Present Revelation In Quest Of Religious:

The Present Revelation Gabriel Moran,1972 **Family Centered Intergenerational Religious Education** Kathleen O. Chesto,1988 FIRE is Family Centered Intergenerational Religious Education As an alternative model of religious education the program covers in a four year cycle the main truths of the faith enumerated in the National Catechetical Directory Various options make it possible to repeat the program for a second four year cycle **Back to the Rough Grounds of Praxis** Daniel Franklin Pilario,2005 What is praxis How do we do theology from its perspective These are the main questions which this book seeks to answer As propaedeutic to theological reflection it surveys the notion of praxis in the philosophical sociological and anthropological traditions from Aristotle and Marx to contemporary theories It argues that Pierre Bourdieu s theory of practice achieves a critical synthesis of these different traditions making it a viable theological dialogue partner Bourdieu provides us with a praxeological theory to scrutinize the complexity of the social realm and an epistemological theory to understand the mystery of God s presence in these socio historical conjunctures which serve as the privileged and only locus of His Her revelation The author thus engages two theologians who take praxis practice as central to their theological methods Clodovis Boff liberation theology and John Milbank radical orthodoxy From the perspective of its appropriated framework this work attempts to avoid the limitations as well as preserves the gains achieved by these two approaches as it also explores the rudiments of a theological method relevant to our post Marxist and postmodern global contexts **The Quest for Religious Certainty** Harold Augustus Bosley,1939 **A New Handbook of Christian Theologians** Donald W. Musser,1996 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith **Saving the Earth?** E. M. Conradie,2013 Christians seeking to save the Earth have to relate creation to salvation by doing justice to both themes This study explores the ambiguous legacy of the ways in which this challenge has been approached in the reformed tradition of Swiss Dutch and German origins and in the reception of this tradition in South Africa The book focuses on the diverging interpretations of the category of re creation in this regard Series Studies in Religion and the Environment Studien zur Religion und Umwelt Vol 8 **The Disciple** ,1974 *John Henry Newman on the Idea of Church* Edward Jeremy Miller,2025-05-16 Edward Jeremy Miller s first book is a study of Newman s ecclesiology Miller examines Newman s essays in his Uniform Edition writings long familiar and all 20

000 letters of his correspondence materials much less known and where Newman writes to friends more bluntly Miller's book remains the definitive study of Newman's theology of the church Its new perspectives include a dialectics of discourse Newman's clever checks and balances strategy and his advocacy for involving the laity in the clerical dominated church of his day for consulting them for their views and describing how church teachings are received by being understood properly Finally Newman's ecclesiology would champion what Pope Francis wishes today for a church more synod like an inclusive church listening to all of its voices Commonweal, 1972 *The Thomist*, 1974 A speculative quarterly review **For a Better Worldliness** Brant M. Himes, 2018-09-27 For a Better Worldliness is not only a statement of Abraham Kuyper's and Dietrich Bonhoeffer's theological concept and historical practice of discipleship It is also and perhaps more importantly a call to engage in the fullness of the Christian life here and now While this book goes to great efforts to establish sound historical and theological insights specifically in regards to Kuyper and Bonhoeffer there is a strong underlying current that these particular insights deeply matter to the life of discipleship in the world today History shows us that discipleship is not a singular journey because of Jesus Christ it is not a description of one set path with one set of guidelines A disciple can be a prime minister who unabashedly and successfully campaigned on his Calvinistic principles just as he can be a participant in a coup d'etat launched against a tyrant leading to the disciple's own imprisonment and death Jesus Christ calls whether to the height of political office or to the dank prison cell or more likely for us to somewhere in between **Christian Theology, Volume One** Thomas N. Finger, 2020-03-09 Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my Theology of Hope in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger's theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jurgen Moltmann Professor of Theology University of Tübingen While many systematic theological texts are shaped by academic discussion of ancient thought and or modern philosophies Finger centers on the kerygma of the biblical text that the last things or eschatological events expected at history's climax had already occurred through Jesus life death and resurrection though they were not yet fully realized To present eschatology as a living hope that always has motivated and still motivates Christians and Christian communities in all things Finger does not follow the discipline's traditional order where eschatology appears last but places it first Volume II will culminate with the doctrine of God which usually comes first This is hardly to minimize God's importance but to maximize it as the Christian faith's most profound mystery Volume I begins with eschatology to present it as a dynamic boundless atmosphere in which theological reflection unfolds While this dynamism envelops Christian life and mission it is not merely subjective It is hope for the

