Border Oasis Evan R. Ward, 2016-12-15 The environmental history of the Colorado River delta during the past century is one of the most important and most neglected stories of the U S Mexico Borderlands Thanks to entrepreneurs such as William E Smythe the surrounding desert in Arizona California Sonora and Baja California has been transformed into an agricultural oasis but not without significant ecological political economic and social consequences Evan Ward explores the rapid development of this region examining the ways in which regional politics and international relations created a garden in the Mexicali Yuma and Imperial Valleys while simultaneously threatening the life of the Colorado River Tracing the transformation of the delta by irrigated agribusiness through the twentieth century he draws on untapped archival resources from both sides of the border to offer a new look at

one of the world's most contested landscapes *Border Oasis* tells how two very different nations developed the delta into an agricultural oasis at enormous environmental cost Focusing on the years 1940 to 1975 including the disastrous salinity crisis of the 1960s and 1970s it combines Mexican Native American and U S perspectives to demonstrate that the political and diplomatic influences on the delta played as much a part in the region's transformation as did irrigation Ward reveals how mistrust among political and economic participants has been fueled by conflict between national and local officials on both sides of the border by Mexican nationalism and by a mutual recognition that water is the critical ingredient for regional economic development With overemphasis on development in both nations leading to an ecological breaking point Ward demonstrates that conflicting interests have made sound binational management of the delta nearly impossible By weaving together all of these threads that have produced the fabric of today's lower Colorado his study shows that the environmental history of the delta must be understood as a whole not from the standpoint of only one of many competing interests

Restoring Colorado River Ecosystems Robert W. Adler, 2012-06-22 Over the past century humans have molded the Colorado River to serve their own needs resulting in significant impacts to the river and its ecosystems Today many scientists public officials and citizens hope to restore some of the lost resources in portions of the river and its surrounding lands Environmental restoration on the scale of the Colorado River basin is immensely challenging in addition to an almost overwhelming array of technical difficulties it is fraught with perplexing questions about the appropriate goals of restoration and the extent to which environmental restoration must be balanced against environmental changes designed to promote and sustain human economic development *Restoring Colorado River Ecosystems* explores the many questions and challenges surrounding the issue of large scale restoration of the Colorado River basin and of large scale restoration in general Robert W Adler evaluates the relationships among the laws policies and institutions governing use and management of the Colorado River for human benefit and those designed to protect and restore the river and its environment He examines and critiques the often challenging interactions among law science economics and politics within which restoration efforts must operate Ultimately he suggests that a broad concept of restoration is needed to navigate those uncertain waters and to strike an appropriate balance between human and environmental needs While the book is primarily about restoration of Colorado River ecosystems it is also about uncertainty conflict competing values and the nature pace and implications of environmental change It is about our place in the natural environment and whether there are limits to that presence we ought to respect And it is about our responsibility to the ecosystems we live in and use

Exploring the Colorado River John Wesley Powell, 2012-07-19 Powell's 1869 expedition was the first successful attempt to map the Colorado River This volume assembles the explorers journals accounts and letters into a compelling day by day narrative

Kinds of Winter Dave Olesen, 2014-12-05 A veteran dog musher Dave Olesen finished the Iditarod Trail Sled Dog Race eight times After a fifteen year career as a sled dog racer Olesen set out to fulfill a lifelong dream In four successive winters he steered his dogs and

