Prelude And Transfiguration From Wagners Tristan And Isolde

William Kinderman

Prelude And Transfiguration From Wagners Tristan And Isolde:

Richard Wagner: Tristan und Isolde Arthur Groos, 2011-03-31 Seven leading international writers discuss the genesis libretto and music and performance and reception history of Wagner's Tristan **Prelude and Transfiguration from Tristan and Isolde** Robert Bailey, 1985 *The New Grove Guide to Wagner and His Operas* Barry Millington, 2006-08-15 One of the most controversial figures in the history of ideas as well as music Richard Wagner continues to stimulate debate whenever his works are performed Drawing upon the scholarship of The New Grove Dictionary of Opera the most comprehensive dictionary of opera in the world Barry Millington offers a concise portable survey and guide which will make a welcome addition to the shelf of anyone who loves opera Millington has completely updated the original pieces and contributed four new chapters on Wagner including a summary of Wagner productions from 1876 to the present day a suggested listening and viewing guide complete chronology of Wagner's operas and a glossary of terms that will delight any opera goer In addition there are detailed entries on each of Wagner's operas a main biographical section and a group of separate articles on such topics as Leitmotif and Gesamtkunstwerk as well as a newly revised updated article on Bayreuth Complete with a new preface updated bibliography glossary and discography including first release dates of each recording The New Grove Guide to Wagner and his Operas furnishes both seasoned Wagner lovers and neophytes with all they require for an in depth appreciation of this unique historical figure **Wagner: Prelude and Transfiguration from Tristan and Isolde** Richard Wagner, 1985 **Musical Analyses and Musical Exegesis** Jean-Jacques Nattiez, 2021 Here translated for the first time Jean Jacques Nattiez's widely hailed comparative guide to the techniques of music analysis focuses on a single vivid passage from Wagner's Tristan and Isolde *Music Analysis in the Nineteenth Century: Volume 1, Fugue, Form and Style* Ian Bent, 1994-03-17 This book demonstrates in fascinating diversity how musicians in the nineteenth century thought about and described music The analysis of music took many forms verbal diagrammatic tabular notational graphic was pursued for many different purposes educational scholarly theoretical promotional and embodied very different approaches This the first volume is concerned with writing on fugue form and questions of style in the music of Palestrina Handel Bach Mozart Beethoven and Wagner and presents analyses of complete works or movements by the most significant theorists and critics of the century The analyses are newly translated into English and are introduced and thoroughly annotated by Ian Bent making this a volume of enormous importance to our understanding of the nature of music reception in the nineteenth century **Music Theory, Analysis, and Society** Robert P. Morgan, 2017-07-05 Robert P Morgan is one of a small number of music theorists writing in English who treat music theory and in particular Schenkerian theory as part of general intellectual life Morgan's writings are renowned within the field of music scholarship he is the author of the well known Norton volume Twentieth Century Music and of additional books relating to Schenkerian and other theory analysis and society This volume of Morgan's previously published essays encompasses a broad range of issues including historical and

social issues and is of importance to anyone concerned with modern Western music His specially written introduction treats his writings as a whole but also provides additional material relating to the articles included in this volume [The Tragic and the Ecstatic](#) Chafe,2005-09-15 During the years preceding the composition of *Tristan and Isolde* Wagner's aesthetics underwent a momentous turnaround principally as a result of his discovery of Schopenhauer Many of Schopenhauer's ideas especially those regarding music's metaphysical significance resonated with patterns of thought that had long been central to Wagner's aesthetics and Wagner described the entry of Schopenhauer into his life as a gift from heaven Chafe argues that Wagner's *Tristan and Isolde* is a musical and dramatic exposition of metaphysical ideas inspired by Schopenhauer The first part of the book covers the philosophical and literary underpinnings of the story exploring Schopenhauer's metaphysics and Gottfried van Strassburg's *Tristan* poem Chafe then turns to the events in the opera providing tonal and harmonic analyses that reinforce his interpretation of the drama Chafe acts as an expert guide interpreting and illustrating most important moments for his reader Ultimately Chafe creates a critical account of *Tristan* in which the drama is shown to develop through the music

