Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

[Spinning Yarns](#) Sushil Chaudhury, 2020-03-10 Since time immemorial Indian textiles especially textiles from Bengal were in great demand and exported to different parts of the world Textiles from Bengal were appreciated by the Romans as early as first century ad Numerous foreign travellers including Chinese Portuguese Arab and Persian have mentioned the delicacy and beauty of Bengal textiles From the mid seventeenth century there was a massive spurt in demand of cloth manufactured in Bengal but after the British conquest of Bengal in 1757 this industry started to decline This monograph traces the journey of Bengal textiles till its decline Among the topics covered

include accounts of the admiration for Bengal textiles from far and wide the different types of textiles that were manufactured in Bengal the major exporters the major centres of production the production system the Dhaka muslin and the silk industry in Bengal the procuring system that was adopted by the European Asian merchants the condition of the artisans who were the chief pillars of the textile industry and lastly the reasons behind the decline of the Bengal textile industry This is the first comprehensive volume on Bengal textile industry It is the outcome of the author s four and a half decades of work on various aspects of Indian Ocean trade the activities of the European companies and their impact on Indian Bengal s economy Please note This title is co published with Manohar Publishers New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
