Press And Abortion:

The Press and Abortion, 1838-1988 Marvin N. Olasky, 1988 Marvin Olasky covers the affect the press had on abortion in 1838 1988 Regardless of their position readers will reap rich dividends from this book *Anti-Abortion Activism in the UK* Pam Lowe, Sarah-Jane Page, 2022-04-19 Taking a lived religion approach that draws on extensive ethnographic research on abortion debates in public spaces *Anti Abortion Activism in the UK* explores the sacred and profane commitments of anti abortion activists and counter demonstrations outside clinics examining the contestations over space [Media Bias](#) Wm. David Sloan, Jenn Burleson Mackay, 2016-03-24 In this book scholars examine the many prevailing arguments about media bias from a non polemical perspective Essays cover individual forms of bias including ideology politics television photography religion abortion homosexuality gender race crime environment region military corporate ownership labor and health Each essay introduces the topic presents arguments for and against the specific bias assesses the evidence for all arguments and includes a list of suggested readings Two additional essays discuss the broader aspects of the bias debate and give a personal perspective on reporting the controversial Israeli Palestinian conflict Instructors considering this book for use in a course may request an examination copy here **Liberty and Sexuality** David J. Garrow, 2015-07-07 Pulitzer Prize winning author David J Garrow s stirring and essential history of the politics of abortion and America s battle for the right to choose In 1973 the Supreme Court handed down its landmark *Roe v Wade* decision legalizing abortion and more than forty years later the issue continues to spark controversy and divisiveness But behind this historic legal case lie the battles women fought to establish their rights to use contraceptives and choose to have an abortion *Liberty and Sexuality* traces these political and legal struggles in the decades leading up to *Roe v Wade* including the momentous 1965 Supreme Court ruling in *Griswold v Connecticut* that established a constitutional right to privacy Garrow personalizes the struggles by detailing the vital contributions made by dozens of crusaders who tirelessly paved the way This expansive and substantial work also addresses the threats to sexual privacy and the legality of abortion that have risen since *Roe v Wade* With abortion still a contentious subject on the national political landscape *Liberty and Sexuality* is not just a historical account of the right to choose but an indispensable read about preserving a freedom that continues to divide America **Representing Abortion** Rachel Alpha Johnston Hurst, 2020-11-23 *Representing Abortion* analyses how artists writers performers and activists make abortion visible audible and palpable within contexts dominated by anti abortion imagery centred on the fetus and the erasure of the pregnant person challenging the polarisation of conversations about abortion This book illuminates the manifold ways that abortion is depicted and narrated by artists performers clinicians writers and activists This representational work offers nuanced and complex understandings of abortion personally and politically Analyses of such representations are urgently needed as access to abortion is diminished and anti abortion representations of the fetus continue to dominate the cultural horizon for thinking about abortion Expanding the frame of reference for understanding abortion beyond the anti abortion

use of the fetal image contributors to this collection push beyond narrow abstractions to examine representations of the experience and procedure of abortion within grounded histories politics and social contexts The collection is organized into sections around seeing and not seeing abortion fetal materiality abortion storytelling and memoir and representations for new arguments These themes cover a range of topics including abortion visibility anti abortion discourse pro choice engagements with the fetus personal experience and media representations The analyses of such representations counteract anti abortion rhetoric carving out space for new arguments for abortion that are more representative and inclusive and asking audiences to envision new ways to advocate for safe abortion access through reproductive justice frameworks This is an innovative and challenging collection that will be of key interest for scholars studying reproductive rights and reproductive justice as well as women and gender studies Representing Abortion is organized to structure upper year undergraduate and graduate courses on reproductive rights and reproductive justice in a new and engaging way

Evangelicals and Abortion J. Cameron Fraser, 2024-04-18 Evangelicals and Abortion traces the history and theological development of evangelical involvement in the abortion issue and recommends some models of a biblically based response with particular attention to the United States in the wake of the reversal of Roe v Wade in 2022

