## **Roadkill 1 The Beginning:**

**American Roadkill** Don H. Corrigan, 2021-10-25 Slaughtered along our highways roadkill may be observed regularly but aren't likely to be given much thought. Research scientists, animal rights activists, roadkill artists, writers, ethicists, and lyricists however are increasingly sounding the alarm. They report that we are killing the very animals we love and are driving many of them to the brink of extinction. Detailing the death and destruction of mammals, reptiles, amphibians, and insect pollinators, this study examines the ways in which we are thus jeopardizing our own futures. Beginning in the Model T era, biologists counted the common carnage of the time: cottontails, woodchucks, and squirrels mostly. That record keeping continues today. Beyond the bleak statistics, zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions. This book illuminates both our successes and failures in keeping animals out of harm's way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead.

**Road Kill** Dave Ebert, 2015-04-15 Road Kill: Quest for Freedom bores a window back through time, illuminating an era gone by. The story focuses on a place and the events of a single Motorcycle Club during a period many call The Golden Age of Motorcycle Clubs. The Vietnam War was not the only war fought by these young men. Road Kill fought another war, one that germinated deep inside his soul. This war was spawned by a quest he never fulfills: A Quest for Freedom. And in the end, as this Club looks back, many older members tell their younger Brothers: It's easy to see this was the most phenomenal period in our Clubs' long history.

If you meet George Herbert on the road, kill him Justin Lewis-Anthony, 2013-01-17 Priestly ministry in the Church of England needs a radical rethink. George Herbert died in 1633. His legacy continues. His poems are read and sung, and his parish ministry remains the model for the Church of England's understanding of how and where and why its priests should minister. But there is a problem. The memory of Herbert celebrated by the Church is an inaccurate one, and in its inaccuracy is unfair on Herbert himself and his successors in the ordained ministry. This is a book of the long view. It sets out to assess realistically the context of Herbert's life and to explore the difficulties of parish life today. By examining the status and role of parish clergy since Herbert's time and today, it draws on the work of historians, social anthropologists, psychologists, and theologians and presents their ideas in a readable and passionate style. It argues that the future strength of parochial ministry will be found in a recovery of historic, renewed understandings of priestly ministry and concludes by outlining more sustainable patterns of practice for the future. In a climate of uncertainty for the future of the church, it will be an encouragement for priest and people and welcomed by both.

**Road Kill** Craig Hodge,2011 It has been the best part of 12 years since I investigated a fatal accident and dealt with grieving relatives It has taken me 12 years to have the strength to write about it to put pen to paper and record what has caused me so much grief and anguish So writes Craig Hodge one of Victoria Police s leading investigators of fatal road accidents A police officer for 20 years eight of which he spent with the Accident Investigation Section now the Major Collision Investigation Unit Hodge attended the horrific scenes of more than 350 accidents that resulted in deaths and serious injuries In ROAD KILL Hodge recounts harrowing investigations and details the processes involved in finding out the causes of such tragedies which often led to prosecutions His story is a cautionary tale in which responsible driving messages loom large ROAD KILL also provides a poignant account of the emotional and psychological impact such carnage has on all involved not least of all on investigators like Hodge who struggled at times to find a balance between being sensitive to victims and their families while also trying to remain emotionally detached for his own sanity and wellbeing