sled on long trips away from his remote Northwest Territories homestead setting out in turn to the south east north and west and home again to Hoarfrost River His narrative ranges from the personal and poignant musings of a dogsled driver to loftier planes of introspection and contemplation Olesen describes his journeys day by day but this book is not merely an account of his travels Neither is it yet another offering in the genre of wide eyed southerner meets the Arctic because Olesen is a firmly rooted northerner having lived and travelled in the boreal outback for over thirty years Olesen s life story colours his writing educated immigrant husband and father professional dog musher working bush pilot and denizen of log cabins far off the grid He and his dogs feel at home in country lying miles back of beyond This book demolishes many of the clichés that imbue writings about bush life the Far North and dogsledding It is a unique blend of armchair adventure personal memoir and thoughtful down to earth reflection *Mountain Harmonies* Howard L. Smith,2004 This book is about adventures in nature primarily in the mountains and about how wildness touches the very depth of our being The experiences I relive in this book occurred principally in the mountains of New Mexico and bordering wild areas of Colorado but also in the Rocky Mountains of Wyoming and Montana as well as Washington in the Pacific Northwest Most of the events happened as I was walking hiking camping and backpacking Pref **Outdoors in the Southwest** Andrew Gulliford,2014-04-18 More college students than ever are majoring in Outdoor Recreation Outdoor Education or Adventure Education but fewer and fewer Americans spend any time in thoughtful respectful engagement with wilderness While many young people may think of adrenaline laced extreme sports as prime outdoor activities with *Outdoors in the Southwest* Andrew Gulliford seeks to promote appreciation for and discussion of the wild landscapes where those sports are played Advocating an outdoor ethic based on curiosity cooperation humility and ecological literacy this essay collection features selections by renowned southwestern writers including Terry Tempest Williams Edward Abbey Craig Childs and Barbara Kingsolver as well as scholars experienced guides and river rats Essays explain the necessity of nature in the digital age recount rafting adventures and reflect on the psychological effects of expeditions True life cautionary tales tell of encounters with nearly disastrous flash floods 900 foot falls and lightning strikes The final chapter describes the work of Great Old Broads for Wilderness the Colorado Fourteeners Initiative and other exemplars of wilderness tithing giving back to public lands through volunteering stewardship and eco advocacy Addressing the evolution of public land policy the meaning of wilderness and the importance of environmental protection this collection serves as an intellectual guidebook not just for students but for travelers and anyone curious about the changing landscape of the West **Glen Canyon Dammed** Jared Farmer,1999 Focusing on the saddening maddening example of Glen Canyon Jared Farmer traces the history of exploration and development in the Four Corners region discusses the role of tourism in changing the face of the West and shows how the invention of Lake Powell has served multiple needs He also seeks to identify the point at which change becomes loss How do people deal with losing places they love How are we to remember or restore lost places BOOK JACKET **Disaster Falls** Stéphane Gerson,2017-01-24 A

haunting chronicle of what endures when the world we know is swept away On a day like any other on a rafting trip down Utah's Green River Stephen Gerson's eight year old son Owen drowned in a spot known as Disaster Falls That night as darkness fell Stephen huddled in a tent with his wife Alison and their older son Julian trying to understand what seemed inconceivable It's just the three of us now Alison said over the sounds of a light rain and nearby the rushing river We cannot do it alone We have to stick together Disaster Falls chronicles the aftermath of that day and their shared determination to stay true to Alison's resolution At the heart of the book is an unflinching portrait of a marriage tested Husband and wife grieve in radically different ways that threaten to isolate each of them in their post Owen worlds He feels so far Stephen says when Alison shows him a selfie Owen had taken He feels so close she says With beautiful specificity Stephen shows how they resist that isolation and reconfigure their marriage from within As Stephen navigates his grief the memoir expands to explore how society reacts to the death of a child He depicts the good death of his father which reveals an altogether different perspective on mortality He excavates the history of the Green River rife with hazards not mentioned in the rafting company's brochures He explores how stories can both memorialize and obscure a person's life and how they can rescue us Disaster Falls is a powerful account of a life cleaved in two raw truthful and unexpectedly consoling

