## **Press One For English Language Policy Public Opinion And American Identity:**

**Press "ONE" for English** Deborah J. Schildkraut, 2007-02-25 Press ONE for English examines how Americans form opinions on language policy issues such as declaring English the official language printing documents in multiple languages and bilingual education Deborah Schildkraut shows that people's conceptions of American national identity play an integral role in shaping their views Using insights from American political thought and intellectual history she highlights several components of that identity and shows how they are brought to bear on debates about language Her analysis expands the range of factors typically thought to explain attitudes in such policy areas emphasizing in particular the role that civic republicanism's call for active and responsible citizenship plays in shaping opinion on language issues Using focus groups and survey data Schildkraut develops a model of public conceptions of what it means to be American and demonstrates the complex ways in which people draw on these conceptions when forming and explaining their views In so doing she illustrates how focus group methodology can help yield vital new insights into opinion formation With the rise in the use of ballot initiatives to implement language policies understanding opinion formation in this policy area has become imperative This book enhances our understanding of this increasingly pressing concern and points the way toward humane effective and broadly popular language policies that address the realities of American demographics in the twenty first century while staying true to the nation's most revered values

**Press "ONE" for English** Deborah J. Schildkraut, 2013-10-24 Press ONE for English examines how Americans form opinions on language policy issues such as declaring English the official language printing documents in multiple languages and bilingual education Deborah Schildkraut shows that people's conceptions of American national identity play an integral role in shaping their views Using insights from American political thought and intellectual history she highlights several components of that identity and shows how they are brought to bear on debates about language Her analysis expands the range of factors typically thought to explain attitudes in such policy areas emphasizing in particular the role that civic republicanism's call for active and responsible citizenship plays in shaping opinion on language issues Using focus groups and survey data Schildkraut develops a model of public conceptions of what it means to be American and demonstrates the complex ways in which people draw on these conceptions when forming and explaining their views In so doing she illustrates how focus group methodology can help yield vital new insights into opinion formation With the rise in the use of ballot initiatives to implement language policies understanding opinion formation in this policy area has become imperative This book enhances our understanding of this increasingly pressing concern and points the way toward humane effective and broadly popular language policies that address the realities of American demographics in the twenty first century while staying true to the nation's most revered values

**New Directions in Public Opinion** Adam J. Berinsky, 2019-10-29 The 2016 elections called into question the accuracy of public opinion polling while tapping into new streams of public opinion more widely The third edition of this well established text addresses these questions and adds

new perspectives to its authoritative line up The hallmark of this book is making cutting edge research accessible and understandable to students and general readers Here we see a variety of disciplinary approaches to public opinion reflected including psychology economics sociology and biology in addition to political science An emphasis on race gender and new media puts the elections of 2016 into context and prepares students to look ahead to 2020 and beyond New to the third edition Includes 2016 election results and their implications for public opinion polling going forward Three new chapters have been added on racializing politics worldview politics and the modern information environment New authors include Shanto Iyengar Michael Tesler Vladimir E Medenica Erin Cikanek Danna Young Jennifer Jerit and Jake Haselswerdt

American Identity and the Politics of Multiculturalism Jack Citrin, David O. Sears, 2014-08-11 The civil rights movement and immigration reform transformed American politics in the mid 1960s Demographic diversity and identity politics raised the challenge of *e pluribus unum* anew and multiculturalism emerged as a new ideological response to this dilemma This book uses national public opinion data and public opinion data from Los Angeles to compare ethnic differences in patriotism and ethnic identity and ethnic differences in support for multicultural norms and group conscious policies The authors find evidence of strong patriotism among all groups and the classic pattern of assimilation among the new wave of immigrants They argue that there is a consensus in rejecting harder forms of multiculturalism that insist on group rights but also a widespread acceptance of softer forms that are tolerant of cultural differences and do not challenge norms such as by insisting on the primacy of English

An Introduction to Bilingualism Jeanette Altarriba, Roberto R. Heredia, 2011-02-11 This important text provides a general overview of the methods and theories used in the broad domain of bilingualism The unique interdisciplinary approach which is reflected in the various topics covered gives students a global picture of the field Topics range from early childhood intellectual development to educational and social cognitive challenges to the maturing bilingual brain Important developing areas such as cognitive aging creativity the social and cultural context perspective communication disorders and sentence processing are also covered within the volume This text is aimed towards undergraduate courses and graduate courses in psycholinguistics especially those with an emphasis on bilingualism or second language learning