Music as Cultural Practice, 1800-1900 Lawrence Kramer,1993-11-24 In *Music as Cultural Practice* Lawrence Kramer adapts the resources of contemporary literary theory to forge a genuinely new discourse about music Rethinking fundamental questions of meaning and expression he demonstrates how European music of the nineteenth century collaborates on equal terms with textual and sociocultural practices in the constitution of self and society In Kramer's analysis compositional processes usually understood in formal or emotive terms reappear as active forces in the work of cultural formation Thus Beethoven's last piano sonata Op 111 forms both a realization and a critique of Romantic utopianism Liszt's *Faust Symphony* takes bourgeois gender ideology into a troubled embrace Wagner's *Tristan und Isolde* articulates a basic change in the cultural construction of sexuality Through such readings Kramer works toward the larger conclusion that nineteenth century European music is concerned as much to challenge as to exemplify an ideology of organic unity and subjective wholeness Anyone interested in music literary criticism or nineteenth century culture will find this book pertinent and provocative

A Companion to Wagner's Parsifal William Kinderman,Katherine Rae Syer,2005 These essays demonstrating and exploring the abiding fascination of Wagner's controversial work *The Cambridge Companion to Wagner* Thomas S. Grey,2008-09-11 Richard Wagner is remembered as one of the most influential figures in music and theatre but his place in history has been marked by a considerable amount of controversy His attitudes towards the Jews and the appropriation of his operas by the Nazis for example have helped to construct a historical persona that sits uncomfortably with modern sensibilities Yet Wagner's absolutely central position in the operatic canon continues This volume serves as a timely reminder of his ongoing musical cultural and political impact Contributions by specialists from such varied fields as musical history German literature and cultural studies opera production and political science consider a range of topics from trends and problems in the history of stage production to the representations of gender and sexuality With the inclusion of

invaluable and reliably up to date biographical data this collection will be of great interest to scholars students and enthusiasts

[The Ring of Truth](#) Roger Scruton, 2016-06-09 The ideal interpreter of the Ring a fascinating and valuable study absorbing and convincing Sunday Times The Ring of the Nibelung is one of the greatest works of art created in modern times Roger Scruton's brilliant and passionate exploration of the drama music symbolism and philosophy of Wagner's masterpiece with its themes of love death sacrifice and freedom shows how ultimately it expresses the truth about the human condition Highly original and penetrating tremendous Tim Blanning Literary Review A rich historical account After reading this book only the most unadventurous reader would turn down the chance to see Wagner's masterpiece Economist A brilliant gallop through the master's religious musical and philosophical contexts Sue Prideaux Spectator Scruton is one of the finest philosopher musicians since Schopenhauer Jonathan Gaisman Standpoint

The Oxford Handbook of Western Music and Philosophy Tomás McAuley, Nanette Nielsen, Jerrold Levinson, Ariana Phillips-Hutton, 2020-12-04 Whether regarded as a perplexing object a morally captivating force an ineffable entity beyond language or an inescapably embodied human practice music has captured philosophically inclined minds since time immemorial In turn musicians of all stripes have called on philosophy as a source of inspiration and encouragement and scholars of music through the ages have turned to philosophy for insight into music and into the worlds that sustain it In this Handbook contributors build on this legacy to conceptualize the rich interactions of Western music and philosophy as a series of meeting points between two vital spheres of human activity They draw together key debates at the intersection of music studies and philosophy offering a field defining overview while also forging new paths Chapters cover a wide range of musics and philosophies including concert popular jazz and electronic musics and both analytic and continental philosophy

