# Roads And Rivals The Political Uses Of Access In The Borderlands Of Asia

**Robert Wirsing**

## **Roads And Rivals The Political Uses Of Access In The Borderlands Of Asia:**

**Roads and Rivals** Mahnaz Z. Ispahani, 1989 In *Roads and Rivals* Mahnaz Ispahani explores the crucial but unacknowledged role that land routes have played in the strategic political and economic evolution of those borderlands. She shows that routes are a pivot around which a regional biography can be written and provides ample evidence for the link between security and development policies of Third World states.

**Roads and Rivals** Mahnaz Z. Ispahani, 1989 **Roads and Rivals** Mahnaz Ispahani, 2019-05-15 Over the past two centuries the borderlands of Central South and West Asia have been transformed from the remote peripheries into areas of intense regional and international interest. In *Roads and Rivals* Mahnaz Ispahani explores the crucial but unacknowledged role that land routes have played in the strategic political and economic evolution of those borderlands.

Infrastructure and the Remaking of Asia Max Hirsh, Till Mostowlansky, 2022-10-31 In the twenty first century infrastructure has undergone a seismic shift from West to East. Once concentrated in Europe and North America, global infrastructure production today is focused squarely on Asia. *Infrastructure and the Remaking of Asia* investigates the deeper implications of that pivot to the East. Written by leading international infrastructure experts, it demonstrates how new roads, airports, pipelines, and cables are changing Asian economies, societies, and geopolitics from the Bosphorus to Beijing and from Indonesia to the Arctic. Ten tightly interwoven case studies powerfully illustrate infrastructure's leading role in three global paradigm shifts: climate change, digitalization, and China's emergence as a superpower. Combining social science methods with mapping techniques from the design professions, *Infrastructure and the Remaking of Asia* establishes a dialogue between academic research on infrastructure and the professional insights of those responsible for infrastructure's planning, production, and operation. By applying that mixed method to transport, energy, telecommunication, and resource extraction projects across Asia, the book synthesizes research on infrastructure from six academic fields while making those insights accessible to a wider audience of students, professionals, and the general public. For links to the open access PDF and EPUB editions, chapter downloads, and detailed information, visit the project website: <https://infrastructureasia.net>

**The Second World** Parag Khanna, 2009-02-10 In *The Second World*, scholar Parag Khanna, chosen as one of Esquire's 75 Most Influential People of the Twenty First Century, reveals how America's future depends on its ability to compete with the European Union and China to forge relationships with the Second World, the pivotal regions of Eastern Europe, Central Asia, South America, the Middle East, and East Asia that are growing in influence and economic strength. Informed, witty, and armed with a traveler's intuition for blending into diverse cultures, Khanna depicts second world societies from the inside out, observing how globalization divides them into winners and losers and shows how China, Europe, and America use their unique imperial gravities to pull the second world countries into their orbits. Along the way, Khanna explains how Arabism and Islamism compete for the Arab soul, reveals how Iran and Saudi Arabia play the superpowers against one another, unmasks Singapore's inspirational role in East Asia, and psychoanalyzes the second world leaders whose

decisions are reshaping the balance of power      **War Or Peace on the Line of Control?** Robert Wirsing,1998

Bibliography on Land-locked States, Economic Development and International Law Martin Ira Glassner,2019-07-23 Now fully revised and expanded this is the only available bibliography on the subject of land lockedness and its effects on economic development Reflecting its expanded title this new edition includes not only updated information on the plight of land locked countries but also their current levels of economic development and their role in international law such as the International Law of the Sea Kyoto Protocol on Greenhouse Gas Emissions and international pipeline agreements The volume lists thousands of primary and secondary source materials for research including books monographs journals governmental reports NGO publications and unpublished materials The book is truly international in scope with listings in 29 languages

**The Ends of the Earth** Robert D. Kaplan,2014-11-12 Author of *Balkan Ghosts* Robert D Kaplan now travels from West Africa to Southeast Asia to report on a world of disintegrating nation states warring nationalities metastasizing populations and dwindling resources He emerges with a gritty tour de force of travel writing and political journalism Whether he is walking through a shantytown in the Ivory Coast or a death camp in Cambodia talking with refugees border guards or Iranian revolutionaries Kaplan travels under the most arduous conditions and purveys the most startling truths Intimate and intrepid erudite and visceral *The Ends of the Earth* is an unflinching look at the places and peoples that will make tomorrow s headlines and the history of the next millennium Kaplan is an American master of travel writing from hell Pertinent and compelling New York Times Book Review An impressive work Most travel books seem trivial beside it Washington Post Book World      *Empires of Ancient Eurasia* Craig Benjamin,2018-05-03 Introduces a crucial period of world history when the vast exchange network of the Silk Roads connected most of Eurasia      **There and Back** Stewart Gordon,2018-01-25 Though

travelling is lauded as a means of enriching our lives the emphasis is generally on the destination rather than the journey Yet throughout human history routes have ferried not just people but books scrolls and art in addition to armies ambassadorial entourages slaves brides and pilgrims The interaction of people on routes generated surprising innovations Through myths memoirs and songs associated with twelve such great routes across five continents historian Stewart Gordon shows how they captured the collective imagination and shaped the expectations of generations of would be travellers      *Making Sense of*

