Kasper Anya Kielar Liz Magic Laser Narcissister Alix Pearlstein Aurel Schmidt AL Steiner and W A G E *Folk Art and Modern Culture in Republican China* Felicity Lufkin, 2016-01-21 Folk art is now widely recognized as an integral part of the modern Chinese cultural heritage but in the early twentieth century awareness of folk art as a distinct category in the visual arts was new Internationally intellectuals in different countries used folk arts to affirm national identity and cultural continuity in the midst of the changes of the modern era In China artists critics and educators likewise saw folk art as a potentially valuable resource perhaps it could be a fresh source of cultural inspiration and energy representing the authentic voice of the people in contrast to what could be seen as the limited and elitist classical tradition At the same time many Chinese intellectuals also saw folk art as a problem they believed that folk art as it was promoted superstitious and backward ideas that were incompatible with modernization and progress In either case folk art was too important to be left in the hands of the folk educated artists and researchers felt a responsibility intervene to reform folk art and create new popular art forms that would better serve the needs of the modern nation In the early 1930s folk art began to figure in the debates on social role of art and artists that were waged in the pages of the Chinese press the first major exhibition of folk art was held in Hangzhou and the new print movement claimed the print as a popular artistic medium while for the most part declaring its distance from contemporary folk printmaking practices During the war against Japan from 1937 to 1945 educated artists deployed imagery and styles drawn from folk art in morale boosting propaganda images but worried that this work fell short of true artistic accomplishment and pandering to outmoded tastes The questions raised in interaction with folk art during this pivotal period questions about heritage about the social position of art and the exercise of cultural authority continue to resonate into the present day *Peripheral Vision* Charles Green, 1995 *Peripheral Vision Contemporary Australian Art 1970 1994* is an introduction to the ideas current in Australian art from the 1970s onwards providing a summary of issues that are still in flux The broad narrative of recent visual practice is mapped illuminated by discussions of individual artists and of the events galleries writers and international debates that have played a significant part in the development of recent Australian art The progressive Australian art of the 1970s often deliberately ephemeral and confrontational in nature and as a result often neglected in art museums and histories is reappraised The 1970s work of artists such as Mike Parr Bonita Ely Aleks Danko Domenico de Clario Vivienne Binns and Robert Rooney provides the background against which subsequent developments are discussed In the ensuing decades a diversity of styles media and ideas have flourished coexisting to create the stimulating and complex Australian art scene of today As they did in the 1970s theoretical writings continue to play a large part in raising and elaborating the issues taken up by artists The relevance of postmodern and postcolonial ideas within an Australian context is discussed with reference to local artists including Imants Tillers Juan Davila Susan Norrie Narelle Jubelin Tim Johnson and Pansy Napangati *Peripheral Vision* steers the reader through the fascinating field of recent Australian art with detailed description and analysis of works including paintings photography performances and
