Rival Ambassadors At The Court Of Queen Mary:

Rival Ambassadors at the Court of Queen Mary E. Harris Harbison, 1982-05-01 **Rival Ambassadors at the Court of Queen Mary** Elmore Harris Harbison, 1940 *Rival Ambassadors at the Court of Queen Mary* E. Harris Harbison, 1899 *Rival Ambassadors at the Court of Queen Mary, by E. Harris Harbison* Elmore Harris Harbison, 1940

Italian Reform and English Reformations, c.1535-c.1585 M. Anne Overell, 2016-05-06 This is the first full scale study of interactions between Italy's religious reform and English reformations which were notoriously liable to pick up other people's ideas The book is of fundamental importance for those whose work includes revisionist themes of ambiguity opportunism and interdependence in sixteenth century religious change Anne Overell adopts an inclusive approach retaining within the group of Italian reformers those spirituali who left the church and those who remained within it and exploring commitment to reform whether humanist protestant or catholic In 1547 when the internationalist Archbishop Thomas Cranmer invited foreigners to foster a bolder reformation the Italians Peter Martyr Vermigli and Bernardino Ochino were the first to arrive in England The generosity with which they were received caused comment all over Europe handsome travel expenses prestigious jobs congregations which included the great and the good This was an entry con brio but the book also casts new light on our understanding of Marian reformation led by Cardinal Reginald Pole English by birth but once prominent among Italy's spirituali When Pole arrived to take his native country back to papal allegiance he brought with him like minded men and Italian reform continued to be woven into English history As the tables turned again at the accession of Elizabeth I there was further clamour to bring back Italians Yet Elizabethans had grown cautious and the book's later chapters analyse the reasons why offering scholars a new perspective on tensions between national and international reformations Exploring a nexus of contacts in England and in Italy Anne Overell presents an intriguing connection sealed by the sufferings of exile and always tempered by political constraints Here for the first time Italian reform is shown as an enduring part of the Elect Nation's literature and myth

Marriage With My Kingdom Alison Plowden, 2011-07-31 Born in 1533 Elizabeth I was the product of the doomed marriage of Henry VIII and Anne Boleyn In 1558 on her Catholic sister Mary's death she ascended the throne and reigned for 45 years Loved and respected by her subjects and idolised by future generations Gloriana's fierce devotion to her country and its people made her England's fairest queen and icon Royal marriage in the age of Elizabeth was a political business Unions between great families could be the key to security at home and to the making of great empires No one represented a better prize than Elizabeth She encouraged attention and spent her life surrounded by suitors but she remained until the end married only to her kingdom This the third volume of Alison Plowden's Elizabethan quartet plots the true story of the Virgin Queen's courtships and her career as the greatest tease in history **The Children of Henry VIII** John Guy, 2014 The fascinating family drama of Henry VIII and his four children re-created from the original sources by best selling Tudor historian John Guy **The Reign of Mary I** Robert Tittler, Judith Richards, 2014-07-22 Until recently the reign

of Mary Tudor was generally seen as a sterile interlude in the Tudor century with Mary herself dismissed as Bloody Mary. Extensive research in the past several decades has overturned these assumptions in almost every respect. In this succinct and up to date introduction to Mary's reign Tittler and Richards provide new insight into the circumstances of Mary's accession and go on to show that her reign was a lot more stable and her regime much more competent and innovative than once believed. This fully revised third edition includes a diverse range of primary sources and sheds new light on a variety of topics such as The complexities of Mary's relations with Philip of Spain The restoration of Catholicism The use of visual as well as literary means to legitimize and support Mary's rule The context for the war with France This concise and thought provoking introduction is ideal for students and interested readers at all levels *Philip of Spain, King of England* Harry Kelsey, 2011-11-30 The Spanish Armada conjures up images of age old rivalries bravery and treachery However the same Spanish monarch who sent the Armada to invade England in 1588 was just a few years previously the King of England and husband of Mary Tudor This important new book sheds new light on Philip II of Spain England's forgotten sovereign Previous accounts of Mary's brief reign have focused on the martyrdom of Protestant dissenters the loss of English territory as well as Mary's infamous personality meaning that her husband Philip has remained in the shadows In this book Harry Kelsey uncovers Philip's life from his childhood and education in Spain to his marriage to Mary and the political manoeuvrings involved in the marriage contract to the tumultuous aftermath of Mary's death which ultimately led to hostile relations between Queen Elizabeth and Philip culminating in the Armada Focusing especially on the period of Philip's marriage to Mary Kelsey shows that Philip was in fact an active King of England and took a keen interest in the rule of his wife's kingdom Casting fresh light on both Mary and Philip as well as European history more generally this book will be essential reading for anyone interested in the Tudor era *Henry VIII* David Loades, 2011-02-15 A major new biography of the most infamous king of England [John Dudley, Duke of Northumberland, 1504-1553](#) D. M. Loades, 1996 This book reconstructs the personal and political life of John Dudley 1504-1553 Viscount Lisle Earl of Warwick and Duke of Northumberland For three and a half years 1549-1553 as Lord President of the Council he was the leader of Edward VI's minority government His involvement in the notorious attempt to frustrate Mary's succession to the throne in favour of his daughter in law Jane Grey contributed substantially to the evil reputation which clung to him both at the time and since He is conventionally portrayed as an ambitious unscrupulous man who embraced and renounced the Reformation to suit his own purposes The fact that his father was Henry VII's detested financial agent Edmund Dudley and one of his sons the colourful Earl of Leicester has helped to confirm his unprincipled image Now his reputation is being reassessed but historians have concentrated almost entirely on his years in power the last four years of his life Drawing upon new research Professor Loades looks at John Dudley's whole career and by considering the lives of his father Edmund and his sons places him in longer historical perspective A new and important interpretation of the Tudor service nobility emerges in which John Dudley is seen not merely as an overmighty

