**Proust's Latin Americans** Rubén Gallo, 2014-07-15 The first discussion of Proust's circle of Latin American friends, lovers, and literary models. Part biography, part cultural history, part literary study. Rubén Gallo's book explores the presence of Latin America in Proust's life and work. The novelist lived in an era shaped by French colonial expansion into the Americas just before his birth. Napoleon III installed Maximilian as emperor of Mexico, and during the 1890s France was shaken by the Panama Affair, a financial scandal linked to the construction of the canal in which thousands of French citizens lost their life savings. It was in the context of these tense Franco-Latin American relations that the novelist met the circle of friends discussed in Proust's *Latin Americans*: the composer Reynaldo Hahn, Proust's Venezuelan lover Gabriel de Yturri, an Argentinean dandy, José María de Heredia, a Cuban poet and early literary model, Antonio de La Gandara, a Mexican society painter, and Ramon Fernandez, a brilliant Mexican critic turned Nazi sympathizer. Gallo discusses the correspondence, some of it never before published, between the novelist and this heterogeneous group, and also presents insightful readings of *In Search of Lost Time* that posit Latin America as the novel's political unconscious. Proust's speculation with Mexican stocks informed his various fictional passages devoted to financial transactions, and the Panama Affair shaped his understanding of the conquest of America. In a little-known early text, Proust's *Latin Americans* will be of interest to scholars of modernism, French literature, Proust studies, gender studies, and Latin American studies.

**Chinese Songs in a French Key** Pauline Yu, 2025-08-19 In early 1867 a book of poems stunned the French literary world. Titled *The Book of Jade*, it featured Chinese calligraphy and named ancient Chinese poets as sources, leaving readers uncertain whether the collection was a translation or a French author's invention. Though the book was published under a pseudonym, the author was quickly recognized as Judith Gautier, the young daughter of a prominent writer. Resembling neither contemporary French verse nor any conventional translation of the day, *The Book of Jade* opened the eyes of readers throughout Europe to classical Chinese poetry. *Chinese Songs in a French Key* tells the extraordinary story of the birth, rebirth, and rich afterlife of *The Book of Jade*. Pauline Yu traces the research and creative process behind the book, including Gautier's collaboration with a Chinese refugee known as Tin Tun Ling. She shows, through juxtapositions with original Chinese texts, how Gautier's imaginative strategies conveyed core elements of Chinese poetry to a European audience. Yu explores how the work's influence reverberated across French letters, Anglo-American modernist poetry, and the international history of translation. The story also unfolds within Gautier's network of luminaries, such as Victor Hugo, Richard Wagner, and John Singer Sargent, and against the backdrop of France's discovery of China through scholarship and plunder. Drawing attention to Gautier's audacity and accomplishments, this deeply researched and elegantly written book provides new perspectives on the surprising routes cultural transmission can take.