*Pakistan* Farzana Shaikh,2018-11-08 Argues that the decline of Pakistan is deeply entrenched with roots in its original national foundations      Ethno-political Conflict in Pakistan Rizwan Zeb,2019-12-12 This book critically examines the causes of the increase in insurgent violence in Balochistan and explores the relations between the national government of Pakistan and the province of Balochistan Based on historical analysis the book argues that the national government of Pakistan and the leaders of Balochistan both use a standard narrative when dealing with each other According to the Baloch narrative Islamabad exploits Balochistan s natural resources without giving Balochistan its due share and has never accepted and granted Balochistan equal rights The centre s narrative emphasizes the tribal character of the Baloch society and suggests

that the Baloch elite hinder Balochistan's integration with the federation. This book demonstrates that both narratives are inherently flawed and presents a precipitous picture of the problem of insurgent violence. It also shows that the Baloch leadership is divided along tribal lines and lacks a unified voice and proposes that the Baloch elite use the narrative of enduring injustice only as a source of politicization of Baloch ethnicity when an actual or perceived injustice is taking place. An important addition to the literature on ethno-political conflicts, this unique analysis of the importance of narrative in the imagination of political movements will be of interest to scholars in the fields of South Asian studies, ethnic conflicts, separatist and political movements, and Asian politics.

**Kashmir's Untold Story** Iqbal Chand Malhotra, Maroof Raza, 2019-09-18. Why has this state of siege in the Kashmir valley continued for 72 years since the Partition of India? What role has Pakistan played in it all of these years? And will there ever be a resolution to the militancy in the state? How will Islamabad get the forces of Islamic jihad nurtured and based in Pakistan to ever reconcile to the existing boundaries of J K? How important is the ownership of the waters of the rivers of the Indus system for Pakistan despite generous supplies under the Indus Waters Treaty in determining an end to the siege within Kashmir? What are China's interests in J K and how does the success of the China-Pakistan Economic Corridor (CPEC) for oil and gas supplies hinge on Pakistan's occupation of northern areas of Kashmir? Why does the future survival and growth of the Chinese microchip industry depend upon the continuance of China's control of the waters and dams in the Indus river system? *Kashmir's Untold Story* Declassified provides answers to these gripping questions and joins the dots in presenting the matrix of a consistent and compelling argument regarding the future of the state of Jammu and Kashmir. Today the state's water resources are coveted by the beleaguered Chinese microchip industry and it appears that this is going to determine the continuing militancy in the state. Malhotra and Raza argue that China and its client Pakistan will actively back the militancy. Come what may. Delving deeper, the book also reveals amazing insights into the Government of India's policy towards the state right from 1889 when it first imposed central rule and dispossessed the rule of the then Maharaja till date. Owing to its strategic location, the intrigues within the state and the machinations of its neighbours have resulted in the government directly administering its affairs one way or the other for the last 130 years. It is a riveting account of the history of Jammu and Kashmir from the time of its political and geographic consolidation under Maharaja Gulab Singh to present-day India.

*The Frontier Complex* Kyle J. Gardner, 2021-01-21. Kyle J. Gardner reveals the transformation of the historical Himalayan entrepôt of Ladakh into a modern disputed borderland through an examination of rare British Indian Ladakhi and Kashmiri archival sources. In so doing, he provides both a history of the rise of geopolitics and the first comprehensive history of Ladakh's encounter with the British Empire. He examines how colonial border-making practices transformed geography into a political science and established principles that a network of imperial frontier experts would apply throughout the empire and bequeath to an independent India. Through analyzing the complex of imperial policies and practices, *The Frontier Complex* reveals how the colonial state

transformed and was transformed by new ways of conceiving of territory Yet despite a century of attempts to craft a suitable border the British failed The result is an imperial legacy still playing out across the Himalayas **US-Pakistan**

**Relationship** A.Z. Hilali,2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration The book explores the causes of Pakistan s involvement in the Afghanistan war and the United States support to prevent Soviet adventurism It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters it also provided access to its military bases to use against the Soviet Union The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics Furthermore it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan s development towards a progressive moderate and democratic society Ideally suited to courses on foreign policy **Penang and Its Region** Neil Khor,Khoo Salma Nasution,Loh Wei Leng,Yeoh Seng

Guan,2009-01-01 From its beginnings in the late eighteenth century the vibrant colonial port of Penang attracted a diverse range of peoples enabled pioneering commercial enterprises and fomented inter ethnic collaboration and inter cultural borrowings The island came to be known as the Pearl of the Orient and for many travellers it was their first port of call in Southeast Asia In the early nineteenth century Singapore displaced Penang in international trade but the island remained a major focus of regional trade For this reason the story of Penang s relations with the Malay Peninsula and other parts of Southeast Asia reveal a great deal about conditions within the region **New Acquisitions for ...** United States.

Department of State. Library, *Banking on Beijing* Axel Dreher,Andreas Fuchs,Bradley Parks,Austin Strange,Michael J. Tierney,2022-05-05 Explains China s transformation from benefactor to banker in its relationship with developing countries and traces the impacts of this change **The China-Pakistan Axis** Andrew Small,2020 The first book length analysis of an often secretive but mutually beneficial military and strategic partnership **Encyclopedia of the Cold War** Ruud van Dijk,William Glenn Gray,Svetlana Savranskaya,Jeremi Suri,Qiang Zhai,2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short to a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day
