Present At The Creation My Years In The State Department

Richard Stevens

Present At The Creation My Years In The State Department:

Present at the Creation Dean Acheson, 1970 The author relates his experiences in the State Department during a period that witnessed World War II European reconstruction the Korean War and McCarthyism *Present at the Creation: My Years in the State Department* Dean Acheson, 1987-09-17 Winner of the Pulitzer Prize With deft portraits of many world figures Dean Acheson analyzes the processes of policy making the necessity for decision and the role of power and initiative in matters of state Acheson 1893 1971 was not only present at the creation of the postwar world he was one of its chief architects He joined the Department of State in 1941 as Assistant Secretary of State for Economic Affairs and with brief intermissions was continuously involved until 1953 when he left office as Secretary of State at the end of the Truman years Throughout that time Acheson s was one of the most influential minds and strongest wills at work It was a period that included World War II the reconstruction of Europe the Korean War the development of nuclear power the formation of the United Nations and NATO It involved him at close quarters with a cast that starred Truman Roosevelt Churchill de Gaulle Marshall MacArthur Eisenhower Attlee Eden Bevin Schuman Dulles de Gasperi Adenauer Yoshida Vishinsky and Molotov

Present at the Creation Dean Acheson, 1987 The author relates his experiences in the State Department during a period that witnessed World War II European reconstruction the Korean War and McCarthyism *Present at the creation* Dean Gooderham Acheson, 1969 *Science, Cold War and the American State* Allan A. Needell, 2013-02-01 This book illuminates how Berkner became a model that produced the scientist advisor policymaker that helped build post war America It does so by providing a detailed account of the personal and professional beliefs of one of the most influential figures in the American scientific community a figure that helped define the political and social climates that existed in the United States during the Cold War *Immovable Object* A. B. Abrams, 2020-10-01 North Korea and the United States have been officially at war for over 70 years one of the longest lasting and most unbalanced conflicts in world history in which a small East Asian state has held its own against a Western superpower for over three generations With the Western world increasingly pivoting its attention towards Northeast Asia and the region likely to play a more central role in the global economy North Korea s importance as a strategically located country potential economic powerhouse and major opponent of Western regional hegemony will only grow over the coming decades This work is the first fully comprehensive study of the ongoing war between the two parties and covers the history of the conflict from the first American clashes with Korea s nationalist movement in 1945 and imposition of its military rule over southern Korea to North Korea s nuclear deterrence program and ongoing tensions with the U S today The nature of the antagonism between the two states one profoundly influenced by both decolonisation and wartime memory and the other uncompromising in its attempts to globally impose its leadership and ideology is covered in detail Northern Korea is one of very few inhabited parts of the world never to have been placed under Western rule and its fiercely nationalist identity as a deeply Confucian civilization state has made it considerably more

difficult to tackle than almost any other American adversary This work elucidates the conflicting ideologies and the discordant designs for the Korean nation which have fueled the war and explores emerging fields of conflict which have become increasingly central in recent years such as economic and information warfare Prevailing trends in the conflict and its global implications including the multiple wars that have been waged by proxy are also examined in detail An in depth assessment of the past provides context key to understanding the future trajectories this relationship could take and how a continuing shift in global order away from Western unipolarity is likely to influence its future To understand where the Korean Peninsula might go in the rest of the 21st century Abrams telling of the story of how the two countries got to where they are today is essential ANKIT PANDA senior editor The Diplomat even those who find his conclusions unpalatable will be forced to weigh them carefully JOHN EVERARD former British Ambassador to North Korea

