**Prescription: Love** Mary Schramski,1998-11      **Fighting Retreat** Walter Reid,2024 Winston Churchill was closely connected with India from 1896 when he landed in Bombay with his regiment until 1947 when independence was finally achieved No other British statesman had such a long association with the sub continent or interfered in its politics so consistently and harmfully Churchill strove to sabotage any moves towards independence crippling the Government of India Act over five years of dogged opposition to its passage in the 1930s As Prime Minister during the Second World War Churchill frustrated the freedom struggle from behind the scenes delaying independence by a decade To this day he is the imperialist villain for Indians held personally responsible for the Bengal Famine This book reveals Churchill at his worst cruel obstructive and selfish The same man was outstandingly liberal at the Colonial Office risking his career with his generosity to the Boers and the Irish and later speeding up independence in the Middle East Why was he so strangely hostile towards India