*American Identity in the Age of Obama* Amílcar Antonio Barreto, Richard L. O'Bryant, 2013-11-12 The election of Barack Obama as the 44th president of the United States has opened a new chapter in the country's long and often tortured history of inter racial and inter ethnic relations Many relished in the inauguration of the country's first African American president an event foreseen by another White House aspirant Senator Robert Kennedy four decades earlier What could have only been categorized as a dream in the wake of Brown vs Board of Education was now a reality Some dared to contemplate a post racial America Still soon after Obama's election a small but persistent faction questioned his eligibility to hold office they insisted that Obama was foreign born Following the Civil Rights battles of the 20th century hate speech at least in public is no longer as free flowing as it had been Perhaps xenophobia in a land of

immigrants is the new rhetorical device to assail what which is non white and hence un American Furthermore recent debates about immigration and racial profiling in Arizona along with the battle over rewriting of history and civics textbooks in Texas suggest that a post racial America is a long way off What roles do race ethnicity ancestry immigration status locus of birth play in the public and private conversations that defy and reinforce existing conceptions of what it means to be American This book exposes the changing and persistent notions of American identity in the age of Obama Am lcar Antonio Barreto Richard L O Bryant and an outstanding line up of contributors examine Obama s election and reelection as watershed phenomena that will be exploited by the president s supporters and detractors to engage in different forms of narrating the American national saga Despite the potential for major changes in rhetorical mythmaking they question whether American society has changed substantively

Handbook of Identity Theory and Research Seth J. Schwartz, Koen Luyckx, Vivian L. Vignoles, 2011-06-22 Identity is one of the most extensively studied constructs in the social sciences Yet despite the wealth of findings across many disciplines identity researchers remain divided over such enduring fundamental questions as What exactly is identity and how do identity processes function Do people have a single identity or multiple identities Is identity individually or collectively oriented Personally or socially constructed Stable or constantly in flux The Handbook of Identity Theory and Research offers the rare opportunity to address the questions and reconcile these seeming contradictions bringing unity and clarity to a diverse and fragmented literature This exhaustive reference work emphasizes the depth and complexity of identity processes and domains and presents perspectives from many different theoretical schools and empirical approaches Contributing authors provide perspectives from psychology e g narrative social identity theory neo Eriksonian and from other disciplines e g sociology political science ethnic studies and the editors highlight the links between chapters that provide complementary insights on related subjects In addition to covering identity processes and categories that are well known to the field the Handbook tackles many emerging issues including Identity development among adopted persons Identity processes in interpersonal relationships Effects of globalization on cultural identity Transgender experience and identity Consumer identity and shopping behavior Social identity processes in xenophobia and genocide The Handbook of Identity Theory and Research lends itself to a wealth of uses by scholars clinicians and graduate students across many disciplines including social developmental and child school psychology human development and family studies sociology cultural anthropology gender ethnic and communication studies education and counseling

**Who Counts as an American?** Elizabeth Theiss-Morse, 2009-07-27 Why is national identity such a potent force in people s lives And is the force positive or negative In this thoughtful and provocative book Elizabeth Theiss Morse develops a social theory of national identity and uses a national survey focus groups and experiments to answer these important questions in the American context Her results show that the combination of group commitment and the setting of exclusive boundaries on the national group affects how people behave toward their fellow Americans Strong identifiers care a great deal about their national

