Spending Time with God Charles E. Jordan Jr, 2012 Do you have a desire to spend time with God a desire to glean golden nuggets from His truth Perhaps you long to draw closer to your maker but you are having trouble learning how to trust God through the various circumstances that have occurred in your life Spending Time with God will

help you view all of life's situations as being beneficial to your spiritual growth and personal relationship with your heavenly Father. Christ showed the importance of having intimacy with God the Father as He would oftentimes steal away to a secluded area to be alone with Him. In a world that tries to keep us busy, we too must place a priority on intimacy with our Father for at the Lord's feet we receive power, guidance, and knowledge to seek His face. Spending Time with God is a Christian devotional that equips you with wisdom, encouragement, and strength to remain faithful to God and give thanks to Him in all circumstances. 1 Thessalonians 5:18 As you dedicate yourself to spending time with your Father, get ready to discover how He has destined you for greatness. **You Are My Friends** Joseph Stoutzenberger, 2006-12 Prayers and reflections on selected gospel passages directed toward teens and young adults. Destined to be one of a kind classic to be read, re-read, and shared. The stories rage with emotion yet in the end bow blissfully to heavenly interactions, healing, and truth. Not for the faint of heart. Taken from powerfully impacting occurrences on deep issues surrounding murder, suicide, divorce, adultery, death, near death, the broken hearted, and the soul wounded with resounding, proved results. Crammed with unparalleled answers, God's truths, blessings, and of course interventions with God. When the God of Glory touches lives, they are forever changed; you will be too. **BONUS SECTION** included called What's Coming. These are the crucial truths one needs to know about the coming future of mankind told in a simplistic fashion for the novice or believer. All told, Interrupted by God is the total survival manual for a crumbling world and hope for tomorrow. **365 Prescriptions for the Soul** Dr. Bernie S. The Other Significant Others Rhaina Cohen, 2024-02-13 NATIONAL BESTSELLER AN INDIE BESTSELLER

The Other Significant Others fundamentally it's become my new Bible. Trevor Noah: An arresting work of compassion and insight. Lori Gottlieb: I loved and recommend *The Other Significant Others* to everybody. Ezra Klein: I feel like I've been waiting for this book for my entire adult life. Anne Helen Petersen: Why do we assume romantic relationships are more important than friendships? What do we lose when we expect a spouse to meet all our needs? And what can we learn about commitment, love, and family from people who put deep friendship at the center of their lives?

In *The Other Significant Others*, NPR's Rhaina Cohen invites us into the lives of people who have defied convention by choosing a friend as a life partner. These are friends who are home co-owners, co-parents, or each other's caregivers. Their riveting stories unsettle widespread assumptions about relationships, including the idea that sex is a defining feature of partnership and that people who raise kids together should be in a romantic relationship. Platonic partners from different walks of life, spanning age and religion, gender, and sexuality, and more, reveal how freeing and challenging it can be to embrace a relationship model that society doesn't recognize. And they show that orienting your world around friends isn't limited to daydreams and episodes of *The Golden Girls*, but actually possible in real life. Based on years of original reporting and striking social science research, Cohen argues that we undermine romantic relationships by expecting too much of them, while we diminish friendships by expecting too little of them. She traces how, throughout history, our society hasn't always fixated on marriage as the greatest source of meaning or even love. At a time when many Americans are spending large stretches of their lives single, widowed, or divorced, or feeling the effects of the loneliness epidemic, Cohen insists that we recognize the many forms of profound connection that can anchor our lives. A rousing and incisive book, *The Other Significant Others* challenges us to ask what we

want from our relationships not just what we're supposed to want and transforms how we define a fulfilling life
