justice in which we participate and in being connected to God and to God's work there lies the core of joy. Worship, Justice and Joy draws upon liturgical theology, ritual studies and is a guide for living out faith everyday in community for the common good of justice in the world. The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith, 1911 Of Thine Own Have We Given Thee Shawn O. Strout, 2024-02-29 Every Sunday around the world Christians offer money and in kind gifts to the church traditionally known as alms. This act produces questions about what it means to offer God a gift when God has offered humanity the greatest gift in Jesus Christ or the balance of favour or gratitude in the giving of these gifts. These very questions and more have had a significant influence on the liturgical theology particularly in the offertory within Anglicanism. In Of Thine Own Have We Given Shawn O. Strout provides a comprehensive analysis of the offertory rites including in his analysis other churches within the Anglican Communion beyond the Church of England. Ordered historically the book encompasses the sixteenth century through to current times scrutinising the offertory and oblationary changes throughout their religious and historical contexts. Strout argues that the development of oblation in the offertory was neither arbitrary nor episodic but rather the result of sustained theological tension. Using liturgical theology's tools of historical textual and contextual analyses the book examines why these developments occurred and their importance for the church today. Kierkegaard on God's Will and Human Freedom Lee C. Barrett, 2023-12-11 Søren Kierkegaard's authorship exhibits two different trajectories concerning the relation of responsible human agency to sovereign divine agency. One trajectory stresses free human striving while the other trajectory emphasizes the dominance of divine agency. The first theme led to the view of Kierkegaard as the champion of autonomous existential leaps while the second led to the construal of Kierkegaard as a devout Lutheran who trusted absolutely in God's gracious governance. Lee C. Barrett argues that Kierkegaard, influenced by Kant's critique of metaphysics, did not attempt to integrate human and divine agencies in any speculative theory. Instead Kierkegaard deploys them to encourage different passions and dispositions that can be integrated in a coherent human life making use of literary strategies to foster the different passions and dispositions that are associated with the themes of human responsibility and divine governance. Kierkegaard on God's Will and Human Freedom: An Upbuilding Antinomy offers an incisive account of what makes Kierkegaard's conception of theology as a matter of edification rather than speculation so distinctive and enduringly worthwhile. Ritual Excellence James Farwell, 2023-01-17 A leading expert shares important benchmarks for leading liturgy. Grounded in Christian liturgical theology and how ritual forms the people who practice it, this book offers the principles at work in good liturgical practice, guidance for making liturgical choices and best practices in leading and presiding over liturgical worship. Topics include curating liturgy and leading with excellence, principles for liturgical planning and presiding and best practices for the Eucharist and Baptism. The author draws on his wide-ranging work in ritual theory to provide a practical guide that clergy and lay leaders in the Episcopal Church will find to be an