Abortion in the Age of Unreason Warren M. Hern, 2024-09-30 This vivid account by a nationally prominent doctor reports the daily challenges of offering and receiving abortion services in a volatile political and social atmosphere In stories from the front lines from protecting patients and staff from protesters attacks to the dangers to women of restricted access to abortion services and the pertinent findings of his remote research in Latin America Hern s book is strikingly detailed just as it exposes the needs of women and the U S national interest Dr Hern an abortion specialist researcher scholar and highly visible public advocate shows how abortion saves women s lives given the many risks that arise during pregnancy remarkably more than most people realize He points to political and national solutions to reverse a reawakened crisis that now threatens democracy Throughout the book Dr Hern shows how the current emergency was largely created by political actors who have exploited and distorted the abortion issue to increase and consolidate their power A vital component of women s health care the crisis over abortion is not new Yet the reversal of Roe v Wade and the steady accumulation of power by America s right wing has put the issue at a level of urgency and national prominence not seen since the days before legalization Women s need for safe abortion services will continue as the struggle to secure their rights intensifies This book is about that struggle during what has evolved over the last 50 years to an Age of Unreason

Reproduction and Society: Interdisciplinary Readings Carole Joffe, Jennifer Reich, 2014-09-04 A collection of essays framed with original introductions Reproduction and Society Interdisciplinary Readings helps students to think critically about reproduction as a social phenomenon Divided into six rich and varied sections this book offers students and instructors a broad overview of the social meanings of reproduction and offers opportunities to explore significant questions of how resources are allocated individuals are regulated and how very

much is at stake as people and communities aim to determine their own family size and reproductive experiences This is an ideal core text for courses on reproduction sexuality gender the family and public health **The Philosophy of Sex** Raja Halwani, Alan Soble, Sarah Hoffman, Jacob M. Held, 2017-09-15 This best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom Catholicism and Historical Narrative Kevin Schmiesing, 2014-01-30 Stories about the past shape not only the way people think about history but also the way they act in the present Nowhere is this truer than in the area of religion which has been and continues to be a powerful motivating force in the lives of billions around the globe In this volume *Catholicism and Historical Narrative* A Catholic Engagement with Historical Scholarship contributors explore the way stories are constructed and show how a focus on Catholic figures and concerns challenges common understandings of important historical episodes and eras Editor Kevin Schmiesing has gathered a distinguished group of scholars who in various ways call into question conventional story lines by highlighting previously neglected Catholic ideas and individuals Built on ample evidence and employing keen insight each essay is the result of cutting edge research in fields ranging from historical research on Puritan New England and the antebellum South to the history of abortion to the twentieth century papacy Students and scholars of religious history Catholic historians and anyone interested in the intersection of religion and history will all find here much to interest and maybe even surprise in the chapters arguments concerning the deficiencies of history s dominant narratives The volume s focus on the history of Catholics in the United States makes it essential reading for anyone seeking to understand the place of Catholicism in the American story

Communicating for Social Justice in Health Contexts: Creating Opportunities for Inclusivity Among Marginalized Groups Elizabeth M. Glowacki Vinita Agarwal, Vinita Agarwal, 2023-10-19 *Culture Wars and Local Politics* Elaine B. Sharp, 1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions **Happy Abortions** Erica Millar, 2017-12-15 A provocative and important book that every pro choice advocate should read Sin ad Kennedy Coalition to Repeal the 8th Amendment When it comes to abortion today s liberal climate has produced a common sense that is both pro choice and anti abortion The public are fed an unchanging version of what the abortion choice entails and how women experience it While it would prove highly unpopular to insist that all pregnant women should carry their pregnancy to term the idea that abortion could or should be a happy experience for women is virtually unspeakable In this careful and intelligent work Erica Millar shows how the emotions of abortion are constructed in sharp contrast to the emotional position occupied by motherhood the unassailable placeholder for women s happiness Through an exposition of the cultural and political forces that continue to influence the decisions women make about their pregnancies forces that are synonymous with the rhetoric of choice Millar

