Isle of Dogs Patricia Cornwell,2002-10-01 Patricia Cornwell's novels of big city police have taken this classic genre to a new level Now with this 1 New York Times bestselling novel she outdoes herself with a wry tale of life and turmoil behind the blue wall Chaos breaks loose when the governor of Virginia orders that speed traps be painted on all streets and highways and warns that speeders will be caught by monitoring aircraft flying overhead But the eccentric island of Tangier fourteen miles off the coast of Virginia in Chesapeake Bay responds by declaring war on its own state Judy Hammer newly installed as the superintendent of the Virginia State Police and Andy Brazil a state trooper and Hammer's right hand and confidant find themselves at their wits end as they try to protect the public from the politicians and vice versa in this pitch perfect darkly comic romp

Road Dogs Robert McGeary,2004-03-01 State troopers face a different world of law enforcement than most

other police Though far removed from the inner city beat cop they face the same dangers The great expanses of farm lands and forests and the hundreds of miles of interstate highways are the territories they patrol They are the lonely gray sentinels protecting the never ending countryside where often your only companion is your own conscience back up is an hour away and the unwritten rule is that whatever you stick your nose in you'd better be able to handle it alone Road Dogs takes you on patrol with the men who accept the risks every day Through their daily encounters you'll learn their way From the humorous to the tragic it's a harsh study of the dedication and emotion of the career patrolmen that will change your opinion of those wearing the big hat *Fishing Dogs* Raymond Coppinger, 2014-02-04 If you're familiar with the world of hunting you know

how important dogs are in the field Less known however is how vital these canines are to fishermen For many anglers packing your tackle and wading through the river without a trusted fishing dog is a recipe for disaster In *Fishing Dogs* Raymond Coppinger sheds light on the true value of fishing dogs of every size shape and color Monsoon dogs for example lay in the bilge of boats until they are disturbed by the shipping of water At that point they rise up out of the bilge and unleash with tremendous power a series of epicentric rotational reciprocations thus expelling inches of boat threatening water Coppinger also introduces readers to the Maine bowplunk dog which received its name from its deeply ingrained habit of standing proud and brave on the bow of his master's boat as it moves through the choppy waters off Maine's coast As a biologist distinguished fisherman and a known storyteller and fan of satire Coppinger is more than qualified to discuss the various breeds of fishing dogs in addition to topics as the evolution of dogs from wolves the dangers of crossbreeding and finding a fisherman's perfect fishing dog Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home *Beggars and Thieves* Mark S. Fleisher, 1995-08-01 As the incidence

of violent crime rises in the United States so does the public demand for a solution But what will work Mark S. Fleisher has spent years among inmates in jails and prisons and on the streets with thieves gang members addicts and life long criminals in Seattle and other cities across the country In *Beggars and Thieves* he writes about how and why they become and remain offenders and about the actual role of jails and prisons in efforts to deter crime and rehabilitate criminals Fleisher shows with wrenching firsthand accounts that parents who are addicts abusers and criminals beget irreversibly damaged children who become addicts abusers and criminals Further Fleisher contends that many well intentioned educational and vocational training programs are wasted because they are offered too late to help And he provides sobering evidence that many youthful and adult offenders find themselves better off in prison with work to do medical care a clean place to sleep regular meals and

stable social ties than they are in America's cities Fleisher calls for anti crime policies that are bold practical and absolutely imperative He prescribes life terms for violent offenders but in prisons structured as work communities where privileges are earned through work in expanded productive industries that reduce the financial burden of incarceration on the public But most important he argues that the only way to prevent street crime cut prison growth and reduce the waste of money and human lives is to permanently remove brutalized children from criminal addicted and violent parents Road Dogs Elmore Leonard,2009-05-12 Cuban con man Cundo Rey and gentleman bank robber Jack Foley are united in a scheme that involves the women in their lives and a beautiful psychic **Dogs: The Ultimate Care Guide** Matthew Hoffman,2000-05-19
