

INTRODUCTION

AS THE TOURIST BROCHURE unambiguously states, the British first occupied Hongkong in 1841 during the Opium War. In fact, the acquisition of Hongkong and the conflict that went with it—one of the most extraordinary encounters in the history of any two nations—cannot be seen in isolation, being the outcome of a historical process of which the development from origins takes us back at least two hundred years prior to 1841, and if the experience of the Portuguese, who were the pioneer Europeans on the China coast, is included, well back over a further hundred years.

For the greater part of this long period Hongkong was a nameless island, not an issue between anyone, not even known to any save the handful of Chinese villagers who lived on it and the minor Chinese district officials in whose area it lay, a region of innumerable and similarly nameless islands. The scene of history lay between two places: Canton, the largest city of South China, in those days considerably larger than any city in Europe; and the tiny Portuguese enclave of Macao, eighty-three miles south of Canton at the mouth of the Pearl River.

The Portuguese entered the picture with their first voyage to China in 1513. Against many obstacles, of which the most important was Chinese official unwillingness, they persisted in their attempts to do trade with China, and in 1557, by an agreement with the local Chinese authorities, were permitted to erect permanent buildings at Macao, which in the space of a few years became—and for several decades remained—a

Prelude To Hongkong

Ho Yin-Ping

Prelude To Hongkong:

The Taking of Hong Kong Susanna Hoe, Derek Roebuck, 2013-10-11 Relations between Britain and China have for over 150 years been inextricably bound up with the taking of Hong Kong Island on 26 January 1841 The man responsible Britain's plenipotentiary Captain Charles Elliot was recalled by his government in disgrace and has been vilified ever since by China This book describes the taking of Hong Kong from Elliot's point of view for the first time through the personal letters of himself and his wife Clara and shows a man of intelligence conscience and humanitarian instincts The book gives new insights into Sino British relations of the period Because these are now being re assessed both historically and for the future revelations about Elliot's role intentions and analysis are significant and could make an important difference to our understanding of the dynamics of these relations On a different level the book explores how Charles the private man with his wife by his side experienced events rather than how Elliot the public figure reported them to the British government The work is therefore of great historiographical interest

The Hong Kong Region 1850-1911 James Hayes, 2012-05-01 First published in 1977 The Hong Kong Region is a historical reconstruction of long settled village and township society in Hong Kong's New Territories between 1850 and 1911 The book's central argument is that the gentry and bureaucracy played almost no role in these communities which were run by local peasants and shopkeepers who had to deal virtually unaided with routine administration and with every form of disaster natural or man made A substantial new introduction reviews the research and its wider implications for our understanding of traditional Chinese society in the light of later scholarly studies

Pacific Crossing Elizabeth Sinn, 2012-12-01 During the nineteenth century tens of thousands of Chinese men and women crossed the Pacific to work trade and settle in California Drawn initially by the gold rush they took with them skills and goods and a view of the world which though still Chinese was transformed by their long journeys back and forth They in turn transformed Hong Kong their main point of embarkation from a struggling infant colony into a prosperous international port and the cultural center of a far ranging Chinese diaspora Making use of extensive research in archives around the world Pacific Crossing charts the rise of Chinese Gold Mountain firms engaged in all kinds of transpacific trade especially the lucrative export of prepared opium and other luxury goods Challenging the traditional view that the migration was primarily a coolie trade Elizabeth Sinn uncovers leadership and agency among the many Chinese who made the crossing In presenting Hong Kong as an in between place of repeated journeys and continuous movement Sinn also offers a fresh view of the British colony and a new paradigm for migration studies

Golden Guide to Hongkong and Macao P. H. M. Jones, 1970

The Hong Kong Conundrum Rup Narayan Das, 2022-12-29 The peaceful surrender of Hong Kong to China on the midnight of 30 June 1997 after almost one hundred and fifty six years of colonial rule was unique in the annals of history Rarely before had one power surrendered a rich prize to another The credit for finding a solution to the peaceful reunification of Hong Kong a capital enclave with mainland China a socialist country through the formula of one country two systems goes to Deng