argues for a radical reinterpretation of women's freedom

Global Perspectives on the Health Inequities in Sexual, Reproductive, and Maternal Health Post Roe v. Wade Lucy Ingram, Deborah L. Billings, Ndidiamaka Amutah-Onukagha, Andrea Swartzendruber, Chelsea Morroni, Stephen Kennedy, Ana Langer, Supriya Dinesh Mehta, Janet Seeley, 2024-10-07 In June 2022 the United States U S Supreme Court overturned Roe v Wade 1973 with the Dobbs v Jackson Women's Health Organization case thereby eliminating the constitutional right to abortion As a result authority now resides with individual states to regulate abortion access Currently abortion is banned in several states severely restricted in some and protected in others While the impact of the Dobbs decision has yet to be fully realized it has severe implications for sexual and reproductive health rights and justice population health and health equity nationally and globally The impact of the ruling is expected to exacerbate existing health disparities and produce new inequities in sexual reproductive and maternal health outcomes disproportionately affecting pregnant people who are already minoritized or disenfranchised e g people of color people with low incomes young people people living in rural areas immigrants people who identify as LGBTQIA justice involved and unhoused communities living in states where abortion access has been banned or restricted This Research Topic aims to elucidate actual short term potential long term global and domestic health inequities produced by the Dobbs decision and to describe efforts and interventions designed and undertaken to reduce health impacts and inequities in advance or directly after the decision Recent data from countries that have restricted access to abortion over the past 30 years reveal that such laws actually increase rates of unsafe abortion which in many instances leads to pregnant people becoming severely ill or dying from preventable causes In an era of maternal health crisis for people of color in the U S and other disadvantaged populations around the world eliminating the constitutional right to abortion in the U S will have a reactionary impact on underserved and minoritized groups everywhere The implications will be felt globally as the Dobbs decision has triggered the development of restrictive policies increasing inequalities by social and demographic characteristics Many groups disproportionately experience social disadvantage yielding socially distributed negative exposures including severely limited access to care The goal of the article collection is to identify threats to results of and protections against inequities in reproductive health rights and justice Devoting a Special Issue to this topic brings vital and robust discourse about reproductive justice and health inequity to the forefront of public health

Abortion and Ireland David Ralph, 2020-10-21 This book asks the crucial question of how it came to pass that on the 25 May 2018 the Irish electorate voted by a landslide in favour of changing its abortion legislation that for the previous thirty five years had been one of the most restrictive regimes in Europe The author shows how alongside traditional campaigning tactics such as street demonstrations door to door canvassing and the distribution of pro choice merchandise and information leaflets a key strategy of pro choice advocacy groups was to encourage first person abortion story sharing by women in their efforts to repeal the Eighth Amendment which had effectively banned abortion provision in the country The book argues that a normalizing of abortion talk took place in the lead up to the referendum with women speaking publicly in unprecedented numbers about their abortion histories These women storytellers were mirroring certain pro choice movements in other contexts where a new sound it loud say it proud narrative around abortion experiences has emerged as a central contemporary strategy for destigmatizing abortion discourse Students and scholars across a range of disciplines including law gender studies sociology and human geography will find this book of interest

Abortion Care is Health Care Barbara Baird, 2023-10-03 In *Abortion Care is Health Care* Barbara Baird tells the history of the provision of abortion care in Australia since 1990 Against the backdrop of a reticent public sector Baird describes a system of predominantly private provision which has excluded women already marginalised by poverty rural and remote residency lack of Medicare entitlement racism and other factors Tracing changes in the private sector the long struggle to make medical abortion available and the nationwide decriminalisation of abortion since 2002 Baird introduces readers to the large cast of champions and everyday healthcare workers and activists who have persisted in their commitment to make abortion care available when governments and the medical profession have so often failed Drawing on oral history interviews conducted nationwide with abortion providing doctors nurses counsellors and managers women's health workers academics and community activists Baird brings

a critical feminist analysis to create a sophisticated historical narrative of abortion provision over the last thirty years

Biomedical Ethics and the Law James M. Humber, 2013-03-09 In the past few years an increasing number of colleges and universities have added courses in biomedical ethics to their curricula To some extent these additions serve to satisfy student demands for relevance But it is also true that such changes reflect a deepening desire on the part of the academic community to deal effectively with a host of problems which must be solved if we are to have a health care delivery system which is efficient humane and just To a large degree these problems are the unique result of both rapidly changing moral values and dramatic advances in biomedical technology The past decade has witnessed sudden and conspicuous controversy over the morality and legality of new practices relating to abortion therapy for the mentally ill experimentation using human subjects forms of genetic intervention and euthanasia Malpractice suits abound and astronomical fees for malpractice insurance threaten the very possibility of medical and health care practice Without the backing of a clear moral consensus the law is frequently forced into resolving these conflicts only to see the moral issues involved still hotly debated and the validity of the existing law further questioned Take abortion for example Rather than settling the legal issue the Supreme Court's original abortion decision in *Roe v Wade* 1973 seems only to have spurred further legal debate And of course whether or not abortion is a morally acceptable procedure is still the subject of heated dispute