[Opera on the Couch](#) Steven H. Goldberg, Lee Rather, 2022-06-01 In this widely ranging collection of essays a group of contemporary psychoanalyst authors turn their finely honed listening skills and clinical experience to plumb the depths and illuminate themes of character drama myth culture and psychobiography in some of the world's most beloved operas The richly diverse chapters are unified by a psychoanalytic approach to the nuances of unconscious mental life and emotional experience as they unfold synergistically in opera's music words and drama Opera creates a unique bridge between thought and feeling mind and body and conscious and unconscious that offers fertile ground for psychological exploration of profound human truths Each piece is written in a colorful and non technical manner that will appeal to mental health professionals musicians academics and general readers wishing to better understand and appreciate opera as an art form

National Traditions in Nineteenth-Century Opera, Volume II Michael C. Tusa, 2017-03-02 This volume offers a cross section of English language scholarship on German and Slavonic operatic repertoires of the long nineteenth century giving particular emphasis to four areas German opera in the first half of the nineteenth century the works of Richard Wagner after 1848 Russian opera between Glinka and Rimsky Korsakov and the operas of Richard Strauss and Janáček The essays reflect diverse methods ranging from stylistic philological and historical

approaches to those rooted in hermeneutics critical theory and post modernist inquiry **Wagner's Parsifal** William Kinderman, 2018-03-01 William Kinderman's detailed study of Parsifal described by the composer as his last card explores the evolution of the text and music of this inexhaustible yet highly controversial music drama across Wagner's entire career This book offers a reassessment of the ideological and political history of Parsifal shedding new light on the connection of Wagner's legacy to the rise of National Socialism in Germany The compositional genesis is traced through many unfamiliar manuscript sources revealing unsuspected models and veiled connections to Wagner's earlier works Fresh analytic perspectives are revealed casting the dramatic meaning of Parsifal in a new light Much debated aspects of the work such as Kundry's death at the conclusion are discussed in the context of its stage history Path breaking as well is Kinderman's analysis of the religious and ideological context of Parsifal During the half century after the composer's death the Wagner family and the so called Bayreuth circle sought to exploit Wagner's work for political purposes thereby promoting racial nationalism and anti-Semitism Hitherto unnoticed connections between Hitler and Wagner's legacy at Bayreuth are explored here while differences between the composer's politics as an 1849 revolutionary and the later response of his family to National Socialism are weighed in a nuanced account Kinderman combines new historical research sensitive aesthetic criticism and probing philosophical reflection in this most intensive examination of Wagner's culminating music drama

"Composition, Chromaticism and the Developmental Process " Henry Burnett, 2017-07-05 Musicology having been transmitted as a compilation of disparate events and disciplines has long necessitated a magic bullet a unified field theory so to speak that can interpret the steady metamorphosis of Western art music from late medieval modality to twentieth century atonality within a single theoretical construct Without that magic bullet discussions of this kind are increasingly complicated and to make matters worse the validity of any transformational models and ideas of the natural evolution of styles is questioned and even frowned upon today as epitomizing a grotesque teleological bigotry Going against current thinking Henry Burnett and Roy Nitzberg claim that the teleological approach to observing stylistic change is still valid when considered from the purely compositional perspective The authors challenge the traditional understanding of development and advance a new theory of eleven pitch tonality as it relates to the corpus of Western composition The book plots the evolution of tonality and its bearing on style and the compositional process itself The theory is not based on the diatonic aspect of the various tonal systems exploited by composers rather the theory is chromatically based the chromatically inflected octave being the source not only of a highly ingenious developmental dialectic but also encompassing the moment to moment progression of the musical narrative itself Even the most profound teachings of Schenker and the often startlingly original and worthwhile speculations of Riemann Tovey Dahlhaus and others still provide no theory of development and so are ultimately unable to unite the various tendrils of the compositional organism into a unified whole Burnett and Nitzberg move beyond existing theory and analysis to base their theory from the standpoint of chromatic pitch fields These fields are

