1850s to the country's growing immigrant population among former Whigs in the Border South Jesse George Nichol challenges the prevailing wisdom that Unionism rather than genuine nativism drove these Southerners to join the nativist Know Nothing or American Party She argues that Southern nativism and Unionism were inextricably linked bound by a conviction that foreigners and foreign ideas posed a threat to slavery Southern moderates understood that immigrants were responsible for the growing political imbalance between the free and slave states and after the Kansas Nebraska crisis they came to believe that foreign radicalism was central to the mounting animus against slavery in the North and West These Southerners increasingly saw the sectional conflict as one that not only pitted Northerners against Southerners and freedom against slavery but also as a collision between native American moderation and foreign fanaticism This perception continued to motivate Southern Know Nothings through the election of 1860 the secession crisis and beyond This book sheds new light on the relationships between conservatism nativism Unionism and slavery in Border South politics before the Civil War George Nichol thus argues that understanding Southern nativism is essential to understanding Southern Unionism in the Civil War era *Methodist Magazine and Quarterly Review* ,1860 *The Ridpath Library of Universal Literature ...* John Clark Ridpath,1898
