Robert Drury's Journal And Other Studies:

Robert Drury's Journal and Other Studies Arthur W. Secord, 2013-10 This is a new release of the original 1961 edition
Robert Drury's Journal and Other Studies Arthur Wellesley Secord, 1961 **A General History of the Pirates** Daniel Defoe, 2012-05-11 Considered the major source of information about piracy in the early 18th century this fascinating history by the author of Robinson Crusoe profiles the deeds of Edward Blackbeard Teach Captain Kidd Anne Bonny others **Joyce Studies Annual 2017** Philip T. Sicker, Moshe Gold, 2017-01-18 An indispensable resource for scholars and students of James Joyce Joyce Studies Annual gathers essays by foremost scholars and emerging voices in the field *The Riddle of the Ruthvens and Other Studies* William Roughead, 1919 **Lords and Lemurs** Alison Jolly, 2004 Chronicles the rich human plant and animal diversity of this Isle off the East Coast of Africa home to lemurs unusual reptiles and other creatures more at home in mythology than natural science Race Traffic Gunther Peck, 2024-12-10 Fantasies of white slavery and the narratives of victimhood they spawn form the foundation of racist ideology They also obscure the lived experience of trafficked servants and sailors in the seventeenth and eighteenth centuries Gunther Peck moves deftly between the Atlantic and Mediterranean worlds to discover where and when people with light skin color came to see themselves as white Separating fact from fiction and paying close attention to the ideological work each performs Peck shows how laboring women and men leveraged their newfound whiteness to secure economic opportunity and political power Peck argues that whiteness emerged not as a claim of racial superiority but as a byproduct of wide ranging and rancorous public debate over trafficking and enslavement Even as whiteness became a legal category that signaled privilege trafficking and race remained tightly interwoven Those advocating for the value of whiteness invoked emotionally freighted victimhood claiming that so called white slavery was a crime whose costs far exceeded those associated with the enslavement of African peoples across the Americas Peck helps us understand the chilling history that produced the racist ideology that still poisons our politics in the present day *Shipwrecks of Madagascar* Pierre Van den Boogaerde, 2011-04-12 There are more than one hundred shipwrecks off the coast of Madagascar These are the stories from ancient to modern times Daniel Defoe Paula R. Backscheider, 2021-10-21 In this book Paula Backscheider considers Daniel Defoe's entire canon as related developing and in close dynamic relationship to the literature of its time In so doing she revises our conception of the contexts of Defoe's work and reassesses his achievement and contribution as a writer By restoring a literary context for modern criticism Backscheider argues the intensity and integrity of Defoe's artistic ambitions demonstrating that everything he wrote rests solidly upon extensive reading of books published in England his understanding of the reading tastes of his contemporaries and his engagement with the issues and events of his time Defoe the dedicated professional writer and innovator emerges with a new wholeness and certain of his novels assume new significance Defoe's literary status continues to be debated and misunderstood Even critical studies of the novel often begin with Richardson rather than Defoe By moving from Defoe's

poetry pamphlets and histories to the novels Backscheider offers an argument for the thematic and stylistic coherency of his oeuvre and for a recognition of the dominant place he held in shaping the English novel For example Defoe deserves to be recognized as the true originator of the historical novel for three of his fictions are deeply engaged with just those conceptual and technical issues common to all later historical fiction And Roxana now appears as Defoe's deliberate attempt to enter the fastest growing market for fiction that for women readers What have been powerfully significant for the history of the novel then are the very characteristics of his writing that have been held against his literary stature its contemporaneity its mixed and untidy form its formal realism its concentration on the life of an individual and its probing of the individual's psychological interaction with the empirical world making that world representative even as it is referential It is exactly these characteristics most original prominent and subsequently imitated in Defoe's fiction that define the form we call novel

The Novels of Daniel Defoe, Part I Vol 4 W R Owens, P N Furbank, G A Starr, N H Keeble, 2017-09-29 Daniel Defoe is known as the father of the English novel This is the modern critical edition of Defoe's novels It brings together all three parts of Robinson Crusoe and examines their relationship The editorial material includes an introduction to each novel explanatory endnotes textual notes and a consolidated index in volume 10 Defoe's Early Life F. Bastian, 1981-06-18 *Imagining War and Peace in Eighteenth-Century Britain, 1690-1820* Andrew Lincoln, 2023-11-23 Ranging over political moral religious artistic and literary developments in eighteenth century Britain Andrew Lincoln explains in a clear and engaging style how the civilizing process and the rise of humanitarianism far from inhibiting war helped to make it acceptable to a modern commercial society In a close examination of a wide variety of illuminating examples he shows how criticism of the terrible effects of war could be used to promote the nation's war making His study explores how ideas and methods were developed to provide the British public with moral insulation from the overseas violence they read about and from the dire effects of war they encountered at home It shows too how the first campaigning peace society while promoting pacificism drew inspiration from the prospects opened by imperial conquest This volume is an important and timely call to rethink how we understand the cultural and moral foundations of imperial Britain *Comic Romance* Paul Scarron, 2018-01-01 Paul Scarron's masterpiece The Comic Romance recounts the adventures of a troupe of provincial itinerant actors skilfully weaving comic anecdotes of their amorous exploits and the central love story between Leandre and his beloved Angelique into a rich and realistic tapestry depicting rural France **Historical Archaeology** Pedro Paulo A. Funari, Martin Hall, Sian Jones, 2013-03-07 Historical Archaeology demonstrates the potential of adopting a flexible encompassing definition of historical archaeology which involves the study of all societies with documentary evidence It encourages research that goes beyond the boundaries between prehistory and history Ranging in subject matter from Roman Britain and Classical Greece to colonial Africa Brazil and the United States the contributors present a much broader range of perspectives than is currently the trend **Mfecane Aftermath** Carolyn Hamilton, Thomas Dowson, Elizabeth Eldredge, Norman Etherington, Jan-Bart

