

The Evolution of the Presidential Nominating Process

Presidential Nominating Process Consti

Lisa K. Parshall

Presidential Nominating Process Consti:

Reforming the Presidential Nomination Process Steven S. Smith, Melanie J. Springer, 2009-11-01 The 2008 U S presidential campaign has provided a lifetime's worth of surprises. Once again, however, the nomination process highlighted the importance of organization, political prowess, timing, and money. And once again, it raised many hackles. The Democratic contest, in particular, generated many complaints: for example, it started too early, it was too long, and Super Tuesday was overloaded. This timely book synthesizes new analysis by premier political scientists into a cohesive look at the presidential nomination process, the ways in which it is broken, and how it might be fixed. The contributors to *Reforming the Presidential Nomination Process* address different facets of the selection process, starting with a brief history of how we got to this point. They analyze the importance and perceived unfairness of the earliest primaries and discuss what led to record turnouts in 2008. What roles do media coverage and public endorsements play? William Mayer explains the superdelegate phenomenon and the controversy surrounding it. James Gibson and Melanie Springer evaluate public perceptions of the current process as well as possible reforms. Larry Sabato's *A More Perfect Constitution* calls for a new nomination system installed via constitutional amendment, while Tom Mann of Brookings opines on calls for reform that arose in 2008, and Daniel Lowenstein examines the process by which reforms may be adopted or blocked.

Presidential Nominating Process United States. Congress. House. Committee on House Administration. Subcommittee on Elections, 1986

Reforming the Presidential Nominating Process Lisa K. Parshall, 2018-06-14 The 2020 presidential selection process is already underway. As the political parties finalize their nominating rules and the states jostle for an advantageous contest date, potential challengers are being identified and sized up by party insiders. Once again, media and popular attention will be disproportionately focused on the candidates' performance in the first and earliest of the state nominating contests, and on how quickly the sequence of primaries and caucuses winnows the field and identifies the presumptive nominees. But what are the implications of a sequential and front-loaded nominating calendar that gives some voters outsized influence while leaving many others with a constrained choice or no choice in the selection of their party's presidential nominee? *Reforming the Presidential Nominating Process: Front Loading's Consequences* and the *National Primary Solution* critique the contemporary nominating process from the perspective of voters and their right to effectively participate in their parties' selection of a presidential nominee. Employing both a common-sense and legal-rights-based framework to invite a constitutionally grounded conversation on the legitimacy of the current presidential nominating process, Lisa K. Parshall argues that timing of participation in the nomination goes hand in hand with the right to choose a candidate, and the fairest way to restore the promise of meaningful and timely participation for all voters is by adopting a same-day national primary. Viewed from the party membership perspective, this work illuminates the fundamental interests at stake that should be considered in any potential reform of the presidential nominating system.

The Presidential Nominating Process in the United States Richard G. Stearns, 1971

The Presidential Nominating Process Rhodes Cook, 2004 Examines the flaws of the United States presidential nomination system discussing why the current nomination process does not give voters equal opportunities to select the candidate they most want for president

A Citizen's Guide to Presidential Nominations Wayne P. Steger, 2015-04-10 Presidential nominations in the United States can sometimes seem like a media circus over hyped and overly speculative Even informed citizens might be tempted to tune them out Yet understanding the process one distinct to American politics is crucial for civic participation If presidential elections are about who will lead the nation presidential nominations are about who appears on the ballot This concise and coherent Citizen's Guide examines who has power in presidential nominations and how this affects who we as citizens choose to nominate and ultimately to sit in the Oval Office Political scientist Wayne Steger defines the nominating system as a tension between an insider game and an outsider game He explains how candidates must appeal to a broad spectrum of elected and party officials political activists and aligned groups in order to form a winning coalition within their party which changes over time Either these party insiders unify early behind a candidate effectively deciding the nominee before anyone casts a vote or they are divided and the nomination is determined by citizens voting in the caucuses and primaries Steger portrays how shifts in party unity and the participation of core party constituencies affect the options presented to voters Amidst all this the candidate still matters Primaries with one strong candidate look much different than those with a field of weaker ones By clearly addressing the key issues past and present of presidential nominations Steger's guide will be informative relevant and accessible for students and general readers alike

Nomination and Election of the President and Vice President of the United States, 1984 Thomas M. Durbin, 1984

Nomination and Election of the President and Vice President of the United States, 1988 Thomas M. Durbin, 1988

Debating the Presidency Richard J. Ellis, Michael Nelson, 2017-01-02 Editors Richard J. Kriner Con Joel K. Goldstein and the effect of new media on the public's view of the presidency Pro Matthew R. Kerbel Con Jeffrey E. Cohen

The Development of the American Presidency Richard Ellis, 2022-05-02 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding *The Development of the American Presidency* pays great attention to that

historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage Richard J Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump s norm breaking and Biden s efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden s presidency including presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives Comprehensive updating of debates about the removal power including the Supreme Court cases of *Seila Law v CFPB* and *Collins v Yellen* In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of impeachment to incorporate Trump s two impeachments Examination of presidential emergency powers with special attention to Trump s border wall declaration Review of Biden s and Trump s impact on the judiciary Assessment of Biden s and Trump s place in political time Supreme Court Nominations: Presidential Nomination, the Judiciary Committee, Senate Consideration, Cloture, and the Use of the Filibuster Denis Steven Rutkus, Elizabeth Rybicki,

The Development of the American Presidency Richard J. Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution The Development of the American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master

the book's lessons **Strategic Decision-Making in Presidential Nominations** Kenny J. Whitby, 2014-01-01 Seeks to understand and explain the behavior of party elites during the 2008 Democratic Party presidential race What is the dominant force in presidential nomination campaigns Are nomination outcomes decided largely by the political party or by the candidates and their activities In *Strategic Decision Making in Presidential Nominations* Kenny J Whitby aims to provide some answers to these important questions focusing on the closely contested 2008 race between Senators Hillary Clinton and Barack Obama It was this race that spotlighted the role played by superdelegates the unpledged party elites who were added to the nomination process in the 1980s Whitby's central argument is that superdelegates are strategic actors and their endorsements are a response to a variety of demographic institutional and campaign factors While some weigh in early with an endorsement many adopt a wait and see approach Using a novel framework generally known as survival analysis Whitby provides us with a method for understanding when and why party elites decide to chime in on their presidential nomination campaign *Nomination and Election of President and Vice President* United States.