Dean Acheson and the Making of U.S. Foreign Policy Douglas Brinkley, 1993-04-12 President Truman s Secretary of State 1949-53 Dean Acheson was a crucial figure in the shaping of the postwar world In an astonishingly creative and demanding tenure Acheson was involved to a degree seldom realized today in a huge range of issues from the creation of NATO to the Korean War The result of a major commemorative conference this volume brings together ten distinguished diplomatic historians commissioned to write on various aspects of Acheson s career based on primary archival research Churchill, Roosevelt & Company Lewis E. Lehrman, 2017-01-30 During World War II the special relationship between the United States and Great Britain cemented the alliance that won the war But the ultimate victory of that partnership has obscured many of the conflicts behind Franklin Roosevelt s grins and Winston Churchill s victory signs the clashes of principles and especially personalities between and within the two nations Synthesizing an impressive variety of sources from memoirs and letters to histories and biographies Lewis Lehrman explains how the Anglo American alliance worked and occasionally did not work by presenting portraits and case studies of the men who worked the back channels and back rooms the secretaries and under secretaries ambassadors and ministers responsible for carrying out Roosevelt s and Churchill s agendas while also pursuing their own and thwarting others This was the domain of Joseph Kennedy American ambassador to England often at odds with his boss spymasters William Donovan and William Stephenson Secretary of State Cordell Hull whom FDR frequently bypassed in favor of Under Secretary Sumner Welles British ambassadors Lord Lothian and Lord Halifax and above them all Roosevelt and Churchill who had the difficult task not always well performed of managing their subordinates and who frequently chose to conduct foreign policy directly between themselves Scrupulous in its research and fair in its judgments Lehrman s book reveals the personal diplomacy at the core of the Anglo American alliance *Canada in NATO, 1949-2019* Joseph T. Jockel, Joel J. Sokolsky, 2021-10-15 The story of Canada in the North Atlantic Treaty Organization NATO is one of consistent support and involvement but of varying levels of military and diplomatic engagement Canada in NATO 1949-2019 provides the first analysis of Canada s involvement in the Atlantic Alliance from the negotiations leading to the alliance s charter in 1949 to

NATO's seventieth anniversary exploring how the country's role in NATO has evolved over the years. As one of NATO's early foremost participants, Canada was a major force contributor in the 1950s. Briefly deploying more modern fighter aircrafts in Europe than the United States had as well as a naval commitment that would have been responsible for 10 per cent of ship escorts across the North Atlantic. Canada became the odd man out of the western alliance as the Cold War wore on due to its spotty military contributions. Yet Canada eventually re-emerged as a significant member through its contributions to NATO peace enforcement operations in the Balkans in the 1990s and its heavy contributions to operations in Afghanistan in the early twenty-first century, finding itself in the unfamiliar position of criticizing many of the allies by which it had for so long been criticized. As the lead nation for the alliance's enhanced forward presence in Latvia, Canada still plays an important and highly visible role in NATO's efforts in Eastern Europe today. Canada in NATO 1949-2019 sheds light on how NATO profoundly shaped Canadian defence and foreign policy while also serving vital Canadian security and diplomatic interests.

The Irony of Vietnam Leslie H. Gelb, Richard K. Betts, 2016-05-31. If a historian were allowed but one book on the American involvement in Vietnam, this would be it. *Foreign Affairs*. When first published in 1979, four years after the end of one of the most divisive conflicts in the United States, *The Irony of Vietnam* raised eyebrows. Most students of the war argued that the United States had stumbled into a quagmire in Vietnam through hubris and miscalculation, as the *New York Times*'s Fox Butterfield put it. But the perspective of time and the opening of documentary sources, including the Pentagon Papers, had allowed Gelb and Betts to probe deep into the decisionmaking leading to escalation of military action in Vietnam. The failure of Vietnam could be laid at the door of American foreign policy, they said, but the decisions that led to the failure were made by presidents aware of the risks, clear about their aims, knowledgeable about the weaknesses of their allies, and under no illusion about the outcome. The book offers a picture of a steely resolve in government circles that, while useful in creating consensus, did not allow for alternative perspectives. In the years since its publication, *The Irony of Vietnam* has come to be considered the seminal work on the Vietnam War. *Dean Acheson and the Obligations of Power* Michael F. Hopkins, 2017-03-17. Dean Acheson was the most influential American diplomat of the twentieth century. He shaped the pivotal shift in American foreign policy from isolation to engagement in global affairs. This critical re-evaluation of Acheson's public career analyzes his advocacy of intervention against Germany and Japan in 1939-1941, work on sanctions against Japan in 1941, contribution to the creation of new international institutions and campaigns to secure the support of Congress and the American public. It scrutinizes his crucial role in the Truman Doctrine, the Marshall Plan, NATO, the formation of democratic governments in Germany and Japan, and involvement in the Korean War. It examines his advice on Europe and Vietnam to presidents Kennedy, Johnson, and Nixon. Acheson was the architect of the policy of containing the Soviet Union that endured to the end of the Cold War. The book argues that Acheson was slower to abandon the prospect of understandings with the Soviets and the communists in China than his memoirs claim; his focus on the North Atlantic did not

