Robe And Sword The Regrouping Of The French Aristocracy After Louis Xiv:

Robe and Sword Franklin Lewis Ford,1953 Robe and Sword Franklin Lewis Ford,1953 **Robe and Sword** Franklin L. Ford,1968 **Robe and Sword** Franklin Lewis Ford,1953 **Rope and Sword the Regrouping of the French Aristocracy After Louis XIV** Franklin L. Ford,1953 *States and Social Revolutions* Theda Skocpol,2015-09-29

State structures international forces and class relations Theda Skocpol shows how all three combine to explain the origins and accomplishments of social revolutionary transformations Social revolutions have been rare but undeniably of enormous importance in modern world history States and Social Revolutions provides a new frame of reference for analyzing the causes the conflicts and the outcomes of such revolutions It develops a rigorous comparative historical analysis of three major cases the French Revolution of 1787 through the early 1800s the Russian Revolution of 1917 through the 1930s and the Chinese Revolution of 1911 through the 1960s Believing that existing theories of revolution both Marxist and non Marxist are inadequate to explain the actual historical patterns of revolutions Skocpol urges us to adopt fresh perspectives Above all she maintains that states conceived as administrative and coercive organizations potentially autonomous from class controls and interests must be made central to explanations of revolutions

Charles-Louis de Secondat, Baron de Montesquieu David Carrithers,2017-07-05 The French philosophe Charles Louis de Secondat Baron de Montesquieu 1689 1755 was a political and social thinker of enormous depth range originality and influence The essays by eminent scholars reprinted in this volume explore significant aspects of his contributions to political constitutional and religious thought during the epoch of the French Enlightenment Topics highlighted include his Persian Letters 1721 his history of Rome 1734 and the views he expressed in The Spirit of Laws 1748 on natural law forms of government English constitutionalism religion commerce international relations and the philosophy of history Supplemented by a detailed introduction that contextualizes the papers selected for this volume as well as an extensive bibliography this work serves as an authoritative reference to the best scholarship on Montesquieu s political thought The volume is edited and introduced by David W Carrithers Adolph Ochs Professor of Government at the University of Tennessee at Chattanooga and author of numerous publications on Montesquieu

Exile, Imprisonment, Or Death Julian Swann,2017 On the accession of Louis XIII in 1610 following the assassination of his father the Bourbon dynasty stood on unstable foundations For all of Henri IV s undoubted achievements he had left his son a realm that was still prey to the ambitions of an aristocracy that possessed independent military force and was prepared to resort to violence and vendetta in order to defend its interests and honour To establish his personal authority Louis XIII was forced to resort to conspiracy and murder and even then his authority was constantly challenged Yet a little over a century later as the reign of Louis XIV drew to a close such disobedience was impossible Instead a simple royal command expressing the sovereign s disgrace was sufficient to compel the most powerful men and women in the kingdom to submit to imprisonment or internal exile without a trial or an opportunity to justify their conduct abandoning their normal

lives leaving families careers offices and possessions behind in obedience to their sovereign To explain that transformation this volume examines the development of this new politics of disgrace why it emerged how it was conceptualised the conventions that governed its use and reactions to it not only from the perspective of the monarch and his noble subjects but also the great corporations of the realm and the wider public Although that new model of disgrace proved remarkably successful influencing the ideas and actions of the dominant social elites it was nevertheless contested and the critique of disgrace connects to the second aim of this work which is to use shifting attitudes to the practice as a means of investigating the nature of Old Regime political culture and some of the dramatic and profound changes it experienced in the years separating Louis XIII s dramatic seizure of power from the French Revolution *The Parlement of Paris After the Fronde, 1653-1673* Albert N. Hamscher, 2010-11-23 This book assesses how and to what extent the governments of Cardinal Mazarin and Louis XIV controlled the Parlement of Paris in the two decades after the civil wars known as the Fronde The history of this prestigious court of law bears directly on the broader issue of the growth of royal absolutism Few historians have examined the resurgence of royal authority after the Fronde from the vantage point of traditional institutions and no other scholarly work deals extensively with the activities of Parlement during this controversial period This study reveals the methods achievements and limitations of absolutism associated with the Sun King The book investigates the impact of royal policies on the way the judges acquired and transmitted their posts the sources of their wealth the social composition of their court and their judicial and administrative authority Parlement s political activities and its conflicts with the crown over issues of judicial financial and religious importance also receive thorough treatment The author s extensive archival research indicates that many widely held assumptions about declining importance of Parlement after the civil war are unwarranted Although Parlement s political activities gradually declined this transformation was neither as complete nor as irreversible as historians have asserted Parlement retained some voice in affairs of state and most of the administrative machinery it could employ to oppose royal policy remained intact Moreover the crown failed to attack the sources of parlementaire wealth and the judges freely enhanced their court s status as a social corporation *Images of Kingship in Early Modern France* Adrianna E. Bakos, 2013-07-23 Louis XI known as The Spider King because he wove many intricate plots lives on in popular imagination primarily as a villain and a cruel cunning rather unscrupulous character Absolutists fled to his banner whilst constitutionalists reviled him as a rapacious totalitarian murderer In *Images of Kingship in Early Modern France* Adrianna Bakos uses the changing nature of Louis XI s historical reputation to explore the intellectual and political climate of early modern France Using Louis XI s historical reputation as a prism for fresh investigation Adrianna Bakos offers new more complex interpretations of the ideological landscape of early modern France *Images of Kingship in Early Modern France* is an important contribution to European historiography and to debates on historical versus political interpretations of Kingship *The Production, Distribution and Readership of a Conservative Journal of the Early French Revolution* Harvey