Xiaoping China's most pragmatic leader Deng however breathed his last before Hong Kong's merger with the mainland This book attempts to encapsulate the history of Hong Kong ever since the territory was acquired by Great Britain through what the Chinese call the unequal treaties the evolution of the colonial administration in Hong Kong its emergence as a commercial centre and financial hub the protracted Sino British negotiation leading to the signing of the Joint Declaration and the Basic Law the democracy debate in Hong Kong the ethnic Indians in Hong Kong and the pangs of transition Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan *Prelude to Hongkong* Austin Coates, 1966 **Trade, Industrial Restructuring and Development in Hong Kong** Ho Yin-Ping, 2016-07-27 Focusing on trade in manufactures industrial restructuring and economic development and enforced by a rich source of data this book offers an in depth examination of the evolution and characteristics of Hong Kong's postwar economy The book presents an historical and comparative perspective and analyses the symbiotic connection with South China in the light of China's open door policy since late 1970s as well providing a thoughtful assessment of its current turning point *Financial Markets in Hong Kong* Douglas W. Arner, Berry Fong-Chung Hsu, S. H. Goo, Syren Johnstone, Paul Lejot, 2016 This work provides an introduction to the financial markets in Hong Kong and its relationship with China as a whole It sets out the regulatory framework in Hong Kong and covers issues from new legislation to the accession of China to the WTO **Hong Kong Society** Stephen WK Chiu, Kaxton YK Siu, 2022-02-23 This book borrows the concept of high definition from digital broadcasting to highlight our unique approach to Hong Kong society which gives a sharper image than analyses It intends to highlight contrasts with many common and taken for granted stories myths and representations of Hong Kong which often presented with a low level of detail lacking proper connections between grounded personal experiences and the macro social context With chapters covering various salient dimensions of Hong Kong's society including migration economy inequality identity and social movements our high definition approach presents images with high enough resolution to match multiple layers of experiences from walks of life of Hong Kong people contributing to an understanding of how global transformation impacts local people's experiences as well as Hong Kong's significance in the regional and global system **May Days in Hong Kong** Robert Bickers, Ray Yep, 2009-08-01 This is the first sustained exploration of the anti colonial campaign that was inspired by the Cultural Revolution in China recent events in Macao and fuelled by inequalities in Hong Kong society The riots presented a sustained challenge to British authority As leftist led demonstrations evolved into a terrorist bombing campaign the British security response was also markedly strengthened Using recently opened archival records the authors explore the course of the events their international and imperial contexts and their connection to the upheaval in China and Britain's own changing world role The events of 1967 are also grounded in the wider sweep of Hong Kong's history The second part of the book presents testimonies from Hong Kong residents participants in different ways in the unfolding events which speak to the salience of 1967 in Hong Kong's popular memory There has been an awkward silence about this episode

for almost forty years and this book begins to normalize discussion about it and its place in Hong Kong Chinese and British imperial history Hong Kong in Revolt Au Loong-Yu, 2020-08-20 Hong Kong is in turmoil with a new generation of young and politically active citizens shaking the regime From the Umbrella Movement in 2014 to the defeat of the Extradition Bill and beyond the protestors demands have become more radical and their actions more drastic Their bravery emboldened the labor movement and launched the first successful political strike in half a century followed by the broadening of the democratic movement as a whole The book also sets the new protest movements within the context of the colonization revolution and modernization of China Au Loong Yu explores Hong Kong's unique position in this history and the reaction the protests have generated on the Mainland But the new generation's aspiration goes far beyond the political It is a generation that strongly associates itself with a Hong Kong identity with inclusivity and openness Looking deeper into the roots and intricacies of the movement the role of Western Values vs Communism and Hong Kongness vs Chineseness the cultural and political battles are understood through a broader geopolitical history For good or for bad Hong Kong has become one of the battle fields of the great historic contest between the US the UK and China