exclude his deep concern for Asian and the policy of containment was part of his wider belief that American power brought the obligation to promote a stable international order Thicker Than Oil Rachel Bronson,2008-06-05 For fifty five years the United States and Saudi Arabia were solid partners Then came the 9 11 attacks which sorely tested that relationship In Thicker than Oil Rachel Bronson reveals why the partnership became so intimate and how the countries shared interests sowed the seeds of today s most pressing problem Islamic radicalism Drawing on a wide range of archival material declassified documents and interviews with leading Saudi and American officials and including many colorful stories of diplomatic adventures and misadventures Bronson chronicles a history of close and always controversial contacts She argues that contrary to popular belief the relationship was never simply about oil for security Saudi Arabia s geographic location and religiously motivated foreign policy figured prominently in American efforts to defeat godless communism From Africa to Afghanistan Egypt to Nicaragua the two worked to beat back Soviet expansion But decisions made for hardheaded Cold War purposes left behind a legacy that today enflames the Middle East Looking forward Bronson outlines the challenges confronting the relationship The Saudi government faces a zealous internal opposition bent on America s and Saudi Arabia s destruction Yet from the perspective of both countries the status quo is clearly unsustainable **The Encyclopedia of the Korean War** Spencer C. Tucker,Paul G. Pierpaoli Jr.,2010-04-09 A multidimensional multidisciplinary work on one of the least understood but most important conflicts in modern history A cornerstone work in ABC CLIO s distinguished list of reference works on military history The Encyclopedia of the Korean War A Political Social and Military History is a comprehensive resource on the confrontation that became the first shooting war of the Cold War the first limited conflict of the Atomic Age and the war that led to a dramatic escalation of the national security state while foreshadowing U S involvement in Vietnam Encyclopedia of the Korean War offers complete coverage of strategies weapon systems and clashes that marked the course of events on the battlefield But this authoritative multidisciplinary work expands beyond the military perspective to portray the overall culture of the era addressing a variety of political economic social and popular culture topics as well Incorporating a wealth of recent research the new edition adds more than 130 entries and updated coverage throughout plus more bibliographic listings an expanded historiographical essay and a documents volume Building Militaries in Fragile States Mara E. Karlin,2018-01-19 With a rich comparative case study approach that spans Europe Asia and the Middle East Building Militaries in Fragile States unearths provocative findings that suggest the traditional way of working with foreign militaries needs to be rethought The Awesome Power Richard F. Haynes,1999-03-01 Since World War II the importance of the military command function of the American presidency has increased dramatically U S chief executives have emerged virtually unchecked as wielders of enormous military power The Awesome Power the first comprehensive study of Harry S Truman as commander in chief is an important and highly relevant book especially in view of the growing concern over the president s ability to wage war without the consent of either the Congress or the American

people A selective chronicle of the events in which Truman's decisions were of historic significance the book analyzes his decision making process in terms of the information available to him the existing pressures and the relationship of his decisions to his own well defined concepts of how a commander in chief should function The author gives a detailed account of the events and circumstances leading up to Truman's most significant decision to use the atomic bomb against Japan He also examines Truman's decisions on postwar civilian control of atomic energy his intervention in Korea his leadership in the Cold War and his conflict with General Douglas MacArthur whose opposition to the president's limited war policies endangered the very basis of the civil military relationship Based in part on research in classified documents previously untapped by nongovernmental researchers *The Awesome Power* is a thorough treatment of a subject of great contemporary significance with one of the most fascinating characters in American political history as its central figure

