commentators who just a decade before were predicting American decline were now complaining about American dominance And yet Dubya blew it Squandered everything he d inherited from President Clinton We thought if Junior was good at anything it was inheriting things It s Still the Economy Stupid is the story of how America s CEO our first MBA president has trashed our economy It shows How he wasted the surplus on massive tax cuts for the hyper rich How he talked down the economy for his short term political gain then passed an economic program that has put 1 8 million Americans out of work and cost investors 4 4 trillion How he abandoned his free trade rhetoric to adopt protectionist tariffs effectively raising taxes on consumers How he walked away from needed investments in education training and all the things that make us smarter safer and stronger economically How he plans to go on from here to cripple Social Security and to allow the privileged to avoid even more taxes It makes you wonder What do they teach you at Harvard Business School **DOE this Month** ,1993