Proceedings of the 9th International Conference on Financial Innovation and Economic Development (ICFIED 2024) Khaled Elbagory, Zefu Wu, Hamdan Amer Ali Al-Jaifi, Shafie Mohamed Zabri, 2024-05-07 This is an open access book Background Financial globalization plays a huge role in promoting the development of the world economy and the optimal allocation of world resources stimulates the accelerated development of the international division of labor and increases the international flow of production factors such as industrial transfer capital transfer and technology transfer It enables developing countries to make up for the lack of their own capital and technology and obtain industrial evolution technological progress and institutional innovation thereby accelerating the speed of economic development it also enables developed countries to open up cheap labor raw material markets and broad consumer markets prolonging product value More profits ease the economy the contradiction of stagflation and restore economic growth Present situation At the current stage the overall environment of the international financial market is relatively stable and the market environment has been improved to some extent However due to the complexity and diversity of the world economy coupled with the national characteristics of some countries There is great uncertainty in international policies which has greatly affected the stability of the international financial market In addition the current international environment is changing The conflict between Russia and Ukraine the epidemic and the Taiwan issue have all had an impact on the international economic situation This is also the difference between this conference and previous conferences we hope to have a deeper discussion on the current situation Objectives of this conference The 9th International Conference on Financial Innovation and Economic Development ICFIED 2024 aims to accommodate this need as well as to

- 1 provide a platform for experts and scholars engineers and technicians in the field of financial Innovation and economic development to share scientific research achievements and cutting edge technologies
- 2 Understand academic

development trends broaden research ideas strengthen academic research and discussion and promote the industrialization cooperation of academic achievements 3 Promote the institutionalization and standardization of Financial Innovation and Economic Development through modern research 4 Increasing the number of scientific publications for financial Innovation and economic development Conference information As an annual conference held successfully in the past 8 years the 9th International Conference on Financial Innovation and Economic Development ICFIED 2024 will be held in Ningbo on January 12 14 2024 The conference sincerely invites experts scholars business people and other relevant personnel from domestic and foreign universities research institutions to participate in the exchange We warmly invite you to participate in ICFIED 2024 and look forward to seeing you in Ningbo China **Contemporary China's Diplomacy** Xing Qu, Longbiao

Zhong, 2017-10-19 With the second largest economy and rapidly growing military strength China is now an emerging regional and global super power which makes it confronted with a sudden increase in opportunities pressures and conflicts in terms of international issues This book gives a comprehensive and systematic introduction to the development of China's diplomatic strategies since 1980s which have been changed approximately every ten years to cope with the complicated and changing international situations In 1980s China took non alignment to create a solid external environment for the reform and opening up which had just been initiated With the collapse of the Soviet Union upheaval in Eastern Europe and the end of the Cold War in 1990s China adopted the principle of keeping a low profile and making some contributions to adhere to the road of socialism while avoid making enemies Nowadays due to the continuous enhancement of national power and international status China replaces making some contributions with making positive actions to get more actively involved in international affairs This book will be a valuable reference for studies in China's diplomacy and international relations Readers interested in contemporary China will also be attracted by it Hong Kong's Watershed Gary Ka-wai Cheung, 2009-10-01 Hong Kong's

Watershed The 1967 Riots is the first English book that provides an account and critical analysis of the disturbances based on declassified files from the British government and recollection by key players during the events The interviews with the participants including Jack Cater Liang Shangyuan George Walden Tsang Tak sing Tsang Yok sing and Hong Kong government officials left irreplaceable records of oral history on the political upheaval The book analyses the causes and repercussions of the 1967 riots which are widely seen as a watershed of postwar history of Hong Kong It depicts the prelude to the 1967 riots including the Star Ferry riots in 1966 the leftist instigated riots in Macau in 1966 and the major events leading to the disturbances including the labour dispute at a plastic flower factory the border conflict in Sha Tau Kok bomb attacks and arson attacks on the office of British charge d affaires in Beijing Gary Ka wai Cheung has been a journalist since 1991 He worked as a reporter at Sing Tao Daily Overseas Chinese Daily Yazhou Zhoukan and South China Morning Post covering fields ranging from politics education and integration between Hong Kong and the mainland He is currently an associate news editor at the South China Morning Post *Hong Kong Documentary Film* Ian Aitken, 2014-03-17 A