subject and kingmaker but first and foremost as a servant of the English Crown Catholic Renewal and Protestant Resistance in Marian England Vivienne Westbrook, Elizabeth Evenden, 2016-03-03 Mary Tudor's reign is regarded as a period where within a short space of time an early modern European state attempted to reverse the religious policy of preceding governments. This required the use of persuasion and coercion of propaganda and censorship as well as the controversial decision to revive an old statute against heresy. The efforts to renew Catholic worship and to revive Catholic education and spirituality were fiercely opposed by a small but determined group of Protestants who sought ways of thwarting the return of Catholicism. The battle between those seeking to renew Catholicism and those determined to resist it raged for the full five years of Mary's reign. This volume brings together eleven authors from different disciplines: English Literature, History, Divinity, and the History of the Book, who explore the different policies undertaken to ensure that Catholicism could flourish once more in England. The safety of the clergy and of the public at the Mass was of paramount importance since sporadic unrest took place early on. Steps were taken to ensure that reformist worship was stopped and that the country re-embraced Catholic practices. This involved a number of short and long term plans to be enacted by the regime. These included purging the universities of reformist ideas and ensuring the re-education of both the laity and the clergy. On a wider scale this was undertaken via the pulpit and the printing press. Those who opposed the return to Catholicism did so by various means. Some retreated into exile while others chose the press to voice their objections as this volume details. The regime's responses to the actions of individuals and to the clandestine texts produced by their opposition come under scrutiny throughout this volume. The work presented here also offers new insight into the role of King Philip and his Spanish advisers. These essays therefore present a detailed assessment of the role of the Spanish who came with to England as a result of the marriage of Philip and Mary. They also move away from the ongoing discussions of persecution seeking rather to present a more nuanced understanding of the regime's attempts to renew and revive a nation of worshippers and to eradicate the disease of heresy. They also look at the ways those attempts were opposed by individuals at home and abroad thereby providing a broad ranging but detailed assessment of both Catholic renewal and Protestant resistance during the years 1553-1558 *Law and Government Under the Tudors* Claire Cross, David Loades, J. J. Scarisbrick, 2002-05-09 This is a collection of specially commissioned research essays by scholars on the government of Tudor England designed as a tribute from a group of advanced students to their supervisor Professor Sir Geoffrey Elton to whom the volume is dedicated. It is internationally celebrated and the most influential living historian of the period. Each essay reflects the special interest of the author within the broader theme of Law and Government. The book will be read by many who have been influenced by Professor Elton's teaching but who may not necessarily be students or historians of Tudor England **Renaissance Diplomacy** Garrett Mattingly, 2025-03-18T00:00:00Z This work is the classic history of the development of modern diplomacy in Renaissance Europe. Sometime after the year 1400 the diplomatic traditions of civilized cultures which have existed as far back as the

records of human history extend took a sharp turn that was the result of new power relations in the newly modern world Mattingly believed these could be illustrative of how nations and traditions change and that we might apply those lessons to our own rapidly changing global culture An important book carefully and elegantly written The Times London Excellent New York Herald Tribune

