Ponyville Confidential Sherilyn Connelly, 2017-03-28 Beloved by young girls around the world Hasbro s My Little Pony franchise has been mired in controversy since its debut in the early 1980s Critics dismissed the cartoons as toy advertisements and derided their embrace of femininity The 2010 debut of the openly feminist My Little Pony Friendship Is Magic renewed the backlash as its broad appeal challenged entrenched notions about gendered entertainment This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children s entertainment while masculine cartoons such as the Transformers have been spared similar criticism

Dissonant State Jo Miles, 2023-11-30 Full of suspense adventure and heart this hopeful space opera is sure to delight fans of Malka Older Becky Chambers and Martha Wells Kay Wilder despises Ravel Corporation whose occupation of her home planet left Kay with a useful but debilitating power to hear others emotions Unlike her brother Jasper an activist who fights corporate injustice Kay stays as far away from Ravel as possible Until now Because Ravel has kidnapped her brother and to help him Kay will have to go undercover working for the enemy Forced to lie about what Ravel did to her home Kay finds her new job harder and lonelier than she could have imagined until she discovers an ally who hates working for Ravel as much as she does a sentient ship who will risk destruction to help their first and only friend But the risks are far greater than Kay s and Ship s safety To save Jasper she may have to let another world suffer her home s fate and betray everything she and her brother believe in It

is always a pleasure when the second book lives up to the promise of the first I've been surprised, delighted and entertained. I want more. Goodreads review: Praise for Warped State. Jo Miles Warped State is delightful in every way: smart, emotional, funny, inspiring and brilliantly written. You'll absolutely fall in love with Jasper and Havoc cheering the whole way. Karen Osborne, author of Architects of Memory. Refreshingly hopeful and heaps of fun. Warped State will keep you turning pages late into the night. Megan E. O'Keefe, author of The Blighted Stars and Velocity Weapon. A rollicking spy story with a wonderful romance woven in. Warped State is a terrific ride. John Appel, author of Assassin's Orbit. Poetical Works ... With a life of the author.

Co-published with This series of essays written for trustees and administrative leaders of universities and colleges draws on the authors' extensive consulting experience, research into the dynamics of boards and service as trustees to focus on practical insights that will help readers improve governance. The authors have contributed a series of essays on governing well to Inside Higher Education which formed the inspiration for this volume. The primary aim of the book is to provide insight that boards can use to enhance their governing practices. The author's take is not a how-to-do book but rather one on how to think. Their basic premise is that too many boards are underperforming because they adopt or continue ineffective practices. However, thinking in more intentional if not new ways about not only what they do as boards but how they go about their efforts will help boards add value to the institutions and state systems they govern. The authors use thought-provoking titles and a conversational tone to engage the readers, get them to reflect on their work and broaden their horizons. *Windows Lockdown!* Andy Walker, 2008-07-28 Today if you own a Windows computer you need to understand the risks and the potential damage security threats pose. The mere act of turning on an Internet-connected computer can put you, your family and even your personal finances at risk. This book defines all the threats an average household might face and provides strategies to turn novice and basic users into adept home security experts, making you safer and more secure from cyber criminals. We start off with plain English definitions for security mumbo-jumbo and then we dig in with step-by-step instructions to help you cut your exposure in less than 10 minutes. Finally, we provide steps for more involved security measures that you can do in a weekend. We also take an in-depth look at the security measures Microsoft put in Windows Vista. We also look at how Vista responds to the key threats. It teaches you how to tweak the system and make Microsoft's new security features like the User Access Control less annoying and helps you adjust the system to be usable. It shows you how to set up Vista to protect your system from your kids, the biggest security hazard to your computer. More than 5 million spam emails flood the Internet daily, many with your name on them; we show you how to make yourself invisible to detestable spammers. Did you know that hackers are snooping around your IP address right now while you read this? They might already

have breached what security you have and could be running amok with your personal data Stop them dead in their tracks with a few simple steps Identity theft is the most popular form of consumer fraud today and last year thieves stole more than 100 million from people just like you Put a stop to the madness with the steps provided in this book Spyware nasty little programs that you might not even know you have installed on your PC could be causing your PC to crash We show you how to root it out of your system and prevent further infection Andy Walker is one of North America s top technology journalists and is the author of Que s Absolute Beginner s Guide to Security Spam Spyware Viruses and Microsoft Windows Vista Help Desk Since 1995 he has written about personal computer technology for dozens of newspapers magazines and websites Today his columns and hundreds more technology how to articles are published at Cyberwalker com where more than 5 million unique visitors read the advice annually Andy co hosted the internationally syndicated TV show Call for Help with Leo Laporte Alongside his ongoing TV guest appearances he also hosts the popular tech video podcast Lab Rats at LabRats tv
