Sam Lake,2011-06-09 Droughts are a major hazard to both natural and human dominated environments and those especially of long duration and high intensity can be highly damaging and leave long lasting effects This book describes the climatic conditions that give rise to droughts and their various forms and chief attributes Past droughts are described including those that had severe impacts on human societies As a disturbance droughts can be thought of as ramps in that they usually build slowly and take time to become evident As precipitation is reduced flows from catchments into aquatic systems decline As water declines in water bodies ecological processes are changed and the biota can be drastically reduced though species and populations may

survive by using refuges Recovery from drought varies in both rates and in degrees of completeness and may be a function of both refuge availability and connectivity For the first time this book reviews the available rather scattered literature on the impacts of drought on the flora fauna and ecological processes of aquatic ecosystems ranging from small ponds to lakes and from streams to estuaries The effects of drought on the biota of standing waters and flowing waters and of temporary waters and perennial systems are described and compared In addition the ways in which human activity can exacerbate droughts are outlined In many parts of the world especially in the mid latitudes global warming may result in increases in the duration and intensity of droughts Drought and Aquatic Ecosystems is essential reading for freshwater ecologists water resource managers and advanced students

Nature's Kindred Spirits James I. McClintock,1994-04-01 In Nature s Kindred Spirits James McClintock shows how their mystical experiences with the wild led to dramatic conversions in their thinking and behavior By embracing the ecstasy of nature they reject modern alienation and spiritual confusion From Aldo Leopold America s most important conservationist and author of the classic A Sand County Almanac to Pulitzer Prize winners Annie Dillard and Gary Snyder and defenders of the desert Joseph Wood Krutch and Edward Abbey these writers share a common vision that harkens back to Henry David Thoreau and John Muir To nineteenth century Romantic ideals they add the authority of modern ecological science Collectively they have elevated nature s importance in American culture shaping the growth of the environmental movement and influencing American environmental policies Widely admired among educated readers but relatively neglected by the literary establishment these writers unite the experiential with the metaphysical the ordinary with the sacred the personal with the public and the natural with the social Using ecology as a touchstone McClintock further draws connections among science politics religion and philosophy to create an enlightening overview of the work of these kindred spirits

The Land's Wild Music Mark Tredinnick,2011-04-14 The Land s Wild Music explores the home terrains and the writing of four great American writers of place Barry Lopez Peter Matthiessen Terry Tempest Williams and James Galvin In their work and its relationship with their home places Tredinnick an Australian writer searches for answers to such questions such as whether it s possible for a writer to make an authentic witness of a place how one captures the landscape as it truly is and how one joins the place in witness so that its lyric becomes one s own and enters into one s own work He asks what it might mean to enact an ecological imagination of the world and whether it might be possible to see the work and the writer as part of the place itself The work is a meditation on the nature of landscape and its power to shape the lives and syntax of men and women It is animated by the author s encounters with Lopez Matthiessen Williams and Galvin by critical readings of their work and by the author s engagement with the landscapes that have shaped these writers and their writing the Cascades Long Island the Colorado Plateau and the high prairies of the Rocky Mountains Tredinnick seeks the spring of nature writing

deep in the nature of a place itself carried in a writer's wild self inside and resonated over and over again at the desk until it is a work in which the place itself sings

The Untouchable Tree Peter C. Stone, 2008-10-17 The Untouchable Tree is about our connection to the magnificence, the transcendence, and the essential nature of trees. Throughout human history, they have served as shelter and as symbol. And today more than ever, our destiny is tied to theirs. The book weaves together prose, poetry, and art in a unique exploration of our relationship with these plants, from the billowy yet delicate black cherry to the majestic white oak. Each painting subtly points to a range of historical, mythological symbols, reminding us of the untouchable, the sacred within each of us.