transformation of all creation It is not only celebrative for it also struggles against the gruesome evils that seek to dominate all things From this vantage point eschatology in Volume I seeks to articulate the significance of the resurrection the last judgment heaven and hell the return of Christ and the millenium s coming These reflections lead to revelation beginning from the final revelation of Jesus Christ 1 Peter 1 3 13 Revelation s dimensions are treated as personal as historical extending forwards from Genesis and as propositional or its way of conveying its contents These point theological reflection to revelation s center Jesus Christ chiefly to his saving work in his life death and resurrection Here the strengths and weaknesses of the traditional substitutionary and moral influence theories are examined But when placed within their revelational or historical sequence Jesus conflict with the powers of evil stands out These prove to be gigantic systemic forces which have always ordered but also imprisoned humankind such as the Roman Empire Yet their horror and power stretch beyond any social or psychological explanation In Jesus life and death these powers appear to conquer him But through his resurrection Jesus conquers them This drama is best articulated by the Christus Victor approach in which Jesus with his Father and Spirit defeats these powers but does not totally destroy them This is why their eschatological reign is already present but evil is not yet destroyed until the end The Triune Story Robert W. Jenson,2019-06-18 At the time of his death

in the autumn of 2017 Robert W Jenson was arguably America s foremost theologian Over the course of a career spanning more than five decades much of Jenson s thought was dedicated to the theological description of how Scripture should be read what has come to be called theological interpretation In this rapidly expanding field of scholarship Jenson has had an inordinate impact Despite its importance study of Jenson s theology of scriptural interpretation has lagged due in large part to the longevity of his career and volume of his output In this book all of Jenson s writings on Scripture and its interpretation have been collected for the first time Here readers will be able to see the evolution of Jenson s thought on this topic as well as the scope and intensity of his late period engagement with it Where other twentieth century thinkers rely on non theological secular methods of scriptural investigation Jenson is willing to let go of respectability for the sake of a truly Christian theological interpretation The result is a genuinely free intellectually invigorating exercise in reading and theory from one of the greatest theologians in the last century

Invitation to Faith Paul Jersild,2018-10-12 Invitation to Faith is more than a presentation of Christian doctrine It reaches out to the inquiring person addressing problems and reservations that many have concerning Christianity and the viability of its faith for our times Dr Jersild combines an evangelical and ecumenical spirit with a critical perspective as he addresses both the Christian tradition and the culture in which we live

The International Review ,1875 **A Compleat Collection of the Works of ... John Kettlewell** John Kettlewell,1719

Phenomenology of Religion Archana Barua,2009-01-01 Out of the wide variety of themes covered by Husserl s phenomenology and later developed by Heidegger Merleau Ponty and others in different possible directions the present work attempts to indicate the few features of the method that derives from Edmund Husserl s basic themes of the

phenomenological movement and its methodology Barua explores the manner in which this method has been applied to the study of art and religion by other phenomenologists and accordingly introduces the problem of this profound bulk namely the phenomenological approach to religion mostly in their terms **The International Review** John Torrey Morse (Jr.), Henry Cabot Lodge, Robert Percival Porter, Henry Gannett, William Ralston Balch, 1875 The Christian Century , 1924 *Creation and Salvation: Dialogue on Abraham Kuyper's Legacy for Contemporary Ecotheology* Ernst M. Conradie, 2011-03-21 This volume explores the legacy of the Dutch theologian and statesman Abraham Kuyper for contemporary Christian ecotheology It focuses on Kuyper s undestanding of the relationship between creation and salvation It includes essays and responses by contributors from four continents