group They want to help and to be loyal to their fellow Americans By limiting who counts as an American though these strong identifiers place serious limits on who benefits from their pro group behavior Help and loyalty are offered only to true Americans not Americans who do not count and who are pushed to the periphery of the national group *The Rise of Illiberalism* Thomas J. Main, 2022-01-04 How a more positive form of identity politics can restore public trust in government Illiberalism Thomas Main writes is the basic repudiation of liberal democracy the very foundation on which the United States rests It says no to electoral democracy human rights the rule of law toleration It is a political ideology that finds expression in such older right wing extremist groups as the Ku Klux Klan and white supremacists and more recently among the Alt Right and the Dark Enlightenment There are also left of center illiberal movements including various forms of communism anarchism and some antifascist movements The Rise of Illiberalism explores the philosophical underpinnings of this toxic political ideology and documents how it has infiltrated the mainstream of political discourse in the United States By the early twenty first century Main writes liberal democracy's failure to deal adequately with social problems created a space illiberal movements could exploit to promote their particular brands of identity politics as an alternative A critical need thus is for what the author calls positive identity politics or a widely shared sense of community that gives a feeling of equal importance to all sectors of society Achieving this goal will however be an enormous challenge In seeking actionable remedies for the broken political system of the United States this book makes a major scholarly contribution to current debates about the future of liberal democracy *Advocacy and Policy Change for Undocumented Student Success* Enrique G. Murillo, Jr., Sharon Velarde Pierce, 2024-12-24 Advocacy and Policy Change for Undocumented Student Success is a compelling exploration of the undocumented student experience in America offering a deep dive into the advocacy education and systemic challenges faced by undocumented communities Compiling the most significant work in the field in terms of its contributions to research and professional practice this volume uncovers the historical struggles and triumphs of undocumented students and their families in their quest for educational access and equity From pivotal legal milestones to personal narratives of resilience and adversity this collection paints a comprehensive picture of the ongoing battle against legal and societal barriers It delves into the mental health impacts of living undocumented and presents innovative strategies and policy reforms aimed at bridging the gap between harsh realities and hopeful aspirations A clarion call to action this volume is an invitation to join the fight for a more equitable and inclusive society recognizing the vital contributions of undocumented individuals and advocating for systemic change Advocacy and Policy Change for Undocumented Student Success is a must have resource for graduate students and researchers in Educational Leadership and Policy Multicultural Education and Teacher Education It will also be an important reading for educational leaders teachers counselors administrators and organizations that share a common interest in and commitment to the educational issues that impact undocumented students and their families **Medievalism, Multilingualism, and Chaucer** M. Davidson, 2009-12-21 In

new readings of medieval language attitudes and identities this book concludes that multilingualism informed masculinist discourses which were aligned against the vernacular sentiment traditionally attributed to Langland and Chaucer What is English? Tim William Machan, 2013-08-22 Tim Machan explores the nature of English present and past and its role in shaping the identity of those who speak it He pursues his object through episodes in its history around the globe from Caxton to Churchill and from rural America to colonial Australia This is a book for everyone interested in English and the role of language in society

**Framing Immigrants** Chris Haynes, Jennifer Merolla, S. Karthick Ramakrishnan, 2016-09-01 While undocumented immigration is controversial the general public is largely unfamiliar with the particulars of immigration policy Given that public opinion on the topic is malleable to what extent do mass media shape the public debate on immigration In *Framing Immigrants* political scientists Chris Haynes Jennifer Merolla and Karthick Ramakrishnan explore how conservative liberal and mainstream news outlets frame and discuss undocumented immigrants Drawing from original voter surveys they show that how the media frames immigration has significant consequences for public opinion and has implications for the passage of new immigration policies The authors analyze media coverage of several key immigration policy issues including mass deportations comprehensive immigration reform and measures focused on immigrant children such as the DREAM Act to chart how news sources across the ideological spectrum produce specific frames for the immigration debate In the past few years liberal and mainstream outlets have tended to frame immigrants lacking legal status as undocumented rather than illegal and to approach the topic of legalization through human interest stories often mentioning children Conservative outlets on the other hand tend to discuss legalization using impersonal statistics and invoking the rule of law Yet regardless of the media's ideological positions the authors' surveys show that negative frames more strongly influence public support for different immigration policies than do positive frames For instance survey participants who were exposed to language portraying immigrants as law breakers seeking amnesty tended to oppose legalization measures At the same time support for legalization was higher when participants were exposed to language referring to immigrants living in the United States for a decade or more *Framing Immigrants* shows that despite heated debates on immigration across the political aisle the general public has yet to form a consistent position on undocumented immigrants By analyzing how the media influences public opinion this book provides a valuable resource for immigration advocates policymakers and researchers

*Multicultural America* Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non

Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors

**Immigration and Public Opinion in Liberal Democracies** Gary P. Freeman, Randall Hansen, David L. Leal, 2013-01-04 Although ambivalence characterizes the stance of scholars toward the desirability of close opinion policy linkages in general it is especially evident with regard to immigration The controversy and disagreement about whether public opinion should drive immigration policy are among the factors making immigration one of the most difficult political debates across the West Leading international experts and aspiring researchers from the fields of political science and sociology use a range of case studies from North America Europe and Australia to guide the reader through the complexities of this debate offering an unprecedented comparative examination of public opinion and immigration part one discusses the socio economic and contextual determinants of immigration attitudes across multiple nations part two explores how the economy can affect public opinion part three presents different perspectives on the issue of causality do attitudes about immigration drive politics or do politics drive attitudes part four investigates how several types of framing are critical to understanding public opinion and how a wide range of political factors can mould public opinion and often in ways that work against immigration and immigrants part five examines the views of the largest immigrant group in the U S Latinos as well as how opinions are shaped by contact with and opinions about immigrants in the U S and Canada An essential read to all who wish to understand the nature of immigration research from a theoretical as well as practical point of view