comprehensive study of the lost genre of Hong Kong documentary film **Building Colonial Hong Kong** Cecilia L. Chu, 2022-04-19 In the 1880s Hong Kong was a booming colonial entrepôt with many European especially British residents living in palatial mansions in the Mid Levels and at the Peak But it was also a ruthless migrant city where Chinese workers shared bedspaces in the crowded tenements of Taipingshan Despite persistent inequality Hong Kong never ceased to attract different classes of sojourners and immigrants who strived to advance their social standing by accumulating wealth especially through land and property speculation In this engaging and extensively illustrated book Cecilia L Chu retells the Hong Kong story by tracing the emergence of its speculative landscape from the late nineteenth to the early decades of the twentieth century Through a number of pivotal case studies she highlights the contradictory logic of colonial urban development the encouragement of native investment that supported a laissez faire housing market versus the imperative to segregate the populations in a hierarchical colonial spatial order Crucially she shows that the production of Hong Kong's urban landscapes was not a top down process but one that evolved through ongoing negotiations between different constituencies with vested interests in property Further her study reveals that the built environment was key to generating and attaining individual and collective aspirations in a racially divided highly unequal but nevertheless upwardly mobile modernizing colonial city Awarded 2023 Best Book in Non North American Urban History by the Urban History Association

Found in Transition Yiu-Wai Chu, 2018-10-16 In *Found in Transition* Yiu Wai Chu examines the fate of Hong Kong's unique cultural identity in the contexts of both global capitalism and the increasing influence of China Drawing on recent developments especially with respect to language movies and popular songs as modes of resistance to Mainlandization and different forms of censorship Chu explores the challenges facing Hong Kong twenty years after its reversion to China as a Special Administrative Region Highlighting locality and hybridity along postcolonial lines of interpretation he also attempts to imagine the future of Hong Kong by utilizing Hong Kong studies as a method Chu argues that the study of Hong Kong the place where the impact of the rise of China is most intensely felt can shed light on emergent crises in different areas of the world As such this book represents a consequential follow up to the author's *Lost in Transition* and a valuable contribution to international area and cultural studies **Banking and Currency in Hong Kong** Y. C. Jao, 1974-06-18 *Contemporary Hong Kong Government and Politics* Wai-man Lam, Percy Luen-tim Lui, Wilson Wong, 2012-07-01 This title describes the present political system and development in Hong Kong The second edition assesses the main strands of continuity and change in Hong Kong's government and politics since the creation of the Hong Kong Special Administrative Region in 1997

Captain Elliot and the Founding of Hong Kong Jon Bursey, 2018-03-30 An in depth look at the life of Captain Charles Elliot from his Royal Navy career to his controversial role in establishing Hong Kong as a British colony On January 26 1841 the British took possession of the island of Hong Kong The Convention of Chuenpi was immediately repudiated by both the British and Chinese governments and their respective negotiators recalled For the British this was Capt Charles Elliot whose

actions in China became mired in controversy for years to come Who was Captain Elliot and how did he find himself at the center of this debate This book traces Elliot s career from his early life through his years in the Royal Navy before focusing on his role in the First Anglo Chinese War and the founding of what became the Crown Colony of Hong Kong Elliot has been demonized by China and for the most part poorly regarded by historians This book shows him to have been a man ahead of his time whose views on slavery armed conflict the role of women and racial equality often placed him at variance with contemporary attitudes Twenty years after the return of Hong Kong to China his legacy is still with us

If you ally dependence such a referred **Prelude To Hongkong** ebook that will have enough money you worth, get the certainly best seller from us currently from several preferred authors. If you desire to droll books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.