Gewald, Simon Hall, Guy Hartley, Margaret Kinsman, Andrew Manson, John Omer-Cooper, Neil Parsons, Jeff Peires, Christopher Saunders, Alan Webster, John Wright, Dan Wylie, 1995-01-01 The idea that the period of social turbulence in the nineteenth century was a consequence of the emergence of the powerful Zulu kingdom under Shaka has been written about extensively as a central episode of southern African history Considerable dynamic debate has focused on the idea that this period the mfecane left much of the interior depopulated thereby justifying white occupation One view is that the time of troubles owed more to the Delagoa Bay Slave trade and the demands of the labour hungry Cape colonists than to Shaka s empire building But is there sufficient evidence to support the argument The Mfecane Aftermath investigates the very nature of historical debate and examines the uncertain foundations of much of the previous historiography **Robinson Crusoe (Routledge Revivals)** Pat Rogers, 2014-05-01 First published in 1979 this title presents the basic facts and the background information needed by a modern reader of Robinson Crusoe as well as a careful exploration of the structure and style of the work itself Pat Rogers pays particular attention to the book s composition and publishing history the critical history surrounding it from 1719 onwards and the contemporary context of geographical discovery colonialism and piracy as well as more controversial areas of interpretation A wide ranging and practical reissue this study will be of value to literature students with a particular interest in the critical interpretation of Robinson Crusoe as well as the novel s place in the context of Defoe s career

Defoe's Fiction Ian A. Bell, 2021-12-16 First published in 1985 Defoe s Fiction explores Defoe s work by considering it in the context of its genre The book highlights the difficulty of placing Defoe s fiction in the most appropriate context due to it being aimed primarily at a popular market in contrast to the more literary productions of Pope Swift or Addison It also comments on the trend of focusing on Defoe s irony or emphasising his mimetic power In doing so it seeks to explain rather than judge Defoe s achievement by looking at his whole body of work in the context of its genre Defoe s Fiction will appeal to those with an interest in Defoe comparative literature and the history of literary criticism *Caught between Worlds* Joe Snader, 2021-10-21 The captivity narrative has always been a literary genre associated with America Joe Snader argues however that captivity narratives emerged much earlier in Britain coinciding with European colonial expansion the development of anthropology and the rise of liberal political thought Stories of Europeans held captive in the Middle East America Africa and Southeast Asia appeared in the British press from the late sixteenth through the late eighteenth centuries and captivity narratives were frequently featured during the early development of the novel Until the mid eighteenth century British examples of the genre outpaced their American cousins in length frequency of publication attention to anthropological detail and subjective complexity Using both new and canonical texts Snader shows that foreign captivity was a favorite topic in eighteenth century Britain An adaptable and expansive genre these narratives used set plots and stereotypes originating in Mediterranean power struggles and relocated in a variety of settings particularly eastern lands The narratives rhetorical strategies and cultural assumptions often grew out of centuries of religious strife and coincided with Europe s early modern

military ascendancy Caught Between Worlds presents a broad rich and flexible definition of the captivity narrative placing the American strain in its proper place within the tradition as a whole Snader having assembled the first bibliography of British captivity narratives analyzes both factual texts and a large body of fictional works revealing the ways they helped define British identity and challenged Britons to rethink the place of their nation in the larger world **Philological Quarterly** ,1963 *Travel Literature and the Evolution of the Novel* Percy G. Adams,2014-07-15 Although much has been written about how the novel relates to the epic the drama or autobiography no one has clearly analyzed the complex connections between prose fiction as it evolved before 1800 and the literature of travel which by that date had a long and colorful history Percy Adams skilfully portrays the emergence of the novel in the fiction of the seventeenth and eighteenth centuries and traces in rich detail the history of travel literature from its beginnings to the time of James Cook contemporary of Richardson and Fielding And since the recit de voyage and the novel were then so international he deals throughout with all the literatures of Western Europe one of the book s chief themes being the close literary ties among European nations Equally important in the present study is its demonstration that just as early travel accounts were often a combination of reporting and fabrication so prose fiction is not a dichotomy to be divided into the adult novel on the one hand and the childish romance on the other but an ambivalence the marriage of realism and romanticism *Travel Literature and the Evolution of the Novel* not only shows the novel to be amorphous and changing it also proves impossible the task of defining the recit de voyage with its thousand forms and faces Often the two types of literature are almost indistinguishable even before Don Quixote Adams writes many travel accounts could have been advertised as having the endless fascination of a wonderfully observed novel This study by Percy Adams will both modify opinions about the novel and its history and provide an excellent introduction to the travel account a form of literature too little known to students of belles lettres

Immerse yourself in heartwarming tales of love and emotion with Explore Love with is touching creation, **Robert Drurys Journal And Other Studies** . This emotionally charged ebook, available for download in a PDF format (*), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.