the specific chromatic pitch choices that a composer uses to inform and design a complete composition utilizing *The Toscanini Mystique* Kenneth A. Christensen, 2014-10-31 Kenneth A Christensen THE TOSCANINI MYSTIQUE is the first full length biography about the legendary Italian conductors life and career in almost thirty five years Maestro Toscanini had a frigid and extremely unhappy childhood along with a severe musical education at the Parma Conservatory This unglamorized account of a gifted teenagers professional conducting debut at Rio de Janerios Teatro Imperial is told as it really happened Toscanini was married to a ballerina Carla De Martini who bore him four children but also had an illegitimate son with a gifted soprano who was born retarded Toscaninis vulgar mistreatment of nearly all the singers and musicians who performed under his direction was legendary and is examined with unusual insight about his uncanny memory and talent for musical recreation The recollection of many famous artists including Caruso Debussy Kreisler Puccini Stravinsky Verdi and Wagners descendants are quoted alongside his confrontations with Hitler Mussolini and the Sicilian mafia But the Maestro also was the most generous of all musicians donating both his time and talents to many worthwhile charities for which he received no financial compensation The life of this great conductor is presented as the struggles of a musical and theatrical reformer who was a major historical figure that just happened to be one of the greatest musicians who ever lived Mr Christensen has painstakingly wrote his narrative using all the previous biographies and magazine articles on his life the scripts of two video documentaries and the liner notes for the most widely available re releases of his recordings He rewrote and clarified the awkward original Italian translations for non specialist readers and has supplied new English translations for the numerous operatic titles and other musical works as well as all the foreign language newspapers magazines and theatres mentioned in the text In addition he has provided professional critiques on the most widely available Toscanini recordings from RCA Victors Arturo Toscanini Collection and historic reissues of Toscaninis NBC radio broadcast concerts Here was a man who had the nerve to stand up to world dictators and fought hard to prevent the Western worlds supreme musical masterpieces from being abused and mistreated but without taking any credit for laboriously recreating all these composers inspiration He enjoyed to play practical jokes on his family and friends but this humorous side is known only through letters because Toscanini never published any autobiography or memoirs about his art Toscanini gave the world premieres of 14 operas including Leoncavallos Pagliacci and three by Puccini including La Boheme La Fanciulla del West and Turandot Toscanini served as musical director the Teatro Regio in Turino 1895 98 La Scala in Milano 1898 1908 New Yorks Metropolitan Opera 1908 1915 barely missed dying upon the Lusitania becoming musical director of La Scala again 1920 1929 the New York Philharmonic 1926 1936 and the NBC Symphony Orchestra 1937 1954 In between he also guest conducted at the Bayreuth Salzburg and Lucerne Festivals and conducted the inaugural concerts of the Palestine Symphony Toscanini then recorded his most important repertory with the BBC Symphony and the Philadelphia Orchestra the New York Philharmonic and NBC Symphony Orchestras alongside the Robert Shaw Chorale and such esteemed soloists as Jascha Heifetz Rudolf Serkin plus

his own son in law Vladimir Horowitz His seven operatic recordings featured Jan Peerce Helen Traubel Richard Tucker Giuseppe di Stefano Rose Bampton Cesare Siepi Herva Nelli Licia Albanese Robert Merrill Jussi Bjoerling Lauritz Melchior and many other gifted singers and musicians of the past whose names alone are too much to mention **University of Toronto Quarterly** University of Toronto,1997 Overtones of Opera in American Literature from Whitman to Wharton Carmen Trammell Skaggs,2010 Overtones of Opera explores the discourse of opera both the art form and the social institution in selected works of Whitman Poe Alcott Chopin Cather James and Wharton For some opera provided a powerful artistic medium for expressing a private aesthetic experience in opera they discovered the embodied voice of the artist Others found not only the spectacle of opera but also its spaces the opera houses and boxes perfectly suited for displaying the class based and commodity driven aspirations of America s new aristocracy This noteworthy study will inform and enlighten literary scholars musicologists and lovers of both opera and literature
