Federal Communications Commission,2005 **Day and Overnight Hikes** Johnny Molloy,2014-05-14 This book presents more than 30 day hikes Classic hikes such as Rose River Loop and Whiteoak Canyon are included However though the majority of these hikes are not as well known they offer as much solitude and equally scenic sights like Lost Cliffs and Furnace Mountain as the more popular hikes This will give you the opportunity to get back to nature on your own terms Often park sightseers randomly pick a hike without knowing where it will lead or they follow the crowds wherever they go Choosing a hike at random in Shenandoah where many trails drop steeply off the Blue Ridge may result in a rigorous return to the car with no rewards to show effort Two types of day hikes are offered one way and loop hikes One way hikes lead to a particularly rewarding destination and return via the same trail The return trip allows you to see everything from the opposite vantage point You may notice more minute trailside features the second go round and returning at a different time of day may give the same trail a surprisingly different character But to some returning on the same trail just isn t enjoyable The loop hikes provide an alternative Most of the hikes offer solitude to maximize your Shenandoah experience although portions of some hikes traverse potentially popular areas It should also be noted that loop hikes are generally longer and harder than one way hikes but a bigger challenge can reap bigger rewards Day hiking is the best and most popular way to break into the Shenandoah wilderness But for those with the inclination to see the mountain cycle from day to night and back again this book offers ten overnight hikes with the best locales for camping The length of these hikes three days and two nights was chosen primarily for the weekend backpacker Backpackers must follow park regulations and practice leave no trace wilderness use etiquette Each day and overnight hike contains four key elements to help readers plan and enjoy the perfect trip GPS based trail maps GPS based elevation profiles directions to the trailhead trail descriptions Each trail description offers precise commentary on what to expect along the way and rates each hike for scenery trail condition difficulty accessibility for children solitude Designed to fit easily into a back pocket this guide leads hikers and backpackers to sites of exceptional beauty and solitude **Federal Register** ,1999
