Robert Redford Dr. Donald A. Reed,1975

Robert Redford and American Cinema Michael Allen,2021-03-25

Michael Allen's insightful study explores the long and diverse career of the actor and director Robert Redford from his early work in theatre and TV to his contemporary status as an iconic and enduring star. Allen assesses Redford's importance to the American film industry during a period of great transformation as an influential industry player, an award-winning director, and a committed political activist. Allen considers Redford's individual achievements in the context of shifts and changes in the industry as a whole, some of which benefited Redford's own progress and development, some which he engineered himself, as well as discussing Redford's star persona in relation to ageing and masculinity. *Catalog of Copyright Entries. Korean War Filmography Robert J. Lentz,2016-05-01

The Korean experience changed the way Americans viewed war. The lack of a clear-cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause. This filmography details more than 90 English language films. Each entry includes complete cast and credit listings, a plot synopsis, evaluation, review snippets, and notice of video availability. This book places each film in its historical context, assesses the essential truthfulness of each film, and evaluates its entertainment value and discusses how and why Korean War films differ from other Hollywood war genres. Four appendices list the films by chronology, production company, and studio level of historical accuracy and subject and theme. Additional appendices list films with incidental references to the Korean War documentaries on the Korean War and South Korean films about the war. Photographs, a bibliography, and an index are included. *Film Study* Frank Manchel,1990

The four volumes of *Film Study* include a fresh approach to each of the basic categories in the original edition. Volume three draws on the history of film.

The Film Book Bibliography, 1940-1975 Jack C. Ellis,Charles Derry,Sharon Kern,1979

Subject-organised listing of books published in English between 1940 and 1975 which deal with the various aspects of the motion picture. Includes monographs and unpublished doctoral dissertations.