American Political Thought Richard Stevens, 2017-07-05 This book focuses on the political thought of American statesmen These statesmen have had consistent and comprehensive views of the good of the country and their actions have been informed by those views The editors argue that political life in America has been punctuated by three great crises in its history the crisis of the Founding the crisis of the House Divided and the crisis of the Great Depression The Second World War was a crisis not just for America but for the whole of Western Civilization and in the wake of that war a new crisis arose which came to be called the Cold War Just when that gave the appearance of being resolved the world reached a new juncture a new crisis which Samuel P Huntington dubbed the clash of civilizations The statesmen having political responsibility in confronting the first three crises in America's history came as close to philosophic grasp of the problems of liberal democracy as one could demand from those embroiled in the active resolution of events Their reflection of political philosophy in the full sense informed their actions Since we cannot confidently explain the future Aristotle warned us to call no man happy while he still lives Thus the book in its third edition keeps to its settled pattern of dealing with settled matters The preface to the third edition confronts the three later crises and to the extent consistent with truth attempts to relate them to the first three

Department of State Publication, 1983

Dean Acheson Douglas Brinkley, 1992-01-01 Acheson was President Harry Truman's secretary of state the American father of NATO and active in US foreign policy after World War II He was also a Democratic Party activist in Eisenhower's presidency and an advisor in the Kennedy Johnson and Nixon eras This charts his post secretarial career

Creating the National Security State Douglas Stuart, 2012-06-24 For the last sixty years American foreign and defense policymaking has been dominated by a network of institutions created by one piece of legislation the 1947 National Security Act This is the definitive study of the intense political and bureaucratic struggles that surrounded the passage and initial implementation of the law Focusing on the critical years from 1937 to 1960 Douglas Stuart shows how disputes over the lessons of Pearl Harbor and World War II informed the debates that culminated in the legislation and how the new national security agencies were subsequently transformed by battles over missions budgets and influence during the

early cold war Stuart provides an in depth account of the fight over Truman s plan for unification of the armed services demonstrating how this dispute colored debates about institutional reform He traces the rise of the Office of the Secretary of Defense the transformation of the CIA and the institutionalization of the National Security Council He also illustrates how the development of this network of national security institutions resulted in the progressive marginalization of the State Department Stuart concludes with some insights that will be of value to anyone interested in the current debate over institutional reform

Empire and Nationhood Mary Ann Heiss,1997 In 1951 prime minister Mohammed Mossadegh seized British oil holdings in Iran The move set in motion four years of bitter political and strategic battles between a United Kingdom desperate for an economic rebound and an increasingly anti Western regime in Teheran The Eisenhower administration tried to broker a settlement but Mossadegh was overthrown by an Anglo American operation and replaced by the Shah In this book Mary Ann Heiss provides a detailed account of this turning point in cold war history Drawing on a range of British and American documents she provides an incisive political economic and cultural analysis of the first British and American effort to contain communism and radical Third World nationalism the first American effort to bolster a crumbling British Empire and the first effort by the CIA to overthrow a popular nationalist regime This book is the full story not only of the shift from British to American dominance in the oil economies of the Middle East but also of the rise of nationalism in the context of the cold war

Present At The Creation My Years In The State Department Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Present At The Creation My Years In The State Department**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Present At The Creation My Years In The State Department Introduction

In the digital age, access to information has become easier than ever before. The ability to download Present At The Creation My Years In The State Department has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Present At The Creation My Years In The State Department has opened up a world of possibilities. Downloading Present At The Creation My Years In The State Department provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Present At The Creation My Years In The State Department has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Present At The Creation My Years In The State Department. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Present At The Creation My Years In The State Department. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Present At The Creation My Years In The State Department, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Present At The Creation My Years In The State Department has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Present At The Creation My Years In The State Department Books

1. Where can I buy Present At The Creation My Years In The State Department books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Present At The Creation My Years In The State Department book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