The Language Wars Henry Hitchings, 2025-06-25 The English language is a battlefield Since the age of Shakespeare arguments over correct usage have been bitter and have always really been about contesting values morality politics and class The Language Wars examines the present state of the conflict its history and its future Above all it uses the past as a way of illuminating the present Moving chronologically the book explores the most persistent issues to do with English and unpacks the history of proper usage Where did these ideas spring from Who has been on the front lines in the language wars The Language Wars examines grammar rules regional accents swearing spelling dictionaries political correctness and the role of

electronic media in reshaping language It also takes a look at such details as the split infinitive elocution and text messaging Peopled with intriguing characters such as Jonathan Swift Lewis Carroll and Lenny Bruce *The Language Wars* is an essential volume for anyone interested in the state of the English language today or its future ***Culture Wars*** Roger Chapman,2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today ***Handbook of Psychology, Developmental Psychology*** Irving B. Weiner,Richard M. Lerner,M. Ann Easterbrooks,Jayanthi Mistry,2012-10-06 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology's new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology ***Racial Propositions*** Daniel Martinez HoSang,2010-10-28 This book looks beyond the headlines to uncover the controversial history of California's ballot measures over the past fifty years As the rest of the U S watched California voters banned public services for undocumented immigrants repealed public affirmative action programs and outlawed bilingual education among other measures Why did a state with a liberal political culture an increasingly diverse populace and a well organized civil rights leadership roll back civil rights and anti discrimination gains Daniel Martinez HoSang finds that contrary to popular perception this phenomenon does not represent a new wave of color blind policies nor is a triumph of racial conservatism Instead in a book that goes beyond the conservative liberal divide HoSang uncovers surprising connections between the right and left that reveal how racial inequality has endured Arguing that each of these measures was a proposition about the meaning of race and racism his deft convincing analysis ultimately recasts our understanding of the production of racial identity inequality and power in the postwar era ***Native Bias*** Donghyun Danny Choi,Mathias Poertner,Nicholas Sambanis,2022-10-11 What drives anti immigrant bias and how it can be mitigated In the aftermath of the refugee crisis caused by conflicts in the Middle East and an increase in migration to Europe European nations have witnessed a surge in discrimination targeted at immigrant minorities To quell these conflicts some governments have resorted to the adoption of coercive assimilation policies aimed at erasing differences between natives and immigrants Are these policies the best method for reducing hostilities *Native Bias*

challenges the premise of such regulations by making the case for a civic integration model based on shared social ideas defining the concept and practice of citizenship Drawing from original surveys survey experiments and novel field experiments Donghyun Danny Choi Mathias Poertner and Nicholas Sambanis show that although prejudice against immigrants is often driven by differences in traits such as appearance and religious practice the suppression of such differences does not constitute the only path to integration Instead the authors demonstrate that similarities in ideas and value systems can serve as the foundation for a common identity based on a shared concept of citizenship overcoming the perceived social distance between natives and immigrants Addressing one of the most pressing challenges of our time Native Bias offers an original framework for understanding anti immigrant discrimination and the processes through which it can be overcome

## **Press One For English Language Policy Public Opinion And American Identity Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Press One For English Language Policy Public Opinion And American Identity free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Press One For English Language Policy Public Opinion And American Identity free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Press One For English Language Policy Public Opinion And American Identity free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Press One For English Language

Policy Public Opinion And American Identity. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Press One For English Language Policy Public Opinion And American Identity any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Press One For English Language Policy Public Opinion And American Identity Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Press One For English Language Policy Public Opinion And American Identity is one of the best book in our library for free trial. We provide copy of Press One For English Language Policy Public Opinion And American Identity in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Press One For English Language Policy Public Opinion And American Identity. Where to download Press One For English Language Policy Public Opinion And American Identity online for free? Are you looking for Press One For English Language Policy Public Opinion And American Identity PDF? This is definitely going to save you time and cash in something you should think about.
