**1960** Al Filreis, 2021-10-26 In 1960 when World War II might seem to have been receding into history a number of artists and writers instead turned back to it They chose to confront the unprecedented horror and mass killing of the war searching for new creative and political possibilities after the conservatism of the 1950s in the long shadow of genocide Al Filreis recasts 1960 as a turning point to offer a groundbreaking account of postwar culture He examines an eclectic group of artistic literary and intellectual figures who strove to create a new language to reckon with the trauma of World War II and to imagine a new world Filreis reflects on the belatedness of this response to the war and the Holocaust and shows how key works linked the legacies of fascism and antisemitism with American racism In grappling with the memory of the war he demonstrates artists reclaimed the radical elements of modernism and brought forth original ideas about testimony to traumatic history 1960

**Poet** Melissa Bradshaw, 2011 Bradshaw uses theories of the diva and female celebrity to account for Lowell's extraordinary literary influence in the early twentieth century and the dismissal of her work after her death Drawing on a rich array of letters memoirs newspapers and periodicals but eschewing the biographical interpretations of her poetry that have often characterized criticism on Lowell Bradshaw restores Lowell to her rightful place as a powerful writer and impresario of modernist verse **Jean Stafford** Charlotte Margolis Goodman, 2013-11-04 One of America's best short story writers and

author of three fine novels *Boston Adventure* 1944 *The Mountain Lion* 1947 and *The Catherine Wheel* 1952 Jean Stafford has been rediscovered by another generation of readers and scholars Although her novels and her Pulitzer Prize winning short stories were widely read in the 1940s and 1950s her fiction has received less critical attention than that of other distinguished contemporary American women writers such as Carson McCullers Flannery O'Connor and Eudora Welty In this literary biography Charlotte M Goodman traces the life of the brilliant yet troubled Jean Stafford and reassesses her importance Drawing on a wealth of original material Goodman describes the vital connections between Stafford's life and her fiction She discusses Stafford's difficult family relationships her tempestuous first marriage to the poet Robert Lowell her unresolved conflicts about gender roles her alcoholism and bouts with depression and her amazing ability to transform the chaotic details of her life into elegant works of fiction These wonderfully crafted works offer insightful portraits of alienated and isolated characters most of whom exemplify not only human estrangement in the modern world but also the special difficulties of girls and women who refuse to play traditional roles Goodman locates Jean Stafford within the literary world of the 1940s and 1950s In her own right and through her marriages to Robert Lowell Life magazine editor Oliver Jensen and journalist A J Liebling Stafford associated with many of the major literary figures of her day including the Southern Fugitives the New York intellectual coterie and writers for the New Yorker to which she regularly contributed short stories Goodman also describes Stafford's sustaining friendships with other women writers such as Evelyn Scott and Caroline Gordon and with her New Yorker editor Katharine S White This highly readable biography will appeal to a wide audience interested in twentieth century literature and the writing of women's lives **The Fugitive Legacy** Charlotte H. Beck, 2001-01-01

Previously the protagonists of John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren have received considerable scholarly attention only as individuals or in relation to small groups of close knit writers within single literary genres Now for the first time this far ranging group of accomplished writers is united as part of a larger phenomenon the Fugitive legacy which has extended its influence far beyond the parameters of southern literature In *The Fugitive Legacy* Charlotte H Beck demonstrates the strong influence of the Nashville Fugitives as teachers editors and mentors by examining the extraordinary impact on American letters of the critics poets and fiction writers whom they taught or sponsored By treating the careers of these brilliant authors as a single chapter in literary history Beck makes an invaluable contribution to the understanding of southern literature The cultural importance of the Fugitives has too often been confused with the narrow politics of Agrarianism and relegated to a reactionary piety for regionalism and dead tradition *The Fugitive Legacy* fills a void in southern literary theory by revealing the resounding echo of this group's voice in modern American literature

**Pursuing Privacy in Cold War America** Deborah Nelson, 2001-12-26 *Pursuing Privacy in Cold War America* explores the relationship between confessional poetry and constitutional privacy doctrine both of which emerged at the end of the 1950s While the public declarations of the Supreme Court and the private declamations of the lyric poet may seem unrelated

both express the upheavals in American notions of privacy that marked the Cold War era Nelson situates the poetry and legal decisions as part of a far wider anxiety about privacy that erupted across the social cultural and political spectrum during this period She explores the panic over the death of privacy aroused by broad changes in postwar culture the growth of suburbia the advent of television the popularity of psychoanalysis the arrival of computer databases and the spectacles of confession associated with McCarthyism Examining this interchange between poetry and law at its most intense moments of reflection in the 1960s 70s and 80s Deborah Nelson produces a rhetorical analysis of a privacy concept integral to postwar America s self definition and to bedrock contradictions in Cold War ideology Nelson argues that the desire to stabilize privacy in a constitutional right and the movement toward confession in postwar American poetry were not simply manifestations of the anxiety about privacy Supreme Court justices and confessional poets such as Anne Sexton Robert Lowell W D Snodgrass and Sylvia Plath were redefining the nature of privacy itself Close reading of the poetry alongside the Supreme Court s shifting definitions of privacy in landmark decisions reveals a broader and deeper cultural metaphor at work

Penn Warren Randall Jarrell and Robert Lowell maintained lifelong well documented friendships with one another often discussing each other's work in private correspondence and published reviews Joan Romano Shifflett's *Warren Jarrell and Lowell Collaboration in the Reshaping of American Poetry* traces the artistic and personal connections between the three writers Her study uncovers the significance of their parallel literary development and reevaluates dominant views of how American poetry evolved during the mid twentieth century Familiar accounts of literary history most prominently the celebration of Lowell's *Life Studies* as a revolutionary breakthrough into confessional poetry have obscured the significance of the deep connections that Lowell shared with Warren and Jarrell They all became quite close in the 1930s with the content and style of their early poetry revealing the impact of their mentors John Crowe Ransom and Allen Tate whose aesthetics the three would ultimately modify and transform The three poets achieved professional maturity and success in the 1940s during which time they relied on one another's honest critiques as they experimented with changes in subject matter and modes of expression Shifflett shows that their works of the late 1940s were heavily influenced by Robert Frost This period found Warren Jarrell and Lowell infusing ostensibly simple verse with multifaceted layers of meaning capturing the language of speech in diction and rhythm and striving to raise human experience to a universal level During the 1950s the three poets became public figures producing major works that addressed the nation's postwar need to reconnect with humanity Warren Jarrell and Lowell continued to respond in interlocking ways throughout the 1960s with each writer using innovative stylistic techniques to create a colloquy with readers that directed attention away from superficial matters and toward the important work of self reflection Drawing from biographical materials and correspondence along with detailed readings of many poems *Warren Jarrell and Lowell* offers a compelling new perspective on the shaping of twentieth century American poetry
