

# <u>Presidential Campaign Politics Coalition Strategies And</u> <u>Citizen Response The Dorsey Series In Political Science</u>

Michael R. Wolf, Laura Morales, Ken'ichi Ikeda Presidential Campaign Politics Coalition Strategies And Citizen Response The Dorsey Series In Political Science:

**Presidential Campaign Politics** John Howard Kessel, 1980-01-01 Researching the Presidency George C. Edwards, John H. Kessel, Bert A. Rockman, 1993-02-15 This collection brings together two groups of scholars The first persons active in presidential research assess the state of the literature in the recruitment and selection of presidential candidates presidential personality advisory networks policy making evaluations of presidents and comparative analysis of chief executives A second group of scholars specialists in cognitive psychology formal theory organization theory leadership theory institutionalism and methodology apply their expertise to the analysis of the presidentcy in an effort to generate innovative approaches to presidential research By taking a fresh look at a well established field these groundbreaking essays encourage scholars to renew their emphasis on explanation in research American Studies Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 Parties and Elections in America Louis Sandy Maisel, Kara Z. Buckley, 2005 Thoroughly revised and updated the fourth edition of this classic text is still the most comprehensive and readable text available Covering all aspects of the electoral process from historical roots to election year 2004 the authors bring life to parties long declared dead and first hand experience running for office to the sometimes grueling campaign trail Visit our website for sample chapters Ouiet Revolution Byron E. Shafer, 1983-12-01 This is the story of a revolution without fanfare a hidden struggle for party reform that produced a new era in national politics From this struggle emerged the greatest deliberately planned and centrally imposed change in the mechanics of delegate selection and hence presidential nomination in all of American history The success of this revolution heralded the arrival of new political coalitions that would alter the very character of presidential politics from campaign organization to grass roots participation The battle for reform raged within the Democratic party from 1968 to 1972 although it would quickly affect the Republican party as well It was intense intricate and nearly invisible Yet its chronicle is essential background for political practitioners professional commentators and interested citizens alike And it is the basis for understanding the subsequent course of national politics and the current shape of presidential politics Quiet Revolution provides the first definitive account of this struggle for reform an account that is at once modern political history and an illuminating analysis of contemporary American politics Based on candid interviews with numerous key participants and on extensive archival material this compelling narrative offers the fascination of political maneuvers closely observed the drama of momentous events unfolding and the challenge of a new politics newly interpreted Parties and Elections in America Louis Sandy Maisel, Mark D. Brewer, 2008 Provides a comprehensive introduction to the American political process covering national state and local elections nominating processes voting regulations campaigning and campaign finance the role of political parties and influence of the Political Disagreement Robert Huckfeldt, Paul E. Johnson, John media Library of Congress Information Bulletin ,1984

Sprague, 2004-07-12 Political disagreement is widespread within the communication network of ordinary citizens furthermore political diversity within these networks is entirely consistent with a theory of democratic politics built on the importance of individual interdependence The persistence of political diversity and disagreement does not imply that political interdependence is absent among citizens or that political influence is lacking The book s analysis makes a number of contributions The authors demonstrate the ubiquitous nature of political disagreement They show that communication and influence within dyads is autoregressive that the consequences of dyadic interactions depend on the distribution of opinions within larger networks of communication They argue that the autoregressive nature of political influence serves to sustain disagreement within patterns of social interaction as it restores the broader political relevance of social communication and influence They eliminate the deterministic implications that have typically been connected to theories of democratic politics based on interdependent citizens Party Identification, Political Behavior, and the American Electorate Sheldon Kamieniecki.1985-06-19 The End of Realignment? Byron E. Shafer, 1991 This collection of essays questions whether the theory of electoral realignment referring originally to a major shift in party preference within the general public can explain electoral developments in the USA both of the post 1968 period and of earlier political eras Change and Continuity in the 1988 Elections Paul R. Abramson, John H. Aldrich, David W. Rohde, 1990 Political Discussion in Modern Democracies Michael R. Wolf, Laura Morales, Ken'ichi Ikeda, 2010-06-10 This book provides an overview of and new contributions to the study of political discussion in comparative politics It examines deliberation and discussion as the object of analysis and the consequences of political discussion and deliberation Mr. Sorkin Goes to Washington Melissa Crawley, 2014-06-26 Before the unprecedented televised presidential debates of 1960 most Americans were able to relate to their leaders in little more than an historical context. In the era of televised elections however the media have allowed Americans to witness the paternal moral and intellectual qualities of their president up close Television has been so critical to this process of political socialization that for many Americans the televised image of the president is the president As the acclaimed television drama The West Wing demonstrates fictional representations of the presidency can also be significant civic forces This book examines how film and television drama contribute to shaping the presidency and the way most Americans understand it and particularly the processes of political education The text discusses The West Wing's didactic potential its representation of White House politics and its depiction of race and gender with commentary on how fictional representations of the presidency become important elements of American political consciousness *Presidents and Their Parties* Robert Harmel, 1984 Integrating historical analyses of the Presidency from Washington to Reagan with political analyses these articles analyze the relationships of American Presidents with their national political parties The authors examine the behavior of Presidents toward the party as organization and the party in government They describe Presidential party leadership Presidential neglect and domination of the parties Includes proposals for strengthening the relationship of

President and party including recommendations that would require changes through procedural reform ISBN 0 03 062012 0 26 95 Videostyle in Presidential Campaigns Anne Johnston, Lynda Kaid, 2000-10-30 Since 1952 when Eisenhower's media consultants decided they could warm up the General's personality and overcome selective exposure by using short spots on television advertising has played a major role in American presidential campaigns By the late 1990s candidates and their political parties spend hundreds of millions on TV ads Political spots have become the dominant form of communication between voters and candidates Kaid and Johnston report the results of a systematic and thorough analysis of virtually all of the political commercials used in general election campaigns from 1952 through the 1996 presidential contest Important to scholars students and other researchers involved with political communications mass communications and presidential elections Made in America Alexander Heard, 1991 Scottish Nationalism at the Crossroads Roger Levy, 1990

National Political Science Review ,1990 The War Room Warren Kinsella,2007-10-04 The term war room in political parlance was coined by the team of U S strategists specifically James Carville who worked for Bill Clinton's first presidential campaign in the early 1990s In a nutshell a war room is a political command centre where a candidate's strategists and media officers work to counter attacks by opponents while gathering research to mount an offensive in an ongoing immediate fashion Warren Kinsella's The War Room profiles and analyzes some of the best political warriors and spinners around He employs personal anecdotes political wisdom culled from his extensive experience on Liberal Party federal and provincial election campaigns historical examples from other Canadian and American campaigns and generous amounts of humour to deliver a book about what it takes to survive challenges not just in politics but in any kind of business or non governmental agency whether it sells music movies cars or computers or raises money to preserve the environment combat cancer or save animals

The Ambivalent Partisan Howard G. Lavine, Christopher D. Johnston, Marco R. Steenbergen, 2012-12-06 The authors of this book demonstrate that compared to other citizens ambivalent partisans perceive the political world accurately form their policy preferences in a principled manner and communicate those preferences by making issues an important component of their electoral decisions
