Rituals Of Manhood:

Rituals of Manhood Gilbert H. Herdt, *Rituals of Manhood* provides some of the most dramatic and richly textured accounts of ritual passages known to anthropologists of the late twentieth century When in an earlier time anthropologists and sociologists described collective initiation rituals the political and gender aspects of these practices were seldom underscored Today the power relationships of the body and domination and the social arena of gender politics are widely regarded as critical to the cultural meaning and interpretation Gilbert H Herdt is the editor **Rituals of Manhood** Gilbert H. Herdt,1982 *Rituals of Manhood* provides some of the most dramatic and richly textured accounts of ritual passages known to anthropologists of the late twentieth century When in an earlier time anthropologists and sociologists described collective initiation rituals the political and gender aspects of these practices were seldom underscored Today the power relationships of the body and domination and the social arena of gender politics are widely regarded as critical to the cultural meaning and interpretation Gilbert H Herdt is the editor **Rituals of Manhood** Gilbert H. Herdt,1982 **Secret Ritual and Manhood in Victorian America** Mark Christopher Carnes,1989-01-01 In this study of American 19th century secret orders the author argues that religious practices and gender roles became increasingly feminized in Victorian America and that secret societies such as the Freemasons offered men and boys an alternative male counterculture **The Men from the Boys** Ray Raphael,1988 In other times and places the passage from boyhood to manhood was dramatized and facilitated by initiation rites In ritualized fashion the complex problems of personal development were translated into clear and concrete tasks But in the dazzling variety of modern America there is no universal test or ceremony that bestows manhood each male must find a group with its special initiations or devise an initiation of his own He may climb mountains play football join the army pledge fraternities impress the girls and get drunk with the guys But where do these free style initiations lead in the end To find out Ray Raphael conducted in depth interviews with one hundred American males ranging from a Mr America body building to a practitioner of witchcraft from a right stuff fighter pilot to a draft dodger from a self proclaimed Don Juan to a superdad *The Men from the Boys* is the first and only book length study of contemporary simulations of classical male initiations The results of this study are unsettling Initiations today function more as tests to determine who can make the grade than as educational tools that encourage the development of all young men In the absence of inclusive rituals Raphael s subjects struggle to overcome doubts as they negotiate their own paths to maturity Their personal tales told with dramatic and emotional intensity speak to all American males who find themselves torn between a unisex modernity and more archaic notions of masculinity *Ritual* Catherine Bell,2009-12-29 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and

comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium Ritual of Manhood Gilbert Herdt,1982

Manhood Unmasked: Exploring Masculinity and Identity in a Village Pasquale De Marco,2025-07-14 In a Cretan mountain village a microcosm of societal struggles and triumphs *Manhood Unmasked Exploring Masculinity and Identity in a Village* delves into the complexities of masculinity in a contemporary context Through intimate portraits of the villagers the book challenges narrow definitions of manhood and invites readers to question the cultural narratives that have long dictated male identity This thought provoking exploration unveils the intricate interplay between individual identity and societal expectations as men navigate the pressures of conformity and the yearning for authenticity It sheds light on the performance of masculinity the emotional toll of relentless competition and the fragility of the masculine facade *Manhood Unmasked* delves into the tension between the desire for emotional expression and the cultural taboo against male vulnerability It examines how masculinity is shaped by aging community dynamics and the ever shifting cultural landscape It also prompts readers to consider the consequences of traditional masculine ideals on men s emotional well being relationships and overall sense of self This book is not just an exploration of masculinity in a specific village it is a reflection of the universal struggles and aspirations of men everywhere It is a call to action for individuals and society as a whole to redefine masculinity in a way that promotes healthy and fulfilling lives for all With its rich storytelling and insightful analysis *Manhood Unmasked* challenges traditional norms and inspires readers to envision a future where masculinity is truly inclusive empowering and celebrated It is a must read for anyone seeking a deeper understanding of masculinity and its impact on our lives If you like this book write a review