Rapture River Robert Edward Smith, 2024-11-08 Rapture River Robert Edward Smith's first novel tracks the relationship of two lovers who are as unpredictable as Michigan's weather Josh a Catholic priest and Joyce a Native American meet at St Peter The Fisherman Catholic Church on the banks of the Black River a premier brook trout stream for fly fishing Each embraces their own spiritual heritage but struggles with an inner sensual demon They must prove strong enough to bridge that spiritual gap and assuage his guilt and her anguish over their coupling Their relationship is facilitated by Josh's 89 year old fly fishing mentor Ted and his Labrador Retriever Molly The Black River is the mainstream in their story but the novel is not mainstream The River and wilderness are presented as seen through the eyes of Joyce and Josh whose emotional attachment to their environs pulls the reader into their quest The author describes the wrenching action they encounter with captivating prose as this example when they are in the middle of the river in their waders For a long time they were alone until startled by a swish and loud flapping A hawk angled down directly above and dove with its wings held tight piercing the water like an arrow and disappearing under the surface then bursting up in a gush of spray with a large trout hooked in its talons The trout thrashed about fiercely slapping the river with its tail splashing a shower of water The hawk twisting to shake off the droplets let out a shrill scream and hovered momentarily just above water pounding its drenched wings and rising the trout clamped in its black claws The novel slips into fantasy fable and the enchantment of nature A murder a gambling casino a mission church of serpent handlers and accidental oil spills steal into the story seamlessly The author deftly manipulates these genres He inserts the thoughts of his characters through italicized stream of consciousness paragraphs and introduces each by a black silhouette image of an animal which represents that character as a butterfly or a hawk rendering the novel more reader

friendly The novel fits into the little publicized genre of slipstream probably exemplified best by the writings of Jorge Luis Borges But there is no slipstream section at our current bookstores Even the main character the River is unpredictable sometimes harsh yet comforting even obedient Through a Kangaroo Court a medium of last resort the author deftly convinces his readers that this is the only fair trial available for the guilty party His readers will be intrigued and drawn into the story as if it were true Rapture River is a Romance a Murder Mystery an escapist Fable but above all a magical quest for fulfillment in our strange times

America Fred Setterberg, 1999 A portrait of the nation through tales of travelers who have traversed the breadth and depth of America the beautiful

The Same River Twice Michael D. Burke, 2006 In the summer of 1991 Michael Burke an experienced river guide embarks on a three week journey down a series of remote rivers in British Columbia Leaving behind his pregnant wife he embraces the perils of a voyage with a companion he barely knows in a raft that may not weather the trip He attempts to reconcile the shifting fates of his life his transition from river guide to husband father and academic At the same time he hopes to explore his connection to a distant relative Sid Barrington who was a champion swiftwater pilot of the North in the late 19th and early 20th centuries As Burke contemplates what he and Sid may have had in common he meditates on the changing meaning of rivers and the impossibility of fully recovering the past In clear and graceful prose Burke blends Sid s colorful history with his own uncommon journey He also reflects upon the quick currents of time and the fierce passion he shares with Sid for the life of river running in Alaska and the west Unlike most river running books that often describe waterways in the lower forty eight states *The Same River Twice* introduces readers to rough austere and unfamiliar rivers in the northern wilderness Burke has an intimate understanding of these remote free flowing rivers He effectively captures the thrill of moving water the spirit of rivers and river canyons and the life of river guides This insightful memoir brings readers into a confluence of rivers where past and present merge revealing the power of wilderness and the truth about changing course

The Complete Walker IV Colin Fletcher, Chip Rawlins, 2015-11-17 For the first time since 1984 we have a new edition of the classic book that Field they talk in detail about everything from socks to freeze dried trail curries They end as they began with a philosophical and literary disquisition on the reasons to walk capped off with a delightful collection of quotes about walking and the outdoor life After a thoughtful and painstaking analysis of hiking gear from hats to boots from longjohns to tent flaps they remind us that ultimately hiking is about the experience of being outdoors and seeing the green world anew Like its predecessors *The Complete Walker IV* is an essential purchase for anyone captivated by the outdoor life

Oh, Give Me a Home Ann Ronald, 2006 A realistic but nostalgic look at the land that is as much a state of mind as it is an actual place examines what it means to be a westerner today and how present actions are shaping the landscapes institutions culture and potential of the American West for future generations Original