Chisick,1992 Harvey Chisick wrote this study after he came across the documents that form the heart of this study the subscription lists to the the newspaper the Ami du Roi by accident while working on a a comparative study of the Anne Litteraire The Short Unhappy The Production The Office of the Ami du Roi as a Center for the Dissemination of Pamphlet Literature The Subscribers to the Ami du Roi Geographical Distribution Gender The Subscribers of the Ami du Roi Status The Enlightenment Classification of Subscribers to the Ami du Roi Bibliography **The Parisian Order of Barristers and the French Revolution** Michael P. Fitzsimmons,1987 This investigation not only revises what historians have long thought of the attitude of barristers toward the French Revolution but also offers insights into the corporate character of Old Regime society and how the Revolution affected it Fitzsimmons s study suggests that many propertied commoners during the Revolution were not politically engaged that they were not necessarily associated with a party or cause simply because of their place within a set of social relationships Status, Authority and Regional Power Jane Martindale,2024-10-28 This volume contains articles covering the centuries between the establishment of Carolingian power in Western Europe and the expansion of the Anglo Norman and Angevin Empire within the French kingdom of the Capetians The common underlying themes of these papers are the exercise of political power and the social position and resources of those who wielded power Aquitaine provides the focus for papers on regional government individual rulers and members of the aristocracy men and some women The most important of the women considered is Eleanor of Aquitaine The political and economic problems which confronted Carolingian kings of this region are discussed and the later contribution of the secular ruler duke prince and count to the peace movement and peace in Aquitaine is reviewed Two articles of wide scope discuss the character of the French aristocracy in the earlier middle ages and consider connections between the acquisition of power and family inheritance patterns The text of a Latin Conventum of the 11th century is printed with a new translation into English while an especially written paper offers revised interpretations of this text which has recently attracted much attention from historians **Revolution** Rosemary H. T. O'Kane,2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more

Boulainvilliers and the French Monarchy Harold A. Ellis,2019-05-15 Suspicious of the French monarchy and scornful of the new elites that served it Henri de Boulainvilliers 1658 1722 has been considered one of the Old Regime s paradigmatic aristocratic reactionaries a founder of modern racist theory Some scholars however have admired his constitutionalism and judged him a progenitor of an enlightened aristocratic liberalism now commonly held to have been a major force in shaping the ideology of the French Revolution In a close contextual study of the writings of this enigmatic pivotal thinker Harold A Ellis persuasively rethinks both images of Boulainvilliers finding him a controversialist who interpreted French history as a

self consciously political writer seeking to address an emergent political public

Bibliography of European Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1984 A reference guide to the literature in English for teachers and students of modern European economic and social history The bibliography covers writings on the period 1700 to 1939 and includes most of the literature published in the 20th century and a small selection of still important earlier 19th century writings The selection is confined largely to books and articles and each entry includes date of publication publisher and place of publication in the case of books and the volume number and year of publication for articles Geographically the volume encompasses the whole of continental Europe including Turkey Distributed in the US and Canada by St Martin's Press Annotation copyright by Book News Inc Portland OR

Enlightened Bureaucracy Versus Enlightened Despotism in Baden, 1750-1792 Helen P. Liebel, 1965 This is a print on demand edition of an important hard to find publication

Imagined Histories Anthony Molho, Gordon S. Wood, 2018-06-05 This collection of essays by twenty one distinguished American historians reflects on a peculiarly American way of imagining the past At a time when history writing has changed dramatically the authors discuss the birth and evolution of historiography in this country from its origins in the late nineteenth century through its present more cosmopolitan character In the book's first part concerning recent historiography are chapters on exceptionalism gender economic history social theory race and immigration and multiculturalism Authors are Daniel Rodgers Linda Kerber Naomi Lamoreaux Dorothy Ross Thomas Holt and Philip Gleason The three American centuries are discussed in the second part with chapters by Gordon Wood George Fredrickson and James Patterson The third part is a chronological survey of non American histories including that of Western civilization ancient history the middle ages early modern and modern Europe Russia and Asia Contributors are Eugen Weber Richard Saller Gabrielle Spiegel Anthony Molho Philip Benedict Richard Kagan Keith Baker Joseph Zizak Volker Berghahn Charles Maier Martin Malia and Carol Gluck Together these scholars reveal the unique perspective American historians have brought to the past of their own nation as well as that of the world Formerly writing from a conviction that America had a singular destiny American historians have gradually come to share viewpoints of historians in other countries about which they write The result is the virtual disappearance of what was a distinctive American voice That voice is the subject of this book