Listening to Cougar Cara Blessley Lowe, Marc Bekoff, 2018-07-09 Awe! It's the overwhelming emotion 20 authors express for the cougar, or mountain lion, or panther, or puma in this beautiful literary anthology. The Durango Herald Foreword by Jane Goodall. This spellbinding tribute to Puma concolor honors the big cat's presence on the land and in our psyches. In some essays, the puma appears front and center: a lion leaps over Rick Bass's feet, hurtles off a cliff in front of J. Frank Dobie, gazes at Julia Corbett when she opens her eyes after an outdoor meditation, emerges from the fog close enough for poet Gary Gildner to touch. Marc Bekoff opens his car door for a dog that turns out to be a lion. Other works evoke lions indirectly. Biologists describe aspects of cougar ecology, such as its rugged habitat and how males struggle to claim territory. Conservationists relate the political history of America's greatest cat. Short stories and essays consider lions' significance to people, reflecting on accidental encounters, dreams, Navajo beliefs, guided hunts, and how vital mountain lions are to people as symbols of power and wildness. Contributors include Rick Bass, Marc Bekoff, Janay Brun, Julia B. Corbett, Deanna Dawn, J. Frank Dobie, Suzanne Duarte, Steve Edwards, Joan Fox, Gary Gildner, Wendy Keefover, Ring, Ted Kerasote, Christina Kohlruss, Barry Lopez, BK Loren, Cara Blessley Lowe, Steve Pavlik, David Stoner, and Linda Sweanor. Puma, Cougar, Mountain lion, Panther. These words and the creatures they represent inspire awe, wonder, excitement, terror, and reverence in the writers whose contributions make up this anthology. The Unwritten Book Samantha Hunt, 2022-04-05 One of our most interesting and bold writers offers a characteristically wild effort that defies genre distinctions, flits from the profound to the mundane with fierce intelligence and searching restlessness, and at its best delves deep into the recesses of the human heart with courageous abandon. An intoxicating blend of humor and pathos. Priscilla Gilman, The Boston Globe. Eerie, profound, and daring, this is a book only the inimitable Hunt could write. Adrienne Westefeld, Esquire. From Samantha Hunt, the award-winning author of *The Dark*, comes *The Unwritten Book*, her first work of nonfiction, a genre-bending creation that explores the importance of books, the idea of haunting, and messages from beyond. I carry each book I've ever read with me, just as I carry my dead, those things that aren't really there, those things that shape everything I am. A genre-bending work of nonfiction, Samantha Hunt's *The Unwritten Book* explores ghosts, ghost stories, and haunting in the broadest sense of each. What is it to be haunted, to be a ghost, to die, to live, to read? Books are ghosts, reading is communion with the dead. Alcohol is a way of communing, too, as well as a way of dying. Each chapter gathers subjects that

haunt dead people the forest the towering library of all those books we'll never have time to read or write Hunt like a mad crossword puzzler looks for patterns and clues Through literary criticism history family history and memoir inspired by W G Sebald James Joyce Ali Smith Toni Morrison William Faulkner and many others Hunt explores motherhood hoarding legacies of addiction grief how we insulate ourselves from the past how we misinterpret the world Nestled within her inquiry is a very special ghost book an incomplete manuscript about people who can fly without wings written by her father and found in his desk just days after he died What secret messages might his work reveal What wisdom might she distill from its unfinished pages Hunt conveys a vivid and grateful life one that comes from living closer to the dead and shedding fear for wonder The Unwritten Book revels in the randomness connectivity and magic of everyday existence And at its heart is the immense weight of love

On Sacred Ground Nicholas O'Connell,2011-10-01 *On Sacred Ground* explores the literature of the Northwest the area that extends from the Pacific Ocean to the Rocky Mountains and from the forty ninth parallel to the Siskiyou Mountains The Northwest exhibits astonishing geographical diversity and yet the entire bioregion shares a similarity of climate flora and fauna For Nicholas O Connell the effects of nature on everyday Northwest life carry over to the region s literature Although Northwest writers address a number of subjects the relationship between people and place proves the dominant one and that has been true since the first tribes settled the region and began telling stories about it thousands of years ago Indeed it is the common thread linking Chief Seattle to Theodore Roethke Narscissa Whitman to Ursula K Le Guin Joaquin Miller to Ivan Doig Marilynne Robinson to Jack London Betty MacDonald to Gary Snyder Tracing the history of Pacific Northwest literary works from Native American myths to the accounts of explorers and settlers the effusions of the romantics the sharply etched stories of the realists the mystic visions of Northwest poets and the contemporary explosion of Northwest poetry and prose O Connell shows how the most important contribution of Northwest writers to American literature is their articulation of a more spiritual human relationship with landscape Pacific Northwest writers and storytellers see the Northwest not just as a source of material wealth but as a spiritual homeland a place to lead a rich and fulfilling life within the whole context of creation And just as the relationship between people and place serves as the unifying feature of Northwest literature so also does literature itself possess a perhaps unique ability to transform a landscape into a sacred place
