explains the exceptional nature of the East Timor intervention of 1999 and deals with the background to the trusteeship role of the UN in building the new polity All of these developments had an important impact on regional order not least testing the ASEAN norm of non interference Australian complicity in the Indonesian occupation o **Australia and Cyber-warfare** Gary Waters,Desmond Ball,Ian Dudgeon,2008-07-01 This book explores Australia s prospective cyber warfare requirements and challenges It describes the current state of planning and thinking within the Australian Defence Force with respect to Network Centric Warfare and discusses the vulnerabilities that accompany the use by Defence of the National Information Infrastructure NII as well as Defence s responsibility for the protection of the NII It notes the multitude of agencies concerned in various ways with information security and argues that mechanisms are required to enhance coordination between them It also argues that Australia has been laggard with respect to the development of offensive cyber warfare plans and capabilities Finally it proposes the establishment of an Australian Cyber warfare Centre responsible for the planning and conduct of both the defensive and offensive dimensions of cyber warfare for developing doctrine and operational concepts and for identifying new capability requirements It argues that the matter is urgent in order to ensure that Australia will have the necessary capabilities for conducting technically and strategically sophisticated cyber warfare activities by the 2020s The Foreword has been contributed by Professor Kim C Beazley former Minister for Defence 1984 90 who describes it as a timely book which transcends old debates on priorities for the defence of Australia or forward commitments and debates about globalism and regionalism and as an invaluable compendium to the current process of refining the strategic guidance for Australia s future defence policies and capabilities Reflections on War, Diplomacy, Human Rights and Liberalism Adam Hughes Henry,2020-12-01 For most people the idea that extremist ideologies glorify themselves through warfare and commit crimes against humanity and genocide is the natural extension of their moral and philosophical failings As this volume outlines liberal democracies such as Australia and others also glorify in war and they may also at various times engage in support or turn a blind eye to crimes against humanity or genocide However liberal democracies such as Australia the US and the UK among others routinely present themselves as arbiters of liberal values defenders of human rights and guardians of virtue This book explores the obvious contradiction between the ideals of liberalism and how liberal democracies ignore and at times even justify their failure to uphold the principles they espouse *Australia's Defence* Peter Dean,Brendan Taylor,Stephan Frühling,2014-07-18 Almost half a century ago the Australian National University s TB Millar penned a seminal book on Australian defence policy in the lead up to the Vietnam War Today Australia s defence forces are returning from long conflicts overseas while the rise of China and the economic integration in the Indo Pacific presents a complex mix of challenges and opportunities Drawing inspiration from Millar s original volume Australia s Defence Towards a New Era brings together leading experts to examine the domestic and international context of Australia s defence policy Australian strategy and the size and state of our armed forces As the country heads towards a new
