The Road to Inner Freedom Baruch Spinoza (dit Benedictus de.),1957 **The Road to Inner Freedom** Baruch Spinoza,2014-12-02 The seventeenth century Dutch philosopher views the ability to experience rational love of God as the key to mastering the contradictory and violent human emotions **The Road to Inner Freedom. The Ethics. Edited and with an Introduction by Dagobert D. Runes. (Translation by R. H. M. Elwes.).** Benedictus de Spinoza,R. H. M. ELWES,Dagobert David RUNES,1957 **The Ethics of Spinoza** Benedictus de Spinoza,1976 The seventeenth century Dutch philosopher views the ability to experience rational love of God as the key to mastering the contradictory and violent human emotions **The Ethics** Benedictus de Spinoza,1962 *Ethics* Benedictus de Spinoza,1957 [The Ethics](#) Benedictus de Spinoza,1957 **The Road to Inner Freedom** Benedictus de Spinoza,1957 **Freedom for Obedience** Donald G. Bloesch,2002-04-15 The Christian ethic is an ethic that cannot be assimilated into the moral consensus of the wider community The way of the cross cannot be reconciled with the way of the world just as the gospel cannot be conjoined with the laws that gave stability to social order The thesis of this book is that human justice can never be a substitute for divine justification but it can be a sign and witness to the justifying grace of God in Jesus Christ Humanitarian works can never reach the heights of deeds of sacrificial love and mercy but they can point to this higher righteousness and awaken a thirst for it We must always be on guard against two perils the Scylla of legalism and rigorism and Charybdis of antinomianism An ethics of the divine commandment by uniting law and grace the imperative and the indicative shows how we can live the authentic Christian life in obedience to the highest which is not a law but a person not an ideal but the reality of the New Being the power of crucified love as we see this in Jesus Christ from Freedom for Obedience *Mitzvoth Ethics and the Jewish Bible* Gershom M. H. Ratheiser,2007-03-01 Ratheiser s study provides the framework for a non confessional mitzvoth ethics centered and historical philological approach to the Jewish bible and deals with the basic steps of an alternative paradigmatic perspective on the biblical text The author seeks to demonstrate the ineptness of confessional and ahistorical approaches to the Jewish bible Based on his observations and his survey of the history of interpretation of the Jewish bible Ratheiser introduces an alternative hermeneutical exegetical approach to the Jewish bible the paradigm of examples His study concludes that the biblical text is a collection of writings designed and formed from a specifically ethical ethnic outlook In other words he regards the Jewish bible to be written as an etiology of ancient instruction by ancient Jews to Jews and for Jews As such it serves as a religious ethical identity marker that provides ancient Jews and their descendants with an etiology of Jewish life Ratheiser regards this religious ethical agenda to have been the driving force in the minds of the final editors compilers of the biblical text as we have it today *The Dialectic in Journalism* Carter R. Bryan,John C. Merrill,1993-08-01 A main intent of this book is to show how freedom relates to ethics in journalism and at the same time to discuss how a number of other contraries or antinomies are unsuitable in the real world of journalism I also hope to

demonstrate how a synthesis a position near the Aristotelian Golden Mean is the best solution to many of the problems of mass communication We need to form the habit of thinking dialectically about many of our journalistic problems realizing that a clash of opposing positions is not harmful but useful in the constantly changing world of journalism From the Introduction Over the past thirty years John C Merrill has produced what many critics consider an essential body of writing on the relatedness of journalism and philosophy He speaks with authority for a growing group of scholars who are looking behind the product of journalism for the ideologies that create them His latest work *The Dialectic in Journalism* is an ambitious and comprehensive examination of the forces at work throughout the press The book focuses on two important and timely issues journalistic license and social control or in a larger sense freedom and responsibility What are the just limits of the press Where may libertarians and statists of the press find common ground How do journalists convert the world into the word Merrill places sweeping questions such as these in the context of the Western intellectual tradition Beginning with the Heraclitean observation that reality is constantly changing he traces the development of the dialectic through Plato and Aristotle to Rousseau Spinoza Nietzsche and Hegel Merrill connect these thinkers with many of the problems facing the journalistic community today He uses the Hegelian dialectic to suggest that a moderating force is at work in the contemporary journalism He shows that the tensions created between the concept of freedom of expression and necessity of restraint resolve themselves in a synthesis of social responsibility Readers familiar with Merrill s earlier works will find in this new book the same strong concern for the ethical foundations of journalism *The Dialectic in Journalism* is sufficiently rigorous philosophically that it sustains a close critical reading and yet the general reader will find it straightforward and lucid Journalists will want to read this book to gain new insight into the frequently unexamined philosophy of their trade and the public will profit from a broader understand of the force that plays a central role in shaping our view of the world