A Compendium of World Sovereigns: Volume III Early Modern Timothy Venning, 2023-06-30 The Compendium of World Sovereigns series contains three volumes Ancient Medieval and Early Modern These volumes provide students with easy to access who s who with details on the identities and dates ages and wives where known of heads of government in any given state at any time within the framework of reference The relevant original and secondary sources are also listed in a comprehensive bibliography Providing a clear reference guide for students to who was who and when they ruled in the dynasties and other ruler lists for the Ancient Medieval and Early Modern worlds primarily European and Middle Eastern but including available information on Africa and Asia and the pre Columbian Americas The trilogy accesses and interprets the original data plus any modern controversies and disputes over names and dating reflecting on the shifts and widening of focus in student and academic studies Each volume contains league tables of rulers records and an extensive bibliographical guide to the relevant personnel and dynasties plus any controversies so readers can consult these for extra details and know exactly where to go for which information All relevant information is collected and provided as a one stop shop for students wishing to check the known information about a world Sovereign The Early Modern volume begins with Eastern and Western Europe and moves through the Ottoman Empire South and East Asia Africa and ends in Central and South America Compendium of World Sovereigns Volume III Early Modern provides students and scholars with the perfect reference guide to support their studies and to fact check dates people and places

The Tudors Timothy Venning, 2014-05-30 A renowned historian examines some of the most crucial junctions of fifteenth and sixteenth century Britain and how they could have gone differently Timothy Venning s series of alternative histories explores the pathways of British events from the Anglo Saxon Age to the English Civil War In this volume he presents an in depth analysis of the Tudor period As always Venning discusses the fateful moments at which History could easily have taken a different turn In a fascinating series of what if scenarios Venning presents a detailed look at the possible and likely results While necessarily speculative the scenarios are all highly plausible and rooted in a firm understanding of actually events and their context In so doing Venning gives the reader a clearer understanding of the factors at play and why things happened the way they did as well as a tantalizing view of what might have been Key questions discussed in this volume include Did the pretenders Lambert Simnel and Perkin Warbeck ever have a realistic chance of a successful invasion coup If Henry Fitzroy Henry VIII s illegitimate son had not died young might he have been a suitable King What if Edward VI had not died at fifteen but reigned into the 1560s and 70s How might the Spanish Armada have succeeded in landing an army in England and with what likely outcome

The Marrying of Anne of Cleves Retha M. Warnicke, 2000-04-13 A study of the marrying of Anne of Cleves to

Henry VIII and of sexual court politics *Strange Communion* Jacqueline Vanhoutte, 2003 *Strange Communion* concerns the development in Tudor culture of a tendency to identify the common good with the health of the motherland Playwrights polemicists and politicians such as John Bale Richard Morison and William Shakespeare among others relied on maternal representations of England to evoke a sense of common purpose Vanhoutte examines how such motherland tropes came to describe England how they changed in response to specific political crises and how they came by the end of the sixteenth century to shape literary ideals of masculinity While Henrician propagandists appealed to Mother England in order to enforce dynastic privilege their successors modified nationalist symbols as to qualify absolute monarchy The accessions of two queens thus encouraged a convergence of nationalist and patriarchal ideologies in late Tudor works evocations of the national family tend to efface class distinctions while reinforcing gender distinctions Dr Jacqueline Vanhoutte is an assistant professor at the University of North Texas **Marriage Relationships in Tudor Political Drama** Michael A.

Winkelman, 2019-07-12 Originally published in 2005 While several recent studies have investigated the political dimensions of sixteenth century English drama until now there has not been a monograph that tells the story of how and why royal marital selection was examined By linking court interludes neoclassical university tragedies and popular plays by late Elizabethan dramatists Christopher Marlowe John Lyly Thomas Kyd and William Shakespeare to the inflammatory topic of Tudor marriage Michael Winkelman demonstrates their cultural centrality This new work interrogates the symbolic allusive and mimetic aspects of marital relationships in such plays Winkelman argues that they were crucial battlegrounds for a series of consequential debates about the future of the monarchy especially during the reigns of the oft married King Henry VIII and his unmarried daughter the Virgin Queen Elizabeth I Marriage as a critically important political metaphor as well as a pressing realpolitik quandary was the subject of major debate in the drama and government of Tudor England Royal conduct in the domestic sphere had a tremendous impact on the entire English social order and in an age before widespread freedom of speech court drama was often the only venue where the voicing of criticism was tolerated The fascinating soap opera story of Tudor marriage thus provides the author with a reference point for an interdisciplinary study of sixteenth century theatre and politics Drawing on evidence from playbooks and historical chronicles as well as contemporary work in gender studies audience response theory and anthropology this book explores how during a time of anxiety inducing change playwrights discussed controversies and propounded remedies theatre played a pivotal role in shaping society

Machiavelli and Mystery of State Peter S. Donaldson, 1992-08-28 *Machiavelli and Mystery of State* studies the intersection of sacred and secular conceptions of kingship in the Renaissance by documenting in detail six instances of the attempt to connect Machiavelli's thought to an ancient and secret tradition of political counsel the arcana imperii or mysteries of state This book illuminates an important and neglected dimension of Machiavelli's powerful influence on Renaissance political discourse
