Preparing for Adolescence Dr James C Dobson, Ph.D.,1981-08-01 Sects, Love, and Rock & Roll Joel Heng Hartse,2010-11-01 If this book moves I hope it moves in the way pop songs do There will be a lot of talk about songs but inasmuch as this is a book about listening to music it s also about how listening to music makes us who we are or at least about how it makes me who I am and so it is an exploration an idiosyncratic and opinionated and particular one of a self shaped by the oddly intersecting forces of the American evangelical Protestant church and the American popular music scene I don't mean for that to sound hoity toity if this were fifteen years ago I would say that this book was about Christian music and I would know exactly what I meant My purpose now is not only to talk about Christian music I am not here to explicate Christian music to explain why it exists and whether it is any good Instead think of what you re about to read as like an iPod playlist a collection of essays and thoughts on listening to music and having faith and how they have made me and a lot of
